Armenian Atrocities The Murder Of A Nation:

Armenian Atrocities Arnold Toynbee, 1975 *Armenian Atrocities, the Murder of a Nation* Arnold Joseph Toynbee, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1915 edition Excerpt VIII THE ATTITUDE OF GERMANY The orders are from head quarters writes one of the witnesses quoted in the last chapter and any reprieve must be from the same source But where are these head quarters For it is vitally important to penetrate to them if the remnant of the Armenians that are lingering in agony at Sultanieh and Der el Zor are still to be rescued from their doom We have traced the crime back to Enver and his gang at Constantinople but that is not enough By participating in the war Turkey contracted herself into the apprenticeship of Germany and abandoned her freedom of action to Germany s lead What is the attitude of Turkey s patron towards the organised murder of the Armenian race And what action has been taken in the matter by the corps of German officials on Ottoman territory According to the testimony of the refugees from Syria several German consuls have directed or encouraged the massacres of the Armenians Special mention is made of Herr Rossler consul at Aleppo who has gone to Aintab to direct the massacres in The man who contrived the plot against unfortunate Zeitoun person and the notorious Baron Oppenheim who initiated the idea of deporting to Ourfa the women and children belonging by nationality to the Allies though he knew well enough that these unfortunates would be unable to avoid witnessing there the barbarous acts committed by the troops in the very streets of the town which are literally drenched in blood That is a sinister rumour but of course it is not evidence of a conclusive order It is merely a cablegram from Cairo which was published towards the end of September in the Paris press We find the same suspicion however reappearing in the Gotchnag of New York on **Armenian Atrocities** Arnold Joseph Toynbee, 2015-08-05 Excerpt from *Armenian Atrocities The Murder of a Nation* There is nothing in the precepts of Islam which justifies the slaughter which has been perpetrated I am told on good authority that high Moslem religious authorities condemned the massacres ordered by Abdul Hamid and these are far more atrocious About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Armenian Atrocities, the Murder of a Nation* Arnold Joseph Toynbee, James Bryce Bryce, 2018-10-14 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or

The Crime of Genocide: Then and Now Pavel Šturma,Milan Lipovský,2022-08-22 In this original and thought provoking collection the Editors provide a multilayered study of the crime of crimes Adopted in 1948 and based on Raphael Lemkin s idea the definition of genocide belongs to the cornerstones of international criminal law and justice This volume focuses on among other topics the narrow scope of protected groups wider domestic adaptations of the definition denial of genocide and current legal proceedings related to the crime in front of the ICJ and ICC In this way its authors based primarily in Central and Eastern Europe analyse and discuss the readiness of the definition to meet the challenges of criminal justice in our changing world The volume thus offers much fresh thinking on the international legal and legal policy complexities of genocide seventy years after the Genocide Convention s entry into force
