Hearings United States. Congress. House. Committee on Un-American Activities, 1955 *Almost Paradise* Elizabeth Cain, 2013-06 When Serena Skye applies to work with abused and troubled horses in the round pen at an isolated Nevada guest ranch she instantly notices that her prospective boss Julian Rose is drop dead gorgeous After he hires her Serena begins to work her magic with the horses all while secretly pining for Julian But Serena has no idea that underneath the brilliance of equines runs a dangerous ground that will soon propel her on an unexpected journey through the darkness of insanity After just two days Serena has already impressed Julian with her wrangling skills saved his life and shared a passionate kiss with him As they cautiously begin a romantic relationship Julian discloses that he has not seen his schizophrenic wife Miranda in eight years after she was committed to a mental institution after murdering two horses and nearly killing him Too frightened to divorce her for fear of deadly repercussions Julian has just learned that Miranda has been released early and is roaming the nearby desert with a gun In this gripping psychological drama a young wrangler becomes unwittingly embroiled in a perilous struggle where she must devise a way to save the animals and people she loves from the madness that threatens their paradise **Almost Paradise** Patt Gavin, 2003 Peter Grant and Craig Walters have been friends for over 20 years having first met in college Their friendship endured throughout the years first as roommates and then as neighbors and relocated from New York to Los Angeles Now the two explore a deeper relationship as they express a long ignored love for each other Craig an openly gay man shows Peter a world he never knew existed In the process Peter learns of the difficulties and discriminations that gay people face every day in America Almost Paradise explores the gay subculture in America from the perspective of these men and their friends and families The topic is treated with a certain amount of humor indicative of the handling of the situation by most gay Americans Underneath the mirthful veneer is an example of what life can be like for gays if they band together as well as what this country would be like for heterosexuals were all the gays to leave *Hearings Before the Committee on Un-American Activities, House of Representatives, Eighty-fourth Congress, First Session* Estados Unidos. Your Whole Life James Bernard Murphy, 2020-04-24 A holistic view of human development that rejects the conventional stages of childhood adulthood and old age When we talk about human development we tend to characterize it as proceeding through a series of stages in which we are first children then adolescents and finally adults But as James Bernard Murphy observes growth is not limited to the young nor is decline limited to the aged We are never trapped within the horizon of a particular life stage children anticipate adulthood and adults recapture childhood According to Murphy the very idea of stages of life undermines our ability to see our lives as a whole In *Your Whole Life* Murphy asks what accounts for the unity of a human life over time He advocates for an unconventional developmental story of human nature based on a nested hierarchy of three powers first each person's unique human genome insures biological identity over time second each person's powers of imagination and memory insure psychological identity over time and third each person's ability to tell his or her own life story insures narrative identity over time Just as imagination and memory rely upon our biological identity so our autobiographical stories rest upon our psychological identity Narrative is not the foundation of personal identity as many argue but its capstone Engaging with the work of Aristotle Augustine Jesus and Rousseau as well as with the contributions of contemporary evolutionary biologists and psychologists Murphy challenges the widely shared assumptions in Western thinking about personhood and its development through discrete stages of childhood adulthood and old age He offers instead a holistic view in which we are always growing and declining always learning and forgetting and always living and dying and finds that only in relation to one's whole life does the passing of time obtain meaning
