Approaching Retirement Social Divisions Welfare And Exclusion

Kirk Mann

Approaching Retirement Social Divisions Welfare And Exclusion:

Approaching Retirement Kirk Mann, 2001-11-21 Using the idea of the social division of welfare as a template this book assesses different approaches to retirement pensions policy highlighting their relative strengths and weaknesses An invaluable resource for social science students and for those who teach them Economists and pension practitioners will also find food for thought here

Approaching retirement Kirk Mann, 2001-11-21 We are all approaching retirement but what should we expect For some it is a happy prospect Others approach retirement knowing they face hardship and social exclusion Amid alarming predictions of a demographic time bomb governments and the private pensions industry urge everyone to plan and save now but admit that there are risks But will the pension funds deliver on their promises Will the rich increasingly retire early but the poor work for longer How reliable are state pension schemes Do the USA Sweden or Australia have a better approach to retirement pensions than the UK *Approaching retirement* tackles these and many other questions from a number of sociological perspectives Using the idea of the social division of welfare as a template different approaches to retirement pensions policy are assessed and their strengths and weaknesses clearly presented This book will be an invaluable resource for social science students at all levels and for those who teach them Economists and pension practitioners will also find food for thought here

Not So New Labour Simon Prideaux, 2005 New Labour has concentrated many of its social policy initiatives in reinvigorating the family community and work But just how new are the ideas driving policy and practice This book shows how New Labour has drawn on the ideas and premises of functionalism which dominated British and American sociological thought from the 1940s to the 1960s

Age Discrimination John Macnicol, 2006-01-12 Age discrimination is a highly topical issue in all industrialised societies against a background of concerns about shortening working lives and ageing populations in the future Based upon detailed research and adopting an interdisciplinary approach this unique study traces the history of the age discrimination debate in Britain and the USA since the 1930s It critically analyses the concepts of ageism in social relations and age discrimination in employment Case studies on generational equity and health care rationing by age are followed by an analysis of the British government's initiatives against age discrimination in employment The book then traces the history of the debate on health status and old age addressing the question of whether working capacity has improved sufficiently to justify calls to delay retirement and extend working lives It concludes with a detailed examination of the origins and subsequent working of the USA's 1967 Age Discrimination in Employment Act

Gender, Pensions and the Lifecourse Jay Ginn, 2003 Using original data analysis this book highlights the new patterns of pension advantage and disadvantage that are emerging amongst women influenced by partnership status parenthood employment histories class and ethnicity

Social Alarms to Telecare Fisk, Malcolm J, 2003-06-25 Social policy agendas have generally failed to take account of the actual or potential role played by social alarms and telecare This book draws on research and practice throughout the developed world It documents the emergence

of these important technologies and considers their potential in healthcare social welfare and housing *Computers, Phones, and the Internet* Robert Kraut, Malcolm Brynin, Sara Kiesler, 2006-07-06 During the past decade technology has become more pervasive encroaching more and more on our lives Computers cell phones and the internet have an enormous influence not only on how we function at work but also on how we communicate and interact outside the office Researchers have been documenting the effect that these types of technology have on individuals families and other social groups Their work addresses questions that relate to how people use computers cell phones and the internet how they integrate their use of new technology into daily routines and how family function social relationships education and socialization are changing as a result This research is being conducted in a number of countries by scientists from a variety of disciplines who publish in very different places The result is that it is difficult for researchers and students to get a current and coherent view of the research literature This book brings together the leading researchers currently investigating the impact of information and communication technology outside of the workplace Its goal is to develop a consolidated view of what we collectively know in this fast changing area to evaluate approaches to data collection and analysis and to identify future directions for research The book will appeal to professionals and students in social psychology human technology interaction sociology and communication **Changing Administration, Changing Society** Peter Herrmann, Sabine Herrenbrueck, 2007 Welfare is a current global issue challenging the lives of many Investigations are constantly being made to find answers in search of the most proficient social model This book presents the usefulness of an enhanced model for welfare regime analysis and shows the localisation of social professional orientations This includes social quality social professions traditions public services globalisation child protection retirement plans and other social services *IBSS: Sociology: 2002 Vol.52* Compiled by the British Library of Political and Economic Science, 2004-03-01 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world s most expert librarians and academics Breadth today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included International Coverage the IBSS reviews scholarship published in over 30 languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French Place your standing order now for the 2002 volumes of the the IBSS Anthropology 2002 Vol 48 December 2003 234x156 Hb 0 415 32634 6 195 00 Economics 2002 Vol 51 December 2003 234x156 Hb 0 415 32635 4 195 00 Political Science 2002 Vol 51 December 2003 234x156 Hb 0 415 32636 2 195 00 Sociology 2002 Vol 52 December 2003 234x156 Hb 0 415 32637 0 195 00 **Occupational Welfare** Bent Greve, 2007-01-01 Occupational welfare is

becoming increasingly important in Europe This book presents data on occupational welfare and its development and questions not only the traditional clustering of welfare states but also the analyses of welfare states in terms of public sector spending and involvement **The Ethics of Welfare** Hartley Dean,2004-03-24 Britain s New Labour government claims to support the cause of human rights At the same time it claims that we can have no rights without responsibility and that dependency on the state is irresponsible The ethics of welfare offers a critique of this paradox and discusses the ethical conundrum it implies for the future of social welfare Risk in Social Science Peter Taylor-Gooby,Jens O. Zinn,2006-10-05 Intended for students and scholars from the social sciences this is an introduction to work on risk It discusses the basic issues in risk research and examines some of the key themes in this field looking at topics such as the media crime the environment and social inequality *Social Policy Review 18* Linda Bauld,Karen Clarke,Tony Maltby,2006

Understanding Social Citizenship Peter Dwyer,2010-06-09 This accessible textbook provides students with the knowledge and background they need to understand the concept of citizenship in the UK the EU and global institutions The book combines an outline of competing perspectives on citizenship with an evaluation and appreciation of the implications that class gender ethnicity disability and age may have for the social and citizenship status of certain individuals and groups It offers a clear sense of the history of citizenship and the key theoretical debates that have informed contemporary understandings of the concept Fully revised and updated this second edition includes a new chapter on ageing and older citizens plus new topical sections The book s easy to digest text boxes will aid learning and teaching **Social Policy Review 15** Catherine Bochel,Nick Ellison,Martin Powell,2003-07-16 Social Policy Review 15 continues the tradition of providing a different style and approach to policy issues from that found in most academic journals and books This volume combines issues such as globalization Europe and pensions with examination of the current and historical contexts of social policy **Senior Citizenship?** Louise Ackers,Peter Dwyer,2002-06-26 Debates about citizenship in Europe are increasingly topical as the EU expands This book charts the development of mobility and welfare rights for retired people moving or returning home under the Free Movement of Persons provisions It raises important issues around the future of social citizenship in an increasingly global and mobile world **Neoliberalising Old Age** John Macnicol,2015-10-08 This book examines the effect of neoliberalism on the recent ageing and social policy agenda in the UK and the USA **Debating Pensions** Frank Field,2002 **Age and the Reach of Sociological Imagination** Dale Dannefer,2021-08-09 The dominant narratives of both science and popular culture typically define aging and human development as self contained individual matters failing to recognize the degree to which they are shaped by experiential and contextual contingencies Our understandings of age are thereby boxed in and constricted by assumptions of normality and naturalness that limit our capacities to explore possible alternative experiences of development and aging and the conditions both individual and social that might foster such experiences Combining foundational principles of critical social science with recent breakthroughs in

research across disciplines ranging from biology to economics this book offers a scientifically and humanly expanded landscape for apprehending the life course Rejecting familiar but false dichotomies such as nature vs nurture and structure vs agency it clarifies the organismic fundamentals that make the actual content of experience so centrally important in age and development and it also explores why attention to these fundamentals has been so resisted in studies of individuals and individual change and in policy and practice as well In presenting the basic principles and reviewing the current state of knowledge Dale Dannefer introduces multi levelled social processes that shape human development and aging over the life course and age as a cultural phenomenon organizing his approach around three key frontiers of inquiry that each invite a vigorous exercise of sociological imagination the Social Structural Frontier the Biosocial Frontier and the Critical Reflexive Frontier

The Futures of Old Age John A Vincent, Chris Phillipson, Murna Downs, 2006-06-02 What is the future of old age How will families services and economies adapt to an older population Such questions often provoke extreme and opposing answers some see ageing populations as having the potential to undermine economic growth and prosperity others see new and exciting ways of living in old age The Futures of Old Age places these questions in the context of social and political change and assesses what the various futures of old age might be Prepared by the British Society of Gerontology The Futures of Old Age brings together a team of leading international gerontologists from the United Kingdom and United States drawing on their expertise and research The book s seven sections deal with key contemporary themes including population ageing households and families health wealth pensions migration inequalities gender and self and identity in later life

Reviewing **Approaching Retirement Social Divisions Welfare And Exclusion**: Unlocking the Spellbinding Force of Linguistics
