Lewin,2005 The regions that compose the current state of Israel and the emerging state of Palestine have yielded a wealth of fascinating archaeological evidence from the Dead Sea Scrolls found in a cave in 1947 by a Bedouin searching for a lost sheep to the remains of Roman camps and King Herod s luxurious palaces at the besieged city of Masada The authors begin with introductions to the complicated and turbulent history of the region in which a series of invaders including Babylonians Assyrians Persians and Macedonians conquered and ruled over its people The long reign of the Romans in the area is given particular attention a reign that produced the infamous client rulers Herod the Great and Pontius Pilate as well as two Jewish revolts against their Roman overlords both of which met with brutal suppression Lewin also analyzes eighteen ancient city sites including the familiar such as Jerusalem and Bethlehem and the less well known such as Herodion with its extravagant palace fortress and Scythopolis with its Roman temples and baths This book provides an enlightening overview of a region that continues to capture the attention of the world **Ancient Synagogues - Archaeology and Art: New Discoveries**

D. Peatfield, 2012-05-23 Archaeology of Spiritualities provides a fresh exploration of the interface between archaeology and religion spirituality Archaeological approaches to the study of religion have typically and often unconsciously drawn on western paradigms especially Judaeo Christian mono theistic frameworks and academic rationalisations Archaeologists have rarely reflected on how these approaches have framed and constrained their choices of methodologies research questions hypotheses definitions interpretations and analyses and have neglected an important dimension of religion the human experience of the numinous the power presence or experience of the supernatural Within the religions of many of the world s peoples sacred experiences particularly in relation to sacred landscapes and beings connected with those landscapes are often given greater emphasis while doctrine and beliefs are relatively less important Archaeology of Spiritualities asks how such experiences might be discerned in the archaeological record how do we recognize and investigate other forms of religious or spiritual experience in the remains of the past The volume opens up a space to explore critically and reflexively the encounter between archaeology and diverse cultural expressions of spirituality It showcases experiential and experimental methodologies in this area of the discipline an unconventional approach within the archaeology of religion Thus Archaeology of Spiritualities offers a unique timely and innovative contribution one that is also challenging and stimulating It is a great resource to archaeologists historians religious scholars and others interested in cultural and religious heritage **CONTENDING FOR THE FAITH** Christopher H.K. Persaud, 2013-05-21 Doubt and disbelief in God s existence and his plan of redemption for lost humankind is becoming increasingly evident in today s hedonistic self directed world Many Christian believers even choose to listen to and to acknowledge a feel good now Gospel notwithstanding its deviation from Biblical truth and its possible damning implications Conversely many people are wont to deny the existence of a devil and the reality of a place of unceasing torment and or destruction called hell A good God cannot be so cruel they opine Jesus commissioned his followers to take his Gospel to the far reaches of the Earth and the Holy Scriptures encourage Christians in Jude 1 3 to earnestly contend for the faith More than at any other time in history believers must defend the Christian Gospel and advocate its timeless truths everywhere so that all of humankind may hear about Christ s offer of eternal life in a place named Paradise The miscellany of contemplative inquiries and arguments presented in CONTENDING FOR THE FAITH purposes to do just that endorse and advance the Gospel of Christ and help establish Biblical truth Much too much is at stake for not spreading or not listening to Christ s entreaty *Archaeological Sites as Space for Modern Spiritual Practice* Raimund Karl, Jutta Leskovar, 2018-11-07
