Approaches To Peace A Reader In Peace Studies:

Approaches to Peace David P. Barash, 2000 Approaches to Peace provides a unique and interdisciplinary sampling of classic articles and short literary selections focusing on the diverse aspects of peace and conflict studies Readings cover the causes of war and ways to prevent it the need for peace nonviolence and peace movements religious inspirations and our future prospects for peace The book offers a balanced and unbiased approach that is vital and easily adaptable to general discussions of both peace and conflict as well as to the rapidly changing issues of the moment Each selection is prefaced by a short introduction highlighting the author s background the work s historical context and the selection s significance in terms of the big picture

The Palgrave Handbook of Global Approaches to Peace Aigul Kulnazarova, Vesselin Popovski, 2018-12-19 With existing literature focusing largely on Western perspectives of peace and their applications a global understanding of peace is much needed Spurred by more recent debates and discourses that criticize the dominant realist and liberal approaches for crises in contemporary state and peace building the contributors to this handbook emphasize not only the need to solve this eternal conundrum of humanity but also demand with the rise of increasingly more violent conflicts in international relations the development of a global interpretive framework for peace and security To this end the present handbook examines conceptual institutional and normative interpretive approaches for making building and promoting peace in the context of roles played by state and non state actors within local national regional and global units of analysis

Youth Peacebuilding Lesley J. Pruitt, 2013-04-01 This book highlights the important role youth can play in processes of peacebuilding by examining music as a tool for engaging youth in such activities As Lesley J Pruitt discusses throughout the book music as expression as creation as inspiration can provide many unique insights into transforming conflicts altering our understandings and achieving change She offers detailed empirical work on two youth peacebuilding programs in Australia and Northern Ireland countries that appear overtly peaceful but where youth still face structural violence and related direct violence at the community level She also pays careful attention to the ways in which gender norms might influence young people s participation in music based peacebuilding activities Ultimately the book defines a new research area linking youth cultures and music with peacebuilding practice and policy

The Psychology of Peace Promotion Mary Gloria C. Njoku, Leonard A. Jason, R. Burke Johnson, 2019-07-04 This volume Psychology of Peace Promotion builds on previous volumes of peace psychology extending its contributions by drawing from peace research and practices from five continents Africa Asia Europe North America and South America The book discusses emerging disciplinary and interdisciplinary theories and actions Each chapter begins with a theoretical framework for understanding peace followed by a critical review of peace promotion in a specific setting and concludes with an illustration of psychological principles or theories in either a narrative format or an empirical investigation This volume develops as well as guides its readers on the epistemology of promoting and sustaining peace in varied settings around the world This book presents relevant cutting edge

peace promotion strategies to anyone interested in promoting peace more effectively including peace practitioners scholars teachers and researchers as well as the general reader It presents a number of innovative approaches illustrating their applications to specific social problems settings and populations In addition this volume has much in store for both academic and practice based scientists in the field of peace psychology mental health professionals administrators educators and graduate students from various disciplines The goal is the promotion and sustenance of peace using theoretically sound yet innovative and creative approaches As expressed by the United Nations Secretary peace does not occur by happenstance Promoting and sustaining peace requires reflective thoughtful and targeted efforts This book inspires its readers to develop a better understanding of peace and the means of promoting peace in a sustainable way *Peacebuilding Paradigms* Henry F. Carey, 2020-12-17 Peacebuilding is explained by combining interpretive frameworks paradigms that have evolved from the subfields of international relations and comparative politics **Ethnographic Peace Research** Gearoid Millar, 2017-11-24 This volume calls for an empirical extension of the local turn within peace research Building on insights from conflict transformation gender studies critical International Relations and Anthropology the contributions critique existing peace research methods as affirming unequal power marginalizing local communities and stripping the peace kept of substantive agency and voice By incorporating scholars from these various fields the volume pushes for more locally grounded ethnographic and potentially participatory approaches While recognizing that any Ethnographic Peace Research EPR agenda must incorporate a variety of methodologies the volume nonetheless paves a clear path for the much needed empirical turn within the local turn literature Peace and Conflict Studies David P. Barash, Charles P. Webel, 2013-03-26 Peace and Conflict Studies Third Edition sets the standard for an accessible introduction and comprehensive exploration of this vital subject The authors share their vast knowledge and analysis of 21st century world events Including new chapters on research methods and democracy as well as timely topics such as nuclear proliferation models of conflict analysis outcomes and solutions the Non Proliferation Treaty the rise of the BRICs countries and much more With an broad and authoritative scope this introductory text chronicles a plethora of important global topics from pre history to the present Key Features Includes updated chapters and examines current conflicts including the latest developments in Iran and North Korea Explores the important aspects of positive peace individual violence nationalism and terrorism Provides numerous visual aids questions for further study and suggested readings Furnishes a comprehensive range of material to enlighten and enrich future discussion and encourage further academic pursuit *Second International Handbook on Globalisation, Education and Policy Research* Joseph Zajda, 2015-01-06 This handbook presents a global overview of developments in education and policy change during the last decade It provides an accessible practical and comparative source of current research that examines the intersecting and diverse discourses of this important issue Divided into two parts the handbook first examines globalisation and education policy reforms including coverage of main trends as well as specific policy issues such as gender

equity minorities and human rights Next the handbook offers a comparative perspective that evaluates the ambivalent and problematic relationship between globalisation the state and education reforms globally It features coverage on curricula issues and education reforms in schools around the world as well as the curriculum in the global culture Now more than ever there is a need to understand and analyse both the intended and the unintended effects of globalisation on economic competitiveness educational systems the state and relevant policy changes all as they affect individuals the higher education sector schools policy makers and powerful corporate organisations across the globe By examining some of the major education policy issues particularly in the light of recent shifts in education and policy research this handbook offers readers a comprehensive picture of the impact of globalisation on education policy and reforms It will serve as a vital sourcebook of ideas for researchers practitioners and policy makers in education

Security Studies Associate Professor Elliott School of International Affairs Paul D Williams, Dr,Paul D. Williams,2008-06-03 Security Studies is the most comprehensive textbook available on security studies It gives students a detailed overview of the major theoretical approaches key themes and most significant issues within security studies Part 1 explores the main theoretical approaches currently used within the field from realism to international political sociology Part 2 explains the central concepts underpinning contemporary debates from the security dilemma to terrorism Part 3 presents an overview of the institutional security architecture currently influencing world politics using international regional and global levels of analysis Part 4 examines some of the key contemporary challenges to global security from the arms trade to energy security Part 5 discusses the future of security Security Studies provides a valuable teaching tool for undergraduates and MA students by collecting these related strands of the field together into a single coherent textbook

Peace Education and Religion: Perspectives, Pedagogy, Policies Marcia Hermansen,Ednan Aslan,Evrin Erşan Akkılıç,2022-10-02 Whether formally incorporated into curriculum and teacher training or informally integrated in contexts such as state or NGO initiatives dealing with resolving social ethnic and religious conflicts peace education is increasingly recognized as a critical component in addressing violence in contemporary plural societies Peace education can constructively undertake a reframing of historical narratives while inspiring practical community activities An important but insufficiently studied and theorized aspect of peace education is the role of religion The challenge to peace education in today s globalized diverse mobile and religiously pluralistic world is to be able to take both complex global and distinctive local situations into account The contributions to this integrative collection of essays provide exactly these local and global perspectives on the state of peace education and its relationship to religion across pedagogy and curriculum state policies and activism within societies on the front lines of resolving internal conflicts whether historical or recent that often reflect aspects of religious identities

Stress of War, Conflict and Disaster George Fink,2010-11-25 Stress is a universal phenomenon that impacts adversely on most people Following on the heels of Stress Science Neuroendocrinology and Stress Consequences Mental Neuropsychological and Socioeconomic this third derivative

volume will provide a readily accessible and affordable compendium that explains the phenomenon of stress as it relates physically and mentally to war conflict and disaster The first section will be dedicated to study of the link between stress and various forms of conflict Specific instances of conflict will be discussed the Gulf wars Korea Hiroshima bombing the Holocaust 9 11 Northern Ireland terrorism in general torture The second section will explore the stress impact of more general physical disasters such as airline and vehicle accidents earthquakes floods and hurricanes The final section will focus on the clinical relationship between conflict stress and various mental diseases PTSD suicide disaster syndrome etc as well as the adverse impact of stress on human physical health in general Comprised of about 100 top articles selected from Elsevier's Encyclopedias of Stress the volume will provide a valuable desk reference that will put relevant articles readily at the fingertips of all scientists who consider stress Chapters offer impressive and unique scope with topics addressing the relationship between stress generated by war conflict and disaster and various physical mental disorders Richly illustrated with over 200 figures dozens in color Articles carefully selected by one of the world's most preeminent stress researchers and contributors represent the most outstanding scholarship in the field with each chapter providing fully vetted and reliable expert knowledge Humanitarian Law in Action Within Africa Jennifer Moore, 2012-04-19 In this book Jennifer Moore studies the role and application of humanitarian law by considering the experiences of African countries that are emerging from civil wars Moore first offers an overview of international law including its essential vocabulary and then describes four particular subfields of international law international humanitarian law international human rights law international criminal law and international refugee law After offering readers this important backdrop Moore turns to practical mechanisms necessary to implement international humanitarian law focusing specifically on the experiences of Uganda Sierra Leone and Burundi This study of humanitarian law despite its focus on Africa's experience is important to conflict resolution and reconstruction throughout the world *John A Collected Essays 2* John Scales Avery, 2016-02-06 This book contains a collection of essays and articles by John Scales Avery discussing the severe problems and challenges which the world faces during the 21st century Human civilization and the biosphere are threatened by catastrophic climate change Unless rapid steps are taken to replace fossil fuels by 100% renewable energy we risk passing a tipping point beyond which uncontrollable feedback loops could produce a 6th extinction event comparable to those observed in the geological record Another serious threat to human civilization and the biosphere is the danger of a catastrophic thermonuclear war Over a long period of time there is an ever increasing risk that such a war will occur by accident or miscalculation Thirdly there is threat of an extremely serious and widespread famine produced by the climate change rapidly growing populations and the end of the fossil fuel era We must urgently address all three challenges *Japan in the World* Klaus Schlichtmann, 2009-01-01 The twentieth century is as remarkable for its world wars as it is for its efforts to outlaw war in international and constitutional law and politics Japan in the World examines some of these efforts through the life and work of Shidehara Kijuro who was

active as diplomat and statesman between 1896 until his death in 1951 Shidehara is seen as a guiding thread running through the first five decades of the twentieth century Through the 1920s until the beginning of the 1930s his foreign policy shaped Japan's place within the community of nations The positive role Japan played in international relations and the high esteem in which it was held at that time goes largely to his credit As Prime Minister and man of the hour after the Second World War he had a hand in shaping the new beginning for post war Japan instituting policies that would start his country on a path to peace and prosperity Accessing previously unpublished archival materials Schlichtmann examines the work of this pacifist statesman situating Shidehara within the context of twentieth century statecraft and international politics While it was an age of devastating total wars that took a vast toll of civilian lives the politics and diplomatic history between 1899 and 1949 also saw the light of new developments in international and constitutional law to curtail state sovereignty and reach a peaceful order of international affairs Japan in the World is an essential resource for understanding that nation's contributions to these world changing developments [Conflict Transformation](#) Rhea A. DuMont,,Tom H. Hastings,Emiko Noma,2013-03-13 Seeking to expand the transformative aspect of conflict resolution the contributors to this edited collection have focused on gathering scholarship from under represented voices and viewpoints in the field the emerging discipline Most mainstream conflict resolution seems to look either at interpersonal conflict or international conflict without much focus on the differing individuals and social structures involved These peer reviewed essays add significant findings to those gaps in the literature The editors and contributors are perhaps not coincidentally mostly women and people of color whose voices are often absent from other collections Instructors considering this book for use in a course may request an examination copy here [Think, Care, Act](#) Susan Gelber Cannon,2011-12-01 Committed to teaching for peace and justice the author brings to life a teaching approach that empowers youth to think critically and creatively about historical current and future issues to care about classmates and neighbors as well as the global community to act locally and globally for the greater good Think Care Act Teaching for a Peaceful Future is readable practical conversational and intimate It will inspire readers to build a just and peaceful world Think Care Act depicts the daily successes and struggles a peace educator undergoes in encouraging students to envision peace and gain tools to build a culture of peace The author uses three imperatives think care act to infuse required curricula with peace character and multicultural concepts in daily activities throughout the year Chapters address critical and creative thinking media and political literacy compassionate classroom and school climate explorations of racism gender issues civil discourse global citizenship war and peace and school community and global social action projects Chapters include rationales lesson expectations and classroom play by play Students feedback about the impact of lessons is also featured With its combination of theory and practice Think Care Act is unique It will motivate teachers education students and scholars to employ think care act frameworks to empower students to build a peaceful future [Confronting War](#) Ronald J. Glossop,2012-07-24 This immensely successful textbook is broken into four

parts Part One Introduction to the War Problem discusses the nature of the war problem the conceptual framework and the historical framework Part Two Causes of War talks about the cause of war group competition and group identification other views about causes of war and the value of war In Part Three The Contemporary Situation the reader will learn about ideological aspects national historical aspects military aspects institutional aspects and legal aspects of the contemporary situation Part Four Proposals for Solving the War Problem discusses reforming the attitudes of individuals reforming the internal operation of national governments reforming the policies of national governments and reforming the international system It also includes maps tables and charts which will be especially helpful to the reader Instructors considering this book for use in a course may request an examination copy here **Communication and Peace** Julia Hoffmann, Virgil

Hawkins, 2015-02-11 This book analyses the use of communication in resolving conflicts with a focus on de escalation and processes of peacebuilding and peace formation From the employment of hate radio in the Rwanda genocide to the current conflict between Russia and the Ukraine following events in the Crimea communication and the media are widely recognized as powerful tools in conflicts and war Although there has been significant academic attention on the relationship between the media conflict and war academic efforts to understand this relationship have tended to focus primarily on the links between communication and conflict rather than on communication and peace In order to make sense of peace it is essential to look at communication in its many facets mediated or not This is true within many of the diverse strands that make up the field of communication and peace but it is also true in the sense that a holistic and interdisciplinary approach is missing from the literature This book addresses this widely acknowledged lacuna by providing an interdisciplinary perspective on the field bringing together relevant but so far largely isolated streams of research In doing so it aims to provide a platform for further reflection of the meaning of and requirements for peace in our contemporary world with a focus on de escalation conflict transformation reconciliation and processes of peacebuilding as opposed to conflict escalation or crisis intervention This volume will be of much interest to students of peace and conflict studies peacebuilding media and communication studies security studies and IR in general Research Handbook on International Law and Peace Cecilia M. Bailliet, 2019 Peace is

an elusive concept especially within the field of international law varying according to historical era and between contextual applications within different cultures institutions societies and academic traditions This Research Handbook responds to the gap created by the neglect of peace in international law scholarship Explaining the normative evolution of peace from the principles of peaceful co existence to the UN declaration on the right to peace this Research Handbook calls for the fortification of international institutions to facilitate the pursuit of sustainable peace as a public good *Peace Ecology* Randall Amster, 2015-11-17 Peace Ecology presents a cutting edge exploration of an emerging paradigm that links the essence of peace and nonviolence with the tenets of ecology and the principles of environmentalism Looking at issues including food justice water sharing climate change peace zones and the free economy this book considers examples and

illustrations from around the world where people communities and nations are employing the teachings of ecology as a tool for mitigating conflict and promoting peace Peace Ecology presents an integrative perspective that bears directly upon the most pressing issues of our time constituting both the ecological realm of peace and the peacemaking potential of ecology The volume examines the rich history contemporary relevance and transformative future potential inherent in this dynamic nexus of theory and action Its overarching aim is no less than moving the current scarcity conflict paradigm to one of cooperative resource management and ultimately toward peaceful coexistence both among ourselves and within the balance of nature To read the Common Dreams excerpt of Peace Ecology [Click Here](#) Talk Nation Radio Interview with Randall Amster and David Swanson [here](#)
