Cow Country:

Cattle Country Kathryn Cornell Dolan, 2021-06 As beef and cattle production progressed in nineteenth century America the cow emerged as the nation's representative food animal and earned a culturally prominent role in the literature of the day In **Cattle Country** Kathryn Cornell Dolan examines the role cattle played in narratives throughout the century to show how the struggles within U S food culture mapped onto society's broader struggles with colonization environmentalism U S identity ethnicity and industrialization Dolan examines diverse texts from Native American African American Mexican American and white authors that showcase the zeitgeist of anxiety surrounding U S identity as cattle gradually became an industrialized food source altering the country's culture while exacting a high cost to humans animals and the land From Henry David Thoreau's descriptions of indigenous cuisines as a challenge to the rising monoculture to Washington Irving's travel narratives that foreshadow cattle replacing American bison in the West to Mar a Amparo Ruiz de Burton's use of cattle to connect race and imperialism in her work authors' preoccupations with cattle underscored their concern for resource depletion habitat destruction and the wasteful overproduction of a single breed of livestock **Cattle Country** offers a window into the ways authors worked to negotiate the consequences of the development of this food culture and by excavating the history of U S settler colonialism through the figure of cattle sheds new ecocritical light on nineteenth century literature

Cow Talk Michelle K. Berry, 2023-03-16 The image of western ranchers making a stand for their rights against developers the government illegal immigrants may be commonplace today but the political power of the cowboy was a long time in the making In a book steeped in the culture traditions and history of western range ranching Michelle K Berry takes readers into the Cold War world of cattle ranchers in the American West to show how that power with its implications for the lands and resources of the mountain states was built shaped and shored up between 1945 and 1965 After long days working the ranch battling human and nonhuman threats and wrestling with nature ranchers got down to business of another sort which Berry calls cow talk Discussing the best new machinery sharing stories of drought blizzards and bugs talking money and management and strategy these ranchers were building a community specific to their time place and work and creating a language that embodied their culture **Cow Talk** explores how this language and its iconography evolved and how it came to provide both a context and a vehicle for political power Using ranchers' personal papers publications and cattle growers' association records the book provides an inside view of how range cattle ranchers in Arizona New Mexico Colorado Wyoming and Montana created a culture and a shared identity that would frame and inform their relationship with their environment and with society at large in an increasingly challenging modernizing world A multifaceted analysis of postwar ranch life labor and culture this innovative work offers unprecedented insight into the cohesive political and cultural power of western ranchers in our day

that the politics of the recent past alone explains the politics of history Fitzpatrick offers a wise historical perspective on today's heated debates and reclaims the long line of historians who tilled the rich and diverse soil of our past

I Saw Them Ride Away Harry Arthur Gant, 2009-09-22 Harry Arthur Gant lived at the intersection of the Old West and the New West He was a cowboy during the 1890s He saw at first hand the hard work the hard fun and the occasional violence of that place and time He knew cattle barons and horse thieves con men and hustlers As civilization spread through the Old West he worked with the Wild West Shows that helped perpetuate the legends of that country He was a guy who could get things done When the first film makers came around he soon became indispensable to them and then followed them to the New West With a new set of skills in the silent film era he helped perpetuate the new form of legend that came out of Hollywood He knew stars and extras more con men and hustlers movers and shakers He tells his story with a distinctive mix of Old West plain speaking and New West sophistication with the rough edges left on This memoir spans two of the most fascinating parts of America's past See more at <http://castleknob.com>

Forum, 1982 Remington Frederic Remington, 2012-05-08 It is impossible to reflect upon Frederic Remington's art without thinking of the merely human elements Remington became interested in the American Indian probably because he became interested in the active exciting life of the American Great Plains The Indian appealed to him not in any histrionic way not as a figure stepped out from the pages of Hiawatha but just as a human subject Remington hit upon this truth when he travelled west What he found there was majesty that he did not make solely an affair of Indians in war paint and feathers Remington knew how the light of the moon or of the stars is diffused how softly and magically it envelops the landscape There is a sort of artistic honesty in his nocturnal studies He never set out to be romantic or melodramatic just to develop his affinity and closeness to nature The beauty of the painter's motive too has communicated

itself in his technique His grey green tones fading into velvety depths take on transparency and in his handling of form he uses a touch as firm as need be The determining influence in his career was that of the creative impulse urging him to deal in the translation of visible things into pictorial terms **The Texan** B. Hendryx James B. Hendryx, James B. Hendryx, 2007-07 Exactly twenty minutes after young Benton dismounted from his big rangy black before the door of a low adobe saloon that fronted upon one of the narrow crooked streets of old Las Vegas he glanced into the eyes of the thin lipped croupier and laughed You ve got em Seventy four good old Texas dollars He held up a coin between his thumb and forefinger I ve got another one left an your boss is goin to get that too but he s goin to get it in legitimate barter an trade As the cowpuncher stepped to the bar that occupied one side of the room a group of Mexicans who had lounged back at his entrance crowded once more about the wheel and began noisily to place their bets He watched them for a moment before turning his attention to the heavy lidded flabby jowled person who leaned ponderously against the sober side of the bar Who owns this joint he asked truculently as he eyed with disfavour the filthy shirt sleeves rolled back from thick forearms the sagging vest and the collarless shirt band that buried itself in a fold of the fat neck **Research Handbook on Economic Sanctions** van Bergeijk, Peter A.G., 2021-12-10 Peter van Bergeijk brings together 40 leading experts from all continents to analyze state of the art data covering the sharp increase in smart sanctions in the last decade Original chapters provide detailed analyses on the determinants of sanction success and failure complemented with research on the impact of sanctions **Encyclopedia of Dairy Sciences** , 2011-03-25 Dairy Science Four Volume Set includes the study of milk and milk derived food products examining the biological chemical physical and microbiological aspects of milk itself as well as the technological processing aspects of the transformation of milk into its various consumer products including beverages fermented products concentrated and dried products butter and ice cream This new edition includes information on the possible impact of genetic modification of dairy animals safety concerns of raw milk and raw milk products peptides in milk dairy based allergies packaging and shelf life and other topics of importance and interest to those in dairy research and industry Fully reviewed revised and updated with the latest developments in Dairy Science Full color inserts in each volume illustrate key concepts Extended index for easily locating information *Press Feature* United States Department of State, 1950
