French Autobiography Nicolae Alexandru Virastau, 2021-04-06 This book offers a survey of the constitution of the French memoir tradition and explores in detail the works of four representative authors Philippe de Commynes Louise de Savoie Philippe de Cheverny and François de Bassompierre Works of self writing were usually printed under the title of memoirs and have been often considered a uniform genre These early forms of self writing were in fact highly heterogeneous works at the crossroads of multiple genres from the account book to the astrological diary Their writing printing and circulation challenge modern notions of autobiographical genres their authorship is often questionable and collective and they tended to be compiled in large collections for political ends without regard to the authors intention Library of Congress Subject Headings Library of Congress. Staging Favorites approaches these dramas about favorites from a wider European point of view and performs comparative analyses of a number of plays including *La paciencia en la fortuna* *Le Favori* ou *la Coquette* and *Sejanus His Fall* and adds new detail and differentiation to the early modern perception and representation of the royal favorite This book will appeal to scholars and students interested in early modern literature history of theater and cultural history **Library of Congress**
