Sharing Spaces Finn Arne Jørgensen, Dolly Jørgensen, 2024-11-12 Human and animal lives intersect whether through direct physical contact or by inhabiting the same space at a different time Environmental humanities scholars have begun investigating these relationships through the emerging field of multispecies studies building on decades of work in animal history feminist studies and Indigenous epistemologies Contributors to this volume consider the entangled human animal relationships of a complex multispecies world where domesticated animals wild animals and people cross paths creating hybrid naturecultures Technology they argue structures how animals and humans share spaces From clothing to cars to computers technology acts as a mediator and connector of lives across time and space It facilitates ways of looking at measuring moving and killing as well as controlling containing conserving and cooperating with animals Sharing Spaces challenges us to analyze how technology shapes human relationships with the nonhuman world exploring nonhuman animals as kin companions food transgressors entertainment and tools

The South Carolina Aquarium Guide to Aquatic Habitats of South Carolina Pete Laurie, David Chamberlain, 2003 Showcases the vibrant ecosystems sustained by South Carolina's waterways Sure to foster a greater appreciation for South Carolina's waterways as well as a desire to conserve them for future generations The South Carolina Aquarium Guide to Aquatic Habitats of South Carolina introduces readers hikers boaters reachers and students to the remarkable beauty and complexity of the state's wetlands With almost a quarter of its acreage covered by water South Carolina is a small state distinguished by biological diversity and an extensive range of habitats This guide written in an engaging and easy to read style by two experienced naturalists tells the story of water's inexorable movement from mountains to coast and of the abundant plant and animal species that benefit from its many stops starts and backtrackings along the way Underscoring the fact that the state's streams rivers lakes swamps marshes and estuaries form a single interrelated system Pete Laurie and David Chamberlain explore the particular wetland habitats in each of South Carolina's five physiographic regions They describe habitats as varied as waterfalls blackwater swamps and tidal creeks and as distin

Freshwater and Marine Aquarium, 2003 *Nature's Realm*, 1891 *Women Scientists in America* Margaret W. Rossiter, 2012-02-21 The third volume of Margaret W. Rossiter's landmark survey of the history of American women scientists focuses on their pioneering efforts and contributions from 1972 to the present Central to this story are the struggles and successes of women scientists in the era of affirmative action Scores of previously isolated women scientists were suddenly energized to do things they had rarely if ever done before form organizations and recruit new members start rosters and projects put out newsletters confront authorities and even fight and win lawsuits Rossiter follows

the major activities of these groups in several fields from engineering to the physical biological and social sciences and their campaigns to raise consciousness see legislation enforced lobby for passage of the Equal Rights Amendment and serve as watchdogs of the media This comprehensive volume also covers the changing employment circumstances in the federal government academia industry and the nonprofit sector and discusses contemporary battles to increase the number of women members of the National Academy of Science and women presidents of scientific societies In writing this book Rossiter mined nearly one hundred previously unexamined archival collections and more than fifty oral histories With the thoroughness and resourcefulness that characterize the earlier volumes she recounts the rich history of the courageous and resolute women determined to realize their scientific ambitions

Design Issues ,1995 [Encyclopedia of Tidepools and Rocky Shores](#) Mark W Denny, Steve Gaines, 2007-09-03 This is the book I have been waiting for Written by experts in each field this encyclopedia provides a wealth of information not only about the tidepool and shore life but also the oceanography associated with these habitats This will be a major reference guide for years to come Dr Nigella Hillgarth Executive Director Birch Aquarium at Scripps Scripps Institution of Oceanography The Encyclopedia of Tidepools and Rocky Shores covers much more than one might guess It ranges from oceanography to physiology biomechanics and conservation science along with the expected treatment of the diverse groups of organisms that live in those habitats The coverage of each topic is kept short and comprehensible to almost everyone from high schools to colleges and certainly to the general public interested in learning more about this fascinating part of our natural world Best of all the editors have managed to get some of the best scientists in the world the absolute experts in their fields to write the articles The relatively short length of each entry also makes this book an ideal source for assigned readings to accompany marine biology ecology or oceanography classes laboratories and field trips It will be much appreciated by teachers and students Ken Sebens Director of the Friday Harbor Marine Laboratories University of Washington The place where vast oceans meet the land is wondrous complex and fascinating Visitors from research scientists to toddlers have explored these ecosystems one of nature s most popular theme parks Anyone who has spent time amongst the sea stars crabs and kelp departs full of unanswered questions Now these questions can be answered by dipping into the Encyclopedia of Tidepools and Rocky Shores The editors and contributors to this reference have created a new standard that will be an immediate classic Leon Panetta Director The Leon Sylvia Panetta Institute for Public Policy This volume is a wonderful introduction to the hidden and fascinating world of rocky tidepools Grab a copy and head out with your kids or students for an outdoor experience that s sure to get them hooked From remarkable adaptations of marine algae to weird animal life histories tidepools hold amazing stories to tell They deserve our interest and our care as part of earth s natural systems that sustain us all Julie Packard Executive Director Monterey Bay Aquarium Tide pool lovers the world around will satisfy their curiosity uncover new gems of insight and renew their wonder of nature at lands end in this authoritative fascinating and insightful compilation Revealed within are the secrets of rocky shores and tide
