Arms Control and Military Force Christoph Bertram,1980 *Arms Control and Disarmament* United States Department of State. External Research Staff,1967 Stability and Arms Control in Europe Gerhard Wächter,Axel Krohn,1989 **National Security, Military Power & the Role of Force in International Relations** Army Library (U.S.),1976 **National Security, Military Power & the Role of Force in International Relations** United States. Department of the Army,1976 **Arms Control and Iranian Foreign Policy** Bobi Pirseyedi,2012-10-12 Since 2003 when the world learned that the Islamic Republic of Iran had succeeded in secretly developing a capability to enrich uranium and separate plutonium the question of Iran s nuclear program has ranked high on the international political and arms control agenda This book studies the IRI s diplomatic operations in the issue area of arms control and demonstrates how arms control diplomacy has formed an integral part of the IRI s foreign policy during the various phases of its history Furthermore it fills a gap in the research literature on Iran s foreign and security policies by providing the first comprehensive account of Iranian arms control diplomacy under the Islamic regime This book aims at reconstructing Iran s diplomatic operations in four distinct thematic areas of arms control conventional chemical biological and nuclear arms control It also looks at the diplomatic means by which the IRI s leadership has tried to achieve its arms control objectives This text also seeks to identify and examine the individual objectives that have guided Iranian policy choices in the domain of arms control Finally it places the reconstructed Iranian objectives into a broader context by elaborating on the fundamental values or foreign policy goals that the IRI s arms control objectives have served This highly informative and thought provoking volume will be valuable reading for students researchers and academics as well as for commentators and policy makers interested in Middle East studies Iranian studies international relations and arms control AR 525-92 08/02/2010 ARMY ARMS CONTROL IMPLEMENTATION POLICY, Survival Ebooks Us Department Of Defense,www.survivalebooks.com,Department of Defense,Delene Kvasnicka,United States Government US Army,United States Army,Department of the Army,U. Levi,Michael E. O'Hanlon,2004-12-07 Arms control for decades at the core of the foreign policy consensus today is among the more contentious issues in American politics It is pilloried and considered out of mode in many conservative quarters while being viewed as nearly sacrosanct in many liberal circles In this new book Michael Levi and Michael O Hanlon argue that neither the left nor the right has a correct view of the proper utility of arms control in the age of terror Arms control in the traditional sense lengthy treaties to limit nuclear and other military competitions among the great powers is no longer particularly useful Nor should arms control be pursued as a means to the end of constraining the power of nations or of promoting global government It is still a critical tool though for controlling dangerous technologies particularly those that in the hands of hostile states or terrorist organizations could cause massive death and destruction Arms control and coercive action including military force must be integrated into an overall strategy for preventing proliferation now more than ever before Arms control should be used to gain earlier warning of illicit activities inside dangerous states allowing the international community to take coercive action in a timely way The authors propose three new criteria to guide future arms control efforts designed to respond to today s geopolitical realities Arms control must focus on the dangers of catastrophic technology not so much in the hands of major powers as of small states and terrorist groups Their criteria lead to a natural focus on nuclear and biological technologies Much tougher measures to prevent countries from gaining nuclear weapons technology while purportedly complying with the Nuclear Non Proliferation Treaty and procedures for controlling dangerous biological technologies will be most prominent in this framework while lower priority is given to efforts such as bilateral
