Lord,2017-02-07 He thinks in time lines and relates whatever he comes across to its origins in the past So while readers will discover what happened to the Lord family between 1939 and 1945 not much really they had it dead cushy the narrative is interspersed with interpretation and discussion about how the war changed things Although Richard inevitably became a history teacher his lifelong passion for retrospection was triggered long before he could even read by three things the pictures in an old schoolbook wartime news bulletins read by the BBC s Alvar Liddell and what his Dad told him about how it had been in the trenches in 1918 Although the author takes his history seriously he is typically irreverent and usually up for a laugh There is also a poignant element in a memoir that sometimes takes a confessional turn *Charles: the Heart of a King* Catherine Mayer,2016-02-04 The Sunday Times Top Ten Bestseller The book that made headlines around the world Independent He has lived his whole life in the public eye yet he remains an enigma He was born to be king but he aims much higher A landmark publication Charles The Heart of a King reveals Prince Charles in all his complexity the passionate views that mean he will never be as remote and impartial as his mother the compulsion to make a difference and the many and startling ways in which the heir to the throne of the United Kingdom and fifteen other realms has already made his mark The book offers fresh and fascinating insights into the first marriage that did so much to define him and an assessment of his relationship with the woman he calls with unintended accuracy his dearest wife Camilla We see Charles as a father and a friend a serious figure and a joker Life at court turns out to be full of hidden dangers and unexpected comedy Poignant funny and often surprising the first significant study of the Prince in over a decade reveals a man in sight of happiness yet still driven by anguish and a remarkable belief system a charitabl *The Island of Heavenly Daze* Lori Copeland,Angela Hunt,2023-08-22 To a casual visitor the island of Heavenly Daze is just like a dozen others off the coast of Maine It is decorated with graceful Victorian mansions carpeted with gray cobblestones and bright wild flowers and populated by sturdy hard working folks most of whom are unaware that the island of Heavenly Daze is not just like the other islands of coastal Maine The small town that crowns its peak consists of seven buildings each inhabited according to divine decree by an angel who has been commanded to guard and help anyone who crosses the threshold Unexpected hijinks and heart warming results occur when mortals and immortals cross paths and unaware visitors to the picturesque establishments of Heavenly Daze discover that they have been entertained by angels **De-constructing Dahl** Laura Viñas Valle,2016-01-14 This is the first single authored monograph on Roald Dahl since 1994 Remarkably in spite of Dahl s commercial success and the divided opinions he generates very little scholarly work on the author has been produced In the light of sociocultural constructivist theory De constructing Dahl focuses on the critical context texts and paratexts that make up the packaging of Dahl It offers the first thorough overview of the criticism and the language employed to discuss Dahl since the 1970s the difficulties that using such language entails and how it still permeates current criticism It delves into the relationship between Dahl s children s and adult fiction by drawing comparisons and contrasts and exploring the common traits and patterns that bring

his whole work together It also examines how Dahl constructed himself as a children s writer how his publishing house and allies contribute to mediating and sustaining the Dahl public persona the ways that marketing strategies are responsible for the identity of his books and how editorial decisions about the age range and therefore how the classification of a manuscript as a book for children or for adults constructs particular ideas of what children s literature is and what is considered appropriate or unsuitable for children to read
