Living in the Light of God's Love Mari Keisling, 2014-07-31 Abiding may sound passive and inactive but it is the active process of staying staying close to Jesus focusing on Him walking with Him and living in His light If walking as He did is how our claim to live in Him is realized then we need to know what He did that we should be doing as well Jesus experienced fellowship with His disciples obeyed His heavenly Father was humble to the point of death grew in wisdom and the knowledge of Scripture and prayed always God calls each of us to different tasks places and purposes but one thing is consistent for all of us we can't do any of it or go anywhere without Him Jesus had His unique purpose in this world as do we and so just like Him we need to remain in the Father His life was a living sacrifice and it is our spiritual act of worship to live like Him As we step into God's light it will shine truth on our lives truth that is sometimes hard to recognize hard to acknowledge and hard to live out But as we learn to live in His light He gives us clarity understanding and transforms us from the inside out We learn to walk in His light shining it wherever we go Why God loves the whole world and He loves you Everything He calls us to do according to His purpose is to show His love to the world and bring glory to Himself As you work through the disciplines of fellowship obedience humility meditation prayer and worship you will learn how to draw close to the Father follow the example of Jesus and shine His light bright for all to see

RELIGIOUS SYNCRETISM IN AFRICAN CHRISTIANITY ISAIAH OLUWAJEMIRIYE OLATOYAN, 2024-04-18 Christianity among the African people whether on the soil of Africa or in diaspora is perceived and defined differently by different people For instance among African traditional religious people and Muslims Christianity is a foreign religion that must not be allowed to thrive in Africa To several Africans who profess Jesus Christianity is good but it is not adequate and effective enough to handle all human needs Still among some Western Christians and missionaries African Christianity is superficial and lacks total commitment to Christ Of course the Africans are a cultural people with profound religious inclinations Their traditional religion ATR has tremendously shaped their worldviews and socioeconomic and political activities Consequently when traditional Africans are converted to Christianity they do not break ties with their traditional religions completely The examination of relevant biblical texts on syncretism however reveals that God condemns the worship of many gods and places a curse on anyone who offers sacrifices to carved images and bows to them in worship Therefore this work investigates the root cause of religious

syncretism among African people In the attempt to find answers to why the average African Christian finds it difficult if not impossible to abandon his her traditional religious belief systems completely to embrace Christianity the author concludes that unless the issues surrounding the African forgotten and secret covenants are exposed and decisively addressed in the light of biblical teaching syncretism will continue to be a stigma on the fabric of African Christianity Therefore to overcome the threats of syncretism in African Christianity there is a need to establish a sound theological and missiological framework that can address the problems associated with the African worldviews and belief systems This task must be carried out under the searchlight of Scriptures
