Arizona Postcard Collection Dick Dietrich,1989-11-01 **Framing Nature** Yolonda Youngs,2024-06 Winner of the 2024 John Brinkerhoff Jackson Prize from American Association of Geographers The Grand Canyon of the Colorado River is an internationally known feature of the North American landscape attracting more than five million visitors each year A deep cultural visual and social history has shaped the Grand Canyon s environment into one of America s most significant representations of nature Yet the canyon is more than a vacation destination a movie backdrop or a scenic viewpoint it is a real place as well as an abstraction easily summoned in the minds of Americans The Grand Canyon or the idea of it is woven into the fabric of American cultural identity and serves as a cultural reference point an icon In Framing Nature Yolonda Youngs traces the idea of the Grand Canyon as an icon and the ways people came to know it through popular imagery and visual media She analyzes and interprets more than fourteen hundred visual artifacts including postcards maps magazine illustrations and photographs of the Grand Canyon supplemented with the words and ideas of writers artists explorers and other media makers from 1869 to 2022 Youngs considers the manipulation and commodification of visual representations and shifting ideas values and meanings of nature exploring the interplay between humans and their environments and how visual representations shape popular ideas and meanings about national parks and the American West Framing Nature provides a novel interpretation of how places especially national parks are transformed into national and environmental symbols

Bird,2023-10-24 An essential and monumental member of the Sonoran Desert ecosystem the saguaro cactus has become the quintessential icon of the American West In the Arms of the Saguaros shows how from the botanical explorers of the nineteenth century to the tourism boosters in our own time saguaros and their images have fulfilled attention getting needs and expectations Through text and lavish images this work explores the saguaro s growth into a western icon from the early days of the American railroad to the years bracketing

World War II when Sun Belt boosterism hit its zenith and proponents of tourism succeed in moving the saguaro to the center of the promotional frame This book explores how the growth of tourism brought the saguaro to ever larger audiences through the proliferation of western themed imagery on the American roadside The history of the saguaro s popular and highly imaginative range points to the current moment in which the saguaro touches us as a global icon in art fashion and entertainment *The Diné Hogan* Lillian Makeda,2024-06-28 Over the course of their history the Navajo Din have constructed many types of architecture but during the 20th century one building emerged to become a powerful and inspiring symbol of tribal culture This book describes the rise of the octagonal stacked log hogan as the most important architectural form among the Din The Navajo Nation is the largest Indian reservation in the United States and encompasses territory from within Arizona New Mexico and Utah where thousands of Native American homes called hogans dot the landscape Almost all of these buildings are octagonal Whether built from plywood nailed onto a wood frame or with other kinds of timber construction octagonal hogans derive from the stacked log hogan a form which came to prominence around the middle of the last century The stacked log hogan has also influenced public architecture and virtually every Din community on the reservation has a school senior center office building or community center that intentionally evokes it Although the octagon recurs as a theme across the Navajo reservation the inventiveness of vernacular builders and professional architects alike has produced a wide range of octagonally inspired architecture Previous publications about Navajo material culture have emphasized weaving and metalwork overlooking the importance of the tribe s built environment But populated by an array of octagonal public buildings and by the hogan one of the few Indigenous dwellings still in use during the 21st century the Navajo Nation maintains a deep connection with tradition This book describes how the hogan has remained at the center of Din society and become the basis for the most distinctive Native American landscape in the United States The Din Hogan A Modern History will appeal to scholarly and educated readers interested in Native American history and American architecture It is also well suited to a broad selection of college courses in American studies cultural geography Native American art and Native American architecture **American Holiday Postcards, 1905-1915** Daniel Gifford,2013-08-29 In the early 20th century postcards were one of the most important and popular expressions of holiday sentiment in American culture Millions of such postcards circulated among networks of community and kin as part of a larger American postcard craze However their uses and meanings were far from universal This book argues that holiday postcards circulated primarily among rural and small town Northern white women with Anglo Saxon and Germanic heritages Through analysis of a broad range of sources Daniel Gifford recreates the history of postcards to account for these specific audiences and reconsiders the postcard phenomenon as an image based conversation among exclusive groups of Americans A variety of narratives are thus revealed the debates generated by the Country Life Movement the empowering manifestations of the New Woman the civic privileges of whiteness and the role of emerging technologies From Santa Claus to Easter bunnies flag

waving turkeys to gun toting cupids holiday postcards at first seem to be amusing expressions of a halcyon past Yet with knowledge of audience and historical conflicts this book demonstrates how the postcard images reveal deep divides at the height of the Progressive Era *Historic Furnishings Report* Laura M. and local vigilantes For a time Frank Little s murder became a rallying cry for the IWW But after the United States entered the Great War and Congress passed the Sedition Act 1918 to ensure support for the war effort many politicians and corporations used the act to target labor radicals squelch dissent and inspire vigilantism Like other wage working families smeared with the traitor label the Little family endured raids arrests and indictments in IWW trials Having scoured the West for firsthand sources in family library and museum collections Botkin melds the personal narrative of an American family with the story of the labor movements that once shook the nation to its core In doing so she throws into sharp relief the lingering consequences of political repression *Defenders* ,1989 Postcards from the Río Bravo Border Daniel D.
