Burny's Journeys Brian Finkle, 2004 It's one man's story from childhood to his mid fifties and counting He never went looking for adventures or answers to life but because of timing coincidences synchronicities call it what you will that started early and have never ended he has been blessed with a lifetime of stories and then some He spent his first twenty years in small town Iowa before the U S Army decided that they had a need for him It was February of 1968 and it proved to be a bad time to be entering the military After a year in Vietnam he came home intact but a changed young man He packed up a van and headed west with everything he owned Except for the baseball cards that his parents had already thrown away Damn After joining Vietnam Veterans Against the War John Kerry was their president he went to D C and threw his medals away on the Capitol steps with a thousand or so other vets who realized that as a country we could make mistakes and this time we had He was thrown in jail in Denver with 78 other vets for simply trying to march as an organization in the Veteran's Day Parade It was a tough time for people to stand up to their government but he felt it was important and so did many people Those actions changed the direction of our country Maybe something like this the author suggests is needed again today After some bad relationships he hit the road for 2 1 2 years without an address to call his own He spent two fairy tale winters in Mexico and Guatemala where he explored caves found untouched ceynotes met many characters as well as great friends and all the while he compiled stories It was then that he began journaling and has never stopped nearly 30 years later and

neither have the stories He had the most vivid dream of his life which magically eventually led him to his lovely bride They have now shared the past quarter of a century together including kids and grandkids It s all there along with the lessons and confessions *Heritage Vintage Movie Poster Signature Auction 2005 Catalog #624* Ivy Press,2005-10 [American Cowboy](#) ,1995-03 Published for devotees of the cowboy and the West American Cowboy covers all aspects of the Western lifestyle delivering the best in entertainment personalities travel rodeo action human interest art poetry fashion food horsemanship history and every other facet of Western culture With stunning photography and you are there reportage American Cowboy immerses readers in the cowboy life and the magic that is the great American West **The Roy Rogers Book** David Rothel,1987 *The Sagebrush Trail* Richard Aquila,2015-04-16 The Sagebrush Trail is a history of Western movies but also a history of twentieth century America Richard Aquila s fast paced narrative covers both the silent and sound eras and includes classic westerns such as Stagecoach A Fistful of Dollars and Unforgiven as well as B Westerns that starred film cowboys like Tom Mix Gene Autry and Hopalong Cassidy The book is divided into three parts Part 1 traces the birth and growth of Westerns from 1900 through the end of World War II Part 2 focuses on a transitional period in Western movie history during the two decades following World War II Finally part 3 shows how Western movies reflected the rapid political social and cultural changes that transformed America in the 1960s and the last decades of the twentieth century The Sagebrush Trail explains how Westerns evolved throughout the twentieth century in response to changing times and it provides new evidence and fresh interpretations about both Westerns and American history These films offer perspectives on the past that historians might otherwise miss They reveal how Americans reacted to political and social movements war and cultural change The result is the definitive story of Western movies which contributes to our understanding of not just movie history but also the mythic West and American history Because of its subject matter and unique approach that blends movies and history The Sagebrush Trail should appeal to anyone interested in Western movies pop culture the American West and recent American history and culture The mythic West beckons but eludes Yet glimpses of its utopian potential can always be found even if just for a few hours in the realm of Western movies There on the silver screen the mythic West continues to ride tall in the saddle along a sagebrush trail that reveals valuable clues about American life and thought **Beauty and the Beast** Arnold Arluke,Robert Bogdan,2010-11-05 From fairy tales to photography nowhere is the complexity of human animal relationships more apparent than in the creative arts Art illuminates the nature and significance of animals in modern Western thought capturing the complicated union that has long existed between the animal kingdom and us In Beauty and the Beast authors Arluke and Bogdan explore this relationship through the unique lens of photo post cards This visual medium offers an enormous and relatively untapped archive to compelling document their subject
