Courtesans The Demi Monde In Nineteenth:

The Courtesans Joanna Richardson, 2000 In Second Empire Paris there were a dozen courtesans who were generally known as la garde they were the finest of their profession the women with whom visiting princes thought it essential to be seen This book presents Parisien courtesans during their golden age when their profession was held in high regard **The Courtesans** Joanna Richardson, 1967 **Parisian Music-hall Ballet, 1871-1913** Sarah Gutsche-Miller, 2015 This pioneering study of ballets staged in Parisian music halls brings to light a vibrant dance culture central to the renewal of French choreography at the fin de siècle Skittles: the Last Victorian Courtesan Henry Blyth, 1970

Reflections/Women/Antiquity Foley, 2013-01-11 Published in the year 1981 Reflections of Women in Antiquity is a valuable contribution to the field of Performance **The Invention of the Model** Susan Waller, 2017-07-05 Although mastery of the representation of the human figure was central to art making as early as the fifteenth century in Europe in the nineteenth century French imagination the artist's model became identified as a distinct social type and cultural trope This study of the artist's model in Paris between 1830 and 1870 incorporates three histories a social history of professional models a cultural history of models as social types and an art history of representations of the model in elite and popular visual culture It takes as its starting point the artist model transaction demonstrating that stereotypes of the model that figured in the public imagination were framed both by gender and ethnicity the book develops a nuanced typology of different types of models Interwoven with the analysis of the constructed identities of models are accounts of the lives of particular models and the histories of the urban population groups from which they emerged *The Invention of the Model Artists and Models in Paris 1830 1870* is an adept exploration of a major issue in nineteenth century art which will be of interest not only to art historians but also to social and French cultural historians *Lost Bodies: Prostitution and Masculinity in Chinese Fiction* Paola Zamperini, 2010-06-28 This important contribution to the study of early modern Chinese fiction and representation of gender relations focuses on literary representations of the prostitute produced in the Ming and Qing periods Following her heavily symbolic body the present work maps this fictional heroine's journey from innocence to sex work and beyond This crucial angle allows the author to paint a picture of gender identity sexuality and desire that is at once unitary and multi layered and that comes to illuminate some of the major themes in the construction of Chinese modernity **The Showgirl Costume** Jane Merrill, 2018-12-17 Fashion is synonymous with change yet the iconic showgirl costume feathers sparkle and revealing clothes has remained largely unchanged since the early 20th century Beginning in the 1800s a couture of the risqué evolved from Paris nightclubs to Las Vegas casinos The concept of glamour itself was based on what Parisian courtesans and burlesque performers wore A tall pretty girl with headless nude core with spangles high heels and dramatic makeup became a Gallic symbol and later the trademark of Hollywood musicals France exported costumes and millinery as well as whole productions from the Moulin Rouge the Lido and Folies Bergere to the U S and the

world More recently cabaret styling has translated into today s day sport and evening clothes

Writing with a Vengeance Carol A. Mossman,2009-01-01 Writing with a Vengeance examines the life and works of a nineteenth century French courtesan C leste V nard later the Countess de Chabrillan A notorious Paris courtesan Chabrillan married into the nobility taught herself to write penning two series of memoirs and upon being widowed wrote novels to support herself ten between 1857 and 1885 These novels and memoirs constitute exceptional literary and historical documents particularly as very few sex workers before the twentieth century have left written records of their lives Writing with a Vengeance intertwines the courtesan s autobiographical account of the horrors of her life on the streets with that era s political medical and cultural discourses surrounding prostitution Though French society both silenced and refused to pardon the prostitute Carol Mossman s literary analysis of Chabrillan s novels contends that it is through the process of writing itself that she arrived at self forgiveness and ultimately refashioned for her damaged self a new identity and narrative

The Life of the City Julian Brigstocke,2016-03-03 Could the vitality of embodied experience create a foundation for a new form of revolutionary authority The Life of the City is a bold and innovative reassessment of the early urban avant garde movements that sought to re imagine and reinvent the experiential life of the city Constructing a ground breaking theoretical analysis of the relationships between biological life urban culture and modern forms of biopolitical experiential authority Julian Brigstocke traces the failed attempts of Parisian radicals to turn the crisis of authority in late nineteenth century Paris into an opportunity to invent new forms of urban commons The most comprehensive account to date of the spatial politics of the literary artistic and anarchist groups that settled in the Montmartre area of Paris after the suppression of the 1871 Paris Commune The Life of the City analyses the reasons why laughter emerged as the unlikely tool through which Parisian bohemians attempted to forge a new non representational biopolitics of sensation Ranging from the carnivalesque performances of artistic cabarets such as the Chat Noir to the laughing violence of anarchist terrorism The Life of the City is a timely analysis of the birth of a carnivalesque politics that remains highly influential in contemporary urban movements

Lustful Appetites Rachel Hope Cleves,2024-11-18 We take the edible trappings of flirtation for granted chocolate covered strawberries and romance oysters on the half shell and desire the eggplant emoji and a suggestive wink But why does it feel so natural for us to link food and sexual pleasure Rachel Hope Cleves explores the long association between indulging in good food and an appetite for naughty sex from the development of the Parisian restaurant as a place for men to meet with prostitutes and mistresses to the role of sexual outlaws like bohemians new women lesbians and gay men in creating epicurean culture in Britain and the United States Taking readers on a gastronomic journey from Paris and London to New York Chicago and San Francisco Lustful Appetites reveals how this preoccupation changed the ways we eat and the ways we are intimate while also creating stigmas that persist well into our own twenty first century
