Arabbers Of Baltimore:

The Arabbers of Baltimore Roland L. Freeman, 1989 *The Baltimore Book* Elizabeth Fee, Linda Shopes, Linda Zeidman, 1993-11 Baltimore has a long colorful history that traditionally has been focused on famous men social elites and patriotic events The Baltimore Book is both a history of the other Baltimore and a tour guide to places in the city that are important to labor African American and women s history The book grew out of a popular local bus tour conducted by public historians the People s History Tour of Baltimore that began in 1982 This book records and adds sites to that tour provides maps photographs and contemporary documents and includes interviews with some of the uncelebrated people whose experiences as Baltimoreans reflect more about the city than Francis Scott Key ever did The tour begins at the B Fells Point Sparrows Point the suburbs Federal Hill and Baltimore s renaissance at Harborplace Interviews with community activists civil rights workers Catholic Workers and labor union organizers bring color and passion to this historical tour Specific labor struggles class and race relations and the contributions of women to Baltimore s development are emphasized at each stop Author note Elizabeth Fee is Professor in the Department of Health Policy and Management of The Johns Hopkins University School of Hygiene and Public Health Linda Shopes is Associate Historian at the Pennsylvania Historical and Museum Commission Linda Zeidman is Professor of History and Economics at Essex Community College **Inventing America's Worst Family** Nathaniel Deutsch, 2023-09-01 This book tells the stranger than fiction story of how a poor white family from Indiana was scapegoated into prominence as America s worst family by the eugenics movement in the early twentieth century then reinvented in the 1970s as part of a vanguard of social rebellion In what becomes a profoundly unsettling counter history of the United States Nathaniel Deutsch traces how the Ishmaels whose patriarch fought in the Revolutionary War were discovered in the slums of Indianapolis in the 1870s and became a symbol for all that was wrong with the urban poor The Ishmaels actually white Christians were later celebrated in the 1970s as the founders of the country s first African American Muslim community This bizarre and fascinating saga reveals how class race religion and science have shaped the nation s history and myths This book tells the stranger than fiction story of how a poor white family from Indiana was scapegoated into prominence as America s worst family by the eugenics movement in the early twentieth century then reinvented in the 1970s as part of a vanguard **Maryland's Vanishing Lives** John Sherwood, 1995-10 For more than two years John Sherwood roamed Maryland s small towns and city neighborhoods traveled Appalachian back roads and sailed the Chesapeake looking for people whose work or way of life recalled the state s rich and varied tradition Maryland s Vanishing Lives is his vivid account of the people he met on those journeys Working in a country store or an old time movie house on a small tobacco farm or a weathered skipjack Sherwood s subjects interest us as people as stubborn survivors who have watched sometimes defiantly sometimes wistfully as the world moved on These Marylanders stories poignantly show what happens to family businesses and ordinary folk in the face of new technology suburban sprawl franchise outlets and changing

tastes But Maryland's Vanishing Lives is also an engaging celebration of pride and craft and the ability to survive In this collection of sixty six short profiles illustrated with memorable photographs by Edwin Remsberg Sherwood preserves for posterity the lives of Marylanders who hang on to values and skills that are quickly disappearing **The Greenwood Encyclopedia of African American Folklore** Anand Prahlad,2005-12-30 Contains over seven hundred entries on African American folklore including music art foodways spiritual beliefs and proverbs **American Photo** ,1989-10 **History Lover's Guide to Baltimore, A** Brennen Jensen,2021 Neither southern nor northern Baltimore has charted its own course through the American experience The spires of the nation's first cathedral rose into its sky and the first blood of the Civil War fell on its streets Here enslaved Frederick Douglass toiled before fleeing to freedom and Billie Holiday learned to sing Baltimore's clippers plied the seven seas while its pioneering railroads opened the prairie West The city that birthed The Star Spangled Banner also gave us Babe Ruth and the bottle cap This guide navigates nearly three hundred years of colorful history from Johns Hopkins's earnest philanthropy to the raucous camp of John Waters and from modest row houses to the marbled mansions of the Gilded Age Let local authors Brennen Jensen and Tom Chalkley introduce you to Mencken's ancient and solid city cBack cover **Super Cities: Baltimore** Kathy MacMillan,2023 Where can you eat a ton of crabs explore American history and hear people call you hon BALTIMORE This historic city in Maryland is home to the Star Spangled Banner the Baltimore Snowball and tons to see and do **Baltimore Revisited** P. Nicole King,Kate Drabinski,Joshua Clark Davis,2019-08-09 Nicknamed both Mobtown and Charm City and located on the border of the North and South Baltimore is a city of contradictions From media depictions in The Wire to the real life trial of police officers for the murder of Freddie Gray Baltimore has become a quintessential example of a struggling American city Yet the truth about Baltimore is far more complicated and more fascinating To help untangle these apparent paradoxes the editors of Baltimore Revisited have assembled a collection of over thirty experts from inside and outside academia Together they reveal that Baltimore has been ground zero for a slew of neoliberal policies a place where inequality has increased as corporate interests have eagerly privatized public goods and services to maximize profits But they also uncover how community members resist and reveal a long tradition of Baltimoreans who have fought for social justice The essays in this collection take readers on a tour through the city's diverse neighborhoods from the Lumbee Indian community in East Baltimore to the crusade for environmental justice in South Baltimore Baltimore Revisited examines the city's past reflects upon the city's present and envisions the city's future **American Photo** ,1989-10 **The Greenwood Encyclopedia of African American Folklore: A-F** Anand Prahlad,2006 Contains over seven hundred entries on African American folklore including music art foodways spiritual beliefs and proverbs **Baltimore** Philip J. Merrill,Uluaipou-O-Malo Aiono,1999 Throughout the years the city of Baltimore has played host to many well known figures including Louis Armstrong Duke Ellington and boxer Joe Louis the city has been called home by Billie Holiday Frederick Douglass and Thurgood Marshall But it is the local African American community's

The ^APolitics of Public Housing Rhonda Y. Williams, 2004-09-09 In this collective biography Rhonda Y Williams takes us behind and beyond politically expedient labels to provide an incisive and intimate portrait of poor black women in urban America Drawing on dozens of interviews Williams challenges the notion that low income housing was a resounding failure that doomed three consecutive generations of post war Americans to entrenched poverty Instead she recovers a history of grass roots activism of political awakening and of class mobility all facilitated by the creation of affordable public housing The stereotyping of black women especially mothers has obscured a complicated and nuanced reality too often warped by the political agendas of both the left and the right and has prevented an accurate understanding of the successes and failures of government anti poverty policy
