Curtis, 2010 A two volume encyclopedia set that examines the legacy impact and contributions of Muslim Americans to U S history *Odysseys of Plates and Palates: Food, Society and Sociality* Simeon S. Magliveras, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 Is food merely fuel to keep us alive Consuming food is not simply about biological and nutritional needs Rather food like anything people engage with is inherently multi faceted The context of food and its discourses involve an interplay of our cognition and is a medium for our memory and identity Food from its mundane modes of production to the consumption of a single meal or

even to the global networks which bring foods from distant lands to one's plate reflects and creates hegemonic relations between groups and individuals defining good and bad behaviour. Food has been discussed since ancient times appearing in numerous ancient texts. It has both been described as art and is the subject of art.
