Coyote Satan Amerika:

Coyote Satan Amerika Steven Johnson Leyba, 2001-04 This volume documents the Unspeakable Art and Performances of Reverend Steven Johnson Loyba a natived American artist whose ritualistic sexual adn political mixed media paintings and performances reflect our times with a reicentless and fiorely unapologetic vision Redemer of the swastika and dosecrator of the American flag to mock blind nationalism and patriotism Leqba is a master of art as social satire giving birth to controversies and theretical debatos alike

The Last American Painter Steven Johnson Leyba, 2009 *The Genius of the Beast* Howard Bloom, 2010-05-01 Is global capitalism on its last legs Is the era of American leadership over Has the West begun a decline into a new Dark Age Does American civilization deserve to survive These are the unnerving questions raised by the Great Crash of 2009 This book presents a radically new answer insisting that global society has only begun to realize its full potential Author Howard Bloom argues that there s a hidden mandate beneath the surface of capitalism It s struggling to whisper and rumble its message to you and me That hidden imperative can lift us from economic crisis can make us a leader in the next generation economy and can dramatically upgrade our ability to empower our fellow human beings Bloom sees crisis as opportunity opportunity for the whole human race In more than eighty short fast chapters insights appear suddenly like the quick bursts of flashbulbs taking the reader on a sweeping tour of human history from the Stone Age to the present Every chapter conveys a radically new way to see the astonishing mechanism we call Western Civilization Bloom marvels at how humans have turned toxic waste into food and fuel trash into treasure and garbage into gold He shows how we ve produced material miracles based on immaterial things passion persistence and fantasy He shows that what many regard as the end is just the beginning The beginning of something you ve never before imagined The author explains why the secret to capitalism s next great leap does not lie in new financial tricks but in tapping things right under our noses in radically new ways that is tapping our imagination our desire to feel useful our desire to help others and our desire to be recognized for contributing to the welfare of humanity The key to next generation capitalism lies in a big picture view that s utterly unlike anything you ve previously perceived A big picture view that will startle you A big picture view with which you can ignite the world get a new handle on your life and help transform society This brilliant inspirational work of daring ideas and breathtaking research offers more than hope It offers unseen levels of understanding Understanding that can literally redefine what it means to be a human being
