**Romance** Raechel Donahue,1995-01-01      *Romance* ,1995      **The Golden Rules of Marriage** Hugo Rodriguez,2012

It was good to see another book from this talented author and I enjoyed reading *The Golden Rules of Marriage* The book is a thought provoking and knowledgeable read from start to finish Written by a psychologist the work explains why marriage counselling has not been effective and shows the reasons The book focuses on profiting from differences rather than trying to solve them and the crucial role that thoughts play in determining one's attitude Using some ancient wisdom the work contains a five week program with practical strategies that a couple can complete at home It explains what true love is and the difference with romantic love and shows how if a couple go by the Golden Rules then their problems can be solved Written in an easy fluent style with excellent advice it explains how our minds and thoughts govern our situations I

particularly liked the way the book combines ancient wisdom with modern concepts and shows there is not much difference after all Leanne Saunders Evaluator      **Love, Power, and Gender in Seventeenth-Century French Fairy Tales** Bronwyn Reddan,2020-12 Love is a key ingredient in the stereotypical fairy tale ending in which everyone lives happily ever after This romantic formula continues to influence contemporary ideas about love and marriage but it ignores the history of love as an emotion that shapes and is shaped by hierarchies of power including gender class education and social status This interdisciplinary study questions the idealization of love as the ultimate happy ending by showing how the conteuses the women writers who dominated the first French fairy tale vogue in the 1690s used the fairy tale genre to critique the power dynamics of courtship and marriage Their tales do not sit comfortably in the fairy tale canon as they explore the good the bad and the ugly effects of love and marriage on the lives of their heroines Bronwyn Reddan argues that the conteuses scripts for love emphasize the importance of gender in determining the right way to love in seventeenth century France Their version of fairy tale love is historical and contingent rather than universal and timeless This conversation about love compels revision of the happily ever after narrative and offers incisive commentary on the gendered scripts for the performance of love in courtship and marriage in seventeenth century France      [The Mating Game](#) Ellen Lamont,2020-02-18 Despite enormous

changes in patterns of dating and courtship in twenty first century America contemporary understandings of romance and intimacy remain firmly rooted in age old assumptions of gender difference These tenacious beliefs now vie with cultural messages of gender equality that stress independence self development and egalitarian practices in public and private life Through interviews with heterosexual and LGBTQ individuals Ellen Lamont's *The Mating Game* explores how people with diverse sexualities and gender identities date form romantic relationships and make decisions about future commitments as they negotiate uncertain terrain fraught with competing messages about gender sexuality and intimacy      **Ready for True Love** M. Chick Lit and Postfeminism

Stephanie Harzewski, 2011-02-09 Originally a euphemism for Princeton University's Female Literary Tradition course in the 1980s chick lit mutated from a movement in American women's avant garde fiction in the 1990s to become by the turn of the century a humorous subset of women's literature journalism and advice manuals Stephanie Harzewski examines such best sellers as Bridget Jones's Diary The Devil Wears Prada and Sex and the City as urban appropriations of and departures from the narrative traditions of the novel of manners the popular romance and the bildungsroman Further Harzewski uses chick lit as a lens through which to view gender relations in U S and British society in the 1990s Chick Lit and Postfeminism is the first sustained historicization of this major pop cultural phenomenon and Harzewski successfully demonstrates how chick lit and the critical study of it yield social observations on upheavals in Anglo American marriage and education patterns heterosexual rituals feminism and postmodern values

**Looking for Love in the Legal Discourse of Marriage** Renata Grossi, 2014-09-01 This book examines the invisibility of romantic love in the legal discourse surrounding modern Australian marriage It looks at how romantic love has become a core part of modernity and a dominant part of the Western marriage discourse and considers how the ideologies of romantic love are or are not replicated in the legal meaning of marriage This examination raises two key issues If love has become central to people's understanding of marriage then it is important for the legitimacy of law that love is reflected in both the content and application of the law More fundamentally it requires us to reconsider how we understand law and to ask whether it is engaged with emotions or separate from them Along the way this book also considers the meaning of love itself in contemporary society and asks whether love is a radical force capable of breaking down conservative meanings embedded in institutions like marriage or whether it simply mirrors them This book will be of interest to everyone working on love marriage and sexuality in the disciplines of law sociology and philosophy

Federal Marriage Amendment United States. Congress. House. Committee on the Judiciary, 2004 **The End of Love** Eva Illouz, 2019 Introduction from choice to non choice Premodern courtship social certainty and the rise of negative relationships Confusing sex The rise of ontological uncertainty A freedom with many limits Divorce as a negative relationship Conclusion negative relations and the butterfly politics of sex Acknowledgments Notes Bibliography Baptized in Games: The MUST HAVE / SELF-HELP Dating INstruction Manual Kyle Stokes, Gospel Love, Marriage and Divorce Randall Lamb, 2020-03-05 The centrality of God in all things is not a novel concept to Christianity at least not in theory For centuries it would appear that the Church has somehow allowed herself to remove the God centered gospel definition from marriage and has subsequently fashioned a culturally subjective definition of love marriage and divorce that has left God in many respects far from the center This book however will pay less attention to our own domestic legacies of love marriage and divorce It is more so about the church covenants conditions true fidelity perseverance God centered joy authenticity fraud legalism and apostasy It is a journey into the kingdom of God wherein the visible and invisible church along with love marriage and divorce all seem to collide with the gospel of glory and grace **Subject Guide to Books in Print**, 1997

For divorce who is responsible? Abdul Waheed, Divorce is considered to be the worst thing in the world whether it is of any religion or society because it breaks the house if there are children then the life of the children gets ruined but when there is no possibility of making someone then divorce is a It is a forced process Both a man and a woman can give divorce in Islam a woman has an open right to divorce It is better that at the time of marriage the girl and the boy should be shown to each other and if possible they should also have a conversation so that the things that arise later become clear to each other Although there is no prohibition of this in Islam we have to consider that society is like this It is very difficult to decide who is responsible for the divorce Because in this along with the beloved wife the girl s and boy s family also play a significant role If a person has children then before divorcing a person whether a man or a woman he must think about his children and think that he does not want to ruin their happiness for the sake of them This book is available on this subject Please read it If you have any more information please let me know Thank you The Golden Rule ,1847 **Ready for Love, How about Marriage?** Anthony T. Henry,2022-06-03 Ready for Love How about Marriage takes the reader down a cultural religious and sometimes political path in the discourse of love and marriage It explores psychological concepts of love and establishes the characteristics that should be present in love that leads to marriage And what if your quality of love is ready for marriage You will discover the importance of a personal mission statement and how it contributes to developing family goals and values The book helps the reader to manage family conflict crisis and wealth It delves into religion and spirituality and intimacy and sex and takes a look at parenting Whether you are planning marriage or already married there is a read for you Everyday Rituals Pearl Katz,2024-08-06 When we are in painfully difficult or confusing life situations especially amidst ever uncertain times our minds grapple for structure a funeral ceremony definitively lays the dead to rest the exaggerated choreography of a surgical room confirms its sterility and a daily schedule gives prisoners a sense of normalcy These practices these rituals give us peace Though it might seem contradictory ordered rituals actually bring us freedom creativity and mental well being Rituals aren t a thing of history or belonging to elaborate ceremonies and they aren t even confined to the most painful or confusing of times Rituals can be at a family dinner table or in a morning bathroom routine In Everyday Rituals Pearl Katz shows us just how transformative rituals are no matter what kind Unlike other titles on the subject in the self help genre or in anthropological reportage Katz applies her years of fieldwork and psychiatric study to tangible everyday American life She writes a thoroughly persuasive argument using poignant case studies to truly inspire readers Specific hormones flow and brain paths open when artists follow their creative regimen and mental health increases in patients under hospital directive in contrast young people suffer stress in unbounded undergraduate hookup culture And after the coronavirus ripped many rituals from American life the ill effects of a life without routine burn bright It s in the ordinary that Katz discovers unlimited potential mundane routine actually sparks incredible imagination With scientific evidence case studies personal narrative and guiding wisdom Katz enlightens us as to how and why we can feel true freedom *Arranged Marriage* Péter

Berta,2023-03-17 Arranged Marriage The Politics of Tradition Resistance and Change shows how arranged marriage practices have been undergoing transformation as a result of global and other processes such as the revolution of digital technology democratization of transnational mobility or shifting significance of patriarchal power structures The ethnographically informed chapters not only highlight how the gendered and intergenerational politics of agency autonomy choice consent and intimacy work in the contexts of partner choice and management of marriage but also point out that arranged marriages are increasingly varied and they can be reshaped reinvented and reinterpreted flexibly in response to individual family religious class ethnic and other desires needs and constraints The authors convincingly demonstrate that a nuanced investigation of the reasons complex dynamics and consequences of arranged marriages offers a refreshing analytical lens that can significantly contribute to a deeper understanding of other phenomena such as globalization modernization and international migration as well as patriarchal value regimes intergenerational power imbalances and gendered subordination and vulnerability of women
