Behar,2012-01-02 No detailed description available for A Rhetoric of Silence and Other Selected Writings The Other Writing Djelal Kadir,1993 Fully conversant with the critical issues of the current cultural debates Djelal Kadir goes to great pains to articulate and exercise the scruples with which critical reading and cultured scrutiny might proceed without unduly compromising otherness or capitulating the congeniality of reading and writing as civilizing activities **Change Processes in Relationships** Alan Fogel,Andrea Garvey,Hui-Chin Hsu,Delisa West-Stroming,2006-05-25 Just as each person develops from infancy to adulthood all interpersonal relationships have a life history that encompasses the changes in how people communicate with each other This book is about how a relationship transforms itself from one pattern of communication to another The authors present a unique research method called relational historical research based on advances in dynamic systems theory in developmental psychology and qualitative methods in life history research It rests on three premises that the developing relationship not the individual is the unit of analysis that change emerges from but is not entirely constrained by the patterns of the past and that the developmental process is best revealed by making frequent observations within a particular case before during and after a key developmental transition Looking specifically at the mother infant relationship this is a compelling piece of research that will appeal to an international audience of intellectuals and practitioners

Cultural Hermeneutics Mario Valdes,2016-04-06 In Cultural Hermeneutics Mario J Vald s offers a synthesis of the hermeneutic philosophies of Miguel de Unamuno and Paul Ricoeur a dialectical method that has formed the basis for many of Vald s own studies in comparative literature As Vald s explains in these insightful essays what Unamuno and Ricoeur shared in their hermeneutic studies was a theory of interpretation in which the meaning of a work of art comes into existence through the dialectical relationship between its creator and its readers listeners or viewers Contextualizing this hermeneutic concept as it appears in the works of both philosophers Cultural Hermeneutics presents the basis for a profound understanding of the arts East Asian Literatures ,2006 This volume discusses the past present and future perspectives of literature in Japan China and South Korea and its interface with India Since this being a largely unexplored area an attempt has been made to present a true picture of the literature and cultural milieu of the East Asian countries to the readers through well researched thought provoking and enlightening papers contributed by eminent scholars from India Japan China

and Korea It is a historical fact that India maintained strong cultural ties with East Asian countries directly or indirectly through religion and culture since ancient times This cultural bond has become all the more significant and meaningful in this age of information technology and globalization In this context literature has a great role to play To be precise it is only through literature that this existing bond of cultural affinity among India and East Asian countries could be nurtured and strengthened This book gives a vivid picture of the state of the past and present literary trends in Japan China and South Korea the influence of Indian literary trends and thought on their literatures and the general perception and assimilation of East Asian literatures in India This book would be a unique and comprehensive reference material for teachers researchers students writers and literary critics of Indian and East Asian literatures **Borges, Second Edition** Lisa Block de Behar, 2014-03-11 Borges cites innumerable authors in the pages making up his life's work and innumerable authors have cited and continue to cite him More than a figure then the quotation is an integral part of the fabric of his writing a fabric made anew by each reading and each re citation it undergoes in the never ending throes of a work in progress Block de Behar makes of this reading a plea for the very art of communication a practice that takes community not in the totalized and totalizable soil of pre established definitions or essences but on the ineluctable repetitions that constitute language as such and that guarantee the expansiveness through etymological coincidences of meaning through historical contagions through translinguistic sharings of particular experiences of a certain index of universality This edition includes a new introduction by the author and three entirely new chapters as well as updated images and corrections to the original translation **The Writer's Experience** Peter G. Earle, 2006 These essays reflect a view admittedly skeptical of the movements isms and theories devised by many scholars in their reading of important writers Earle prefers to see Cervantes Miguel de Unamuno Gabriela Mistral and Garcia Marquez for example as basically autonomous Like most great authors they don't fit within trends Two words in this book's subtitle self and circumstance signal a concept of the writer's function in Spain and Hispanic America as primarily autobiographical and historical Ortega y Gasset's declaration Yo soy yo y mi circunstancia is really every writer's dictum particularly of those in the nineteenth and twentieth centuries who experienced in a vital way the ambiguities of the modern Hispanic World **A Study Guide for Octavio Paz's "Fable"** Gale, Cengage Learning, 2016

Octavio Paz en los debates críticos y estéticos del siglo XX Clara Román-Odio, 2006 **La herida oculta** Gustavo Solórzano Alfaro, 2009 A literary and philosophical analysis of one of the most recognized poems by the noted Mexican author Octavio Paz **DOCE ESCRITORES CONTEMPORÁNEOS** LORENTE MEDINA Antonio , NEIRA JIMÉNEZ Julio Francisco , 2017-09-12 La extraordinaria abundancia cultural del periodo contemporáneo de manera especial la riqueza en n mero y calidad de la creaci n literaria en nuestra lengua hace inabordable su estudio completo y pormenorizado y obliga a concentrarlo en algunos de sus representantes m s se alados que no s lo ofrezcan la m xima excelencia creadora por s mismos sino que sean especialmente significativos para el conocimiento del desarrollo de las diversas corrientes est ticas en

Los Teresos Fabián Casas, 2021-06-21 Si en el teatro como en la poesía la voz es fundamental Fabián Casas vuelve en esta obra a sus comienzos Les da voz a unas criaturas que andan perdidas en la vida que acaso ya la perdieron y lo que se escucha lo que se representa son las voces de unos fantasmas Le da como una novela la obra cuenta de unos que venden la casa natal a otro que busca un lugar para vivir En la casa los unos vivieron lo mejor de su juventud su juventud maravillosa Más que dialogar los personajes parecen ensimismados en sus propios monólogos Algo perdieron cada uno y mucho perdieron como generación Ahora buscan a tientas ayudados por la locución de un GPS Los Teresos en una obra de teatro que tiene un argumento novelístico y que se canta como un poema
