Dumbrell, 2009-11-01 Covenant Theology From Noah to David successive covenants are seen in the Old Testament as expressions of divine purpose The argument for and against the close relation of these terms of agreement between humankind and God have for the past fifty years been at the heart of biblical studies Old Testament scholar W J Dumbrell reaffirms one facet of this study the theory of covenant in Covenant and Creation Where many have since tried to refute or seriously modify this covenant model Dumbrell finds it at the core of Reformed doctrine Covenant and Creation traces the background and content of each biblical covenant beginning with Noah and God after the flood Abraham the creation of Israel and its people Mt Sinai and Moses the creation of the Law and David the creation of the monarchy And what of the New Covenant The effects of the Babylonian exile and the connecting themes in the books of Jeremiah Ezekiel and Isaiah are evaluated The epilogue delves into theological implications of the postexilic period in Israel's history and further developments by the major exilic prophets Readers will find this a summary most helpful in understanding New Covenant theology that emerged in the early Christian era **Covenant: A Vital Element of Reformed Theology**, 2021-11-29 **Covenant A Vital Element of Reformed Theology** provides a multi disciplinary reflection on the theme of the covenant from historical biblical theological and systematic theological perspectives The interaction between exegesis and dogmatics in the volume reveals the potential and relevance of this biblical motif It proves to be vital in building bridges between God's revelation in the past and the actual question of how to live with him today **Old Testament Theology** Paul R. Vanhoozer, 2014-01-01 In this volume highly esteemed scholar Kevin Vanhoozer introduces readers to a way of thinking about Christian theology that takes the work he began in the groundbreaking 2005 book *The Drama of Doctrine* to its next level Vanhoozer argues that theology is not merely a set of cognitive beliefs but is also something we do that involves speech and action alike He uses a theatrical model to explain the ways in which doctrine shapes Christian understanding and forms disciples The church Vanhoozer posits is the preeminent theater where the gospel is performed with doctrine directing this performance Doctrines are not simply truths to be stored shelved and stacked but indications and directions to be followed practiced and enacted In performing doctrine Christians are shaped into active disciples of Jesus Christ He goes on to examine the state of the church in today's world and explores how disciples can do or perform doctrine Written in an accessible and engaging style Faith Speaking Understanding sets forth a compelling vision of what the church is and what it should be doing and demonstrates the importance of Christian doctrine for this mission Disciples who want to follow Christ in all situations need doctrinal direction as they walk onto the social stage in the great theater of the world The Christian faith is about acknowledging and participating in the great thing God is doing in our world making all things new in Christ through the Holy Spirit Doctrine ministers understanding of God of the drama of redemption of the church as a company of faithful players and of individual actors all of whom have important roles to play In an age where things fall apart and centers fail to hold doctrine centers us in Jesus Christ in whom all things hold together     *Habakkuk: An Intermediate Reader and Commentary* J.
