**Bible Uncensored** M.B.Osborne,2020-12-15 The Bible is commonly referred to as God s Word exempting its contents from human scrutiny for centuries For the theist and atheist whether you read the Bible or not Bible Uncensored is uncharted territory that takes a unique investigative look into what the Bible really is and how it impacts everyone If you ve ever had questions about the Bible or wondered how or if it impacts your life then this book is for you Bible Uncensored is truth that the world wants to know

*The Bible, Its Author, and the People Within* Jeffrey J. Hamilton,2023-10-28 The Bible Its Author and the People Within will not only challenge you to take a good hard look at the things you ve learned throughout your Christian walk but will also teach you how to read the Bible It will then introduce you to the God of creation as well as many of the traditions customs and practices of the people dwelling within the ancient world The subject matter covered within these pages includes Israel s religious festivals the betrothal and wedding ceremony the bearing rearing and education of children the various occupations of the day the mourning preparation and burial of the dead as well as the hereafter Now you may be thinking Is this book something I should take the time to read Well that depends If you re someone who s willing to have your presuppositions and dearly held traditions challenged by God s Word you should read it If you re someone who s willing to deviate from the beaten path and follow the text of Scripture wherever it leads you should read it If you re someone who s willing to consider a perspective other than your own then yes you should read it If not then quite frankly you shouldn t Whether you re a thirty year veteran of the faith or a believer of only a few hours this book can greatly benefit you if you re willing to first read it and then further investigate its claims Generally speaking the way you interact with life depends on your perception of the world around you And as they say perception is reality But the problem with that is that a westerner s reality is not the reality of the easterner As a student of God s Word the only way you can benefit from what you read is to consider the culture the rituals the customs the traditions and the practices of those living within the biblical world Unfortunately more often than not this is the exception to the rule As westerners our tendency is to impose our worldview on to the text of Scripture This book will afford you the opportunity to get into the minds of the biblical writers While this book deals with some of the most common religious and social practices of the Israelites Building a Framework the second book focuses on the establishment of a divine council the history of creation the sin of the Watchers the birth of the giants Noah s flood the disinheriting of the inhabitants of the earth the calling of Abram the planting of Israel s heavens and earth along with their history the ministry of Christ the reclaiming of the nations and the destruction of Jerusalem and the temple in A D 70 The third book in this series Digging Deeper utilizes a handful of principles needed to accurately interpret the Scriptures This series of books is very easy to read These books are written in such a way that you should have no difficulty understanding the message conveyed Although there are several theological terms sprinkled throughout these works they are thoroughly explained for a better understanding of the Bible s meaning Additionally the

majority of the biblical passages utilized within these books are written out for your convenience The reason for this is simple First of all it minimizes the need for having to stop and look up each citation But more importantly it presents a biblical case for the assertions and conclusions drawn within each book I have to the best of my ability searched God s Word for the truth If you find what I have found then build on it and share it with others Assume nothing You have the responsibility to study the Scriptures for yourself and draw your own conclusions Book Review 1 For many years after being saved by our Lord Jesus Christ my wife and I read through the Bible every day and missed a lot of crucial things that we were trained not to think about We were trained not to see the big picture by the traditional churches and the bible studies we attended Many issues like timing audience relevance misunderstanding of how to make correct interpretations to name a few were placed in the back of our minds as if they were forbidden things to study It s Okay to be a Christian and Think finally liberated our minds because it taught us about critical thinking interpreting the Bible with the Bible and how without the correct time frame and audience relevance perspective everything we knew would easily crumble to the ground I dare you to seek the Scriptures without the presuppositions perpetuated for generations in the church John 5 39 44 NKJV says You search the Scriptures for in them you think you have eternal life and these are they which testify of Me But you are not willing to come to Me that you may have life I do not receive honor from men But I know you that you do not have the love of God in you So search the Scriptures but do not be afraid to think Miguel Elena Alonso Book Review 2 I am so thrilled and grateful that Jeff Hamilton has tirelessly put this book together because I m anxious to share it with my friends and family near and far For the past twenty some odd years I ve had the privilege of Jeff sharing his wisdom and the principles of interpretation that are key to understanding God s redemptive message I spent years trying to read the Bible only to lay it down each time frustrated with unanswered questions or confused that it appeared some things conflicted with other things Jeff has an effective systematic approach to teaching these principles that simplifies without dumbing down the rich context of the Bible With his help and His help I don t see any Scripture conflicting with any other now Granted I wanted to flee from some of his studies because he was introducing something I couldn t believe was in the Bible But he had never failed to prove these claims in the past so I knew I was about to be even more amazed at God s Word If you take the time to read Jeff s books be prepared to approach you studies with new fervor Cindy and Joe Bailey

, 1883     *Four Biblical Heroines and the Case for Female Authorship* Hillel I. Millgram, 2015-03-21 This work examines the lives of four female characters in the Bible Naomi Ruth Tamar and Esther Their stories differ significantly from those of most female Biblical characters in that each woman is depicted without a dominant male companion and each is featured in the Bible s more secular texts The author evaluates each character s role as a female protagonist and demonstrates how each story represents an innovative view of religion and a revisionist evaluation of women s roles Finally the author proposes that these narratives may have been authored by women Appendices provide additional information about Boaz Judah and Tamar Greek versions of the Book of Esther Mordecai s decree and literacy in ancient Israel Includes a glossary and timeline
