The Mollusks Charles F. Sturm, Timothy A. Pearce, Ángel Valdés, 2006 Mollusks have been important to humans since our earliest days Initially when humans were primarily

interested in what they could eat or use mollusks were important as food ornaments and materials for tools Over the centuries as human knowledge branched out and individuals started to study the world around them mollusks were important subjects for learning how things worked In this volume the editors and contributors have brought together a broad range of topics within the field of malacology It is our expectation that these topics will be of interest and use to amateur and professional malacologists **Occupational Outlook Quarterly** ,1981 **Freshwater and Marine Aquarium** ,2003

Goldfish in the Parlour Professor John Simons,2023-01-01 For the first time fish became our companions and a corner of many a Victorian parlour was given over to housing tiny fragments of their world enclosed in glass The experience of seeing a fish swimming in a glass tank is one we take for granted now but in Victorian England this was a remarkable sight People had simply not been able to see fish as they now could with the invention of the aquarium and everything that went with it Goldfish in the Parlour looks at the boom in the building of public aquariums as well as the craze for home aquariums and visiting the seaside during the reign of Queen Victoria Furthermore this book considers how people see and meet animals and importantly in what institutions and in what contexts these encounters happen John Simons uncovers the sweeping consequences of the Victorian obsession with marine animals by looking at naturalist Frank Buckland s Museum of Economic Fish Culture and the role of fish in the Victorian economy the development of angling as a sport divided along class lines the seeding of Empire with British fish and comparisons with aquarium building in Europe USA and Australia Goldfish in the Parlour interrogates the craze that took over Victorian England when aquariums introduced fish to parks zoos and parlours
