Arnulf Rainer: an Exhibition Curated by R. H. Fuchs R. H. Fuchs, 1989 *Arnulf Rainer* Arnulf Rainer, Rudi Fuchs, Rudolf Herman Fuchs, 1989 **Art Books** Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition *Australian Artists in the Contemporary Museum* Jennifer Barrett, Jacqueline Millner, 2016-12-05 This unique book proposes a re reading of the relationship between artists and the contemporary museum In Australia in particular the museum has played a significant role in the colonial project and this has generally been considered as the predominant mode of artists engagement with such institutions and collections Australian Artists in the Contemporary Museum expands the post colonial frame of reference used to interpret this work to demonstrate the broader implications of the relationship between artists and the museum and thus to offer an alternative way of understanding recent contemporary practices The authors central argument is that artists engagement with the museum has shifted from politically motivated critique taking place in museums of fine art towards interventions taking place in non art museums that focus on the creation of knowledge more broadly Such interventions assume a number of forms including the artist acting as curator art works that highlight the use of taxonomic modes of display and categorization and the re consideration of the aesthetics of collections to suggest different ways of interpreting objects and their history Central to these interventions is the challenge to better connect the museum and its public The book will be essential reading for scholars professionals and students in the fields of contemporary art and museum studies art history and in the museum sector These include artists curators museum and gallery professionals postgraduate researchers art historians designers and design scholars art and museum educators and students of visual art art history and museum studies This project has been assisted by the Australian government through the Australia Council for the Arts its arts funding and advisory body *Harald Szeemann* Glenn Phillips, Philipp Kaiser, Doris Chon, Pietro Rigolo, 2018-04-10 Widely regarded as the most influential curator of the second half of the twentieth century Harald Szeemann 1933 2005 is associated with some of the most important artistic developments of the postwar era A passionate advocate for avant garde movements like Conceptualism and Postminimalism he collaborated with artists such as Joseph Beuys Bruce Nauman Richard Serra and Cy Twombly developing new ways of presenting art that reflected his sweeping vision of contemporary culture

Szeemann once stated that his goal as an exhibition maker was to create a Museum of Obsessions This richly illustrated volume is a virtual collection catalogue for that imaginary institution tracing the evolution of his curatorial method through letters drawings personal datebooks installation plans artists books posters photographs and handwritten notes This book documents all phases of Szeemann s career from his early stint as director of the Kunsthalle Bern where he organized the seminal Live in Your Head When Attitudes Become Form 1969 to documenta 5 1972 and the intensely personal exhibition he staged in his own apartment using the belongings of his hairdresser grandfather 1974 to his reinvention as a freelance curator who realized projects on wide ranging themes until his death in 2005 The book contains essays exploring Szeemann s curatorial approach as well as interviews with collaborators Its more than 350 illustrations include previously unpublished installation photographs and documents as well as archival materials This volume is published to accompany an exhibition on view at the Getty Research Institute at the Getty Center February 6 to May 6 2018 a satellite show will be at the Institute of Contemporary Art in Los Angeles February 4 to April 22 2018 at the Kunsthalle Bern in Bern Switzerland June to September 2018 at the Kunsthalle D sseldorf in D sseldorf Germany October 2018 to January 2019 and at the Castello di Rivoli Museo d Arte Contemporanea Rivoli in Turin Italy February to May 2019

Shattered Forms Allen S. Weiss, 1992-09-17 Art Brut also termed Outsider Art has long been suppressed from most art historical writing Why this rejection The hyperbolic expressions of Romanticism and Symbolism nourished a desire for derangement and dissociation that inspired both Expressionism and Surrealism Simulated delirium became the object of the new art experimental avant garde modernist which arose from the fragmented codes the shattered forms of everyday communication But what of those artists whose works and often whose deliria are the manifestations of sheer eccentricity of social isolation and marginalization or of madness In this book Weiss investigates the origins of the unrestricted contemporary artistic field seeking its sources in those works hitherto absent from the official histories of art works that constitute art s dark interior its disturbing netherworld Secluded occluded excluded Art Brut nevertheless extends the limits of artistic creativity and aesthetic discourse regardless of whatever anxieties such works may produce Shattered Forms explores the relations between Art Brut the psychopathology of expression and avant garde Modernism attempting to show how the consideration of Art Brut should lead to a revision of our theoretical and museological paradigms

Figures of Radical Absence Alexandra-Ecaterina Irimia, 2023-10-04

What is there to see in invisible artworks empty books or blank screens How do formal absences generate meaning Constructing an argument by way of montage this book is an annotated inventory of textual visual and conceptual figures of absence Spanning different media it reveals a creative tradition that uses absence not as a negative aesthetic category but as a productive state of radical indeterminacy with its own politics and poetics Although post structuralism highlighted the importance of what is offstage lost forgotten hidden or discarded silent or silenced the poetics and politics of absence much like its ethics and aesthetics have rarely been discussed across media and disciplines This book proposes the concept of radical absence to describe a certain tradition of resistance to ontology predication and representation contesting their reliance on a metaphysics of presence Apophatic speech empty signifiers and figural voids are some of the figures through which radical absence becomes apparent with unprecedented intensity in twentieth century theory literature film and the arts Phantasmatic and outrageous such figures play with creative strategies of dematerialization irony and other forms of discursive undoing Therefore absence becomes more than a simple theme it reflects back on the medium and the meaning making conditions under which it operates Elusive and imprecise as an object of study absence requires more subtle and flexible epistemological frameworks than have been available to date This monograph proposes we think of it not only as a counter concept for presence but also and perhaps more productively as infinite spacing deferral fragmentation and displacement
