Through Asia Sven Anders Hedin, 1898 *Central Asia and Tibet* Sven Anders Hedin, 1903 *Adventures in Tibet*
Hedin Sven Anders, “*The*” *Geographical Journal* , 1899 *Scientific Results of a Journey in Central Asia, 1899-1902* Sven
Anders Hedin, 1905 **T'oung-pao** , 1895 **My Life As an Explorer** Sven Hedin, 2022-11-01 In this classic memoir and
travelogue the Swedish explorer shares the story of his epic journey along the ancient Silk Road After a childhood spent
reading tales of adventure in far off places Sven Hedin knew by the time he was twelve years old that he wanted to be an
explorer He lived in an age when maps still contained uncharted territories and he wished to travel to these mysterious
destinations By the late nineteenth and early twentieth centuries he traveled along the Silk Road in Asia for three decades In
My Life as an Explorer Hedin recounts his journeys along the ancient route He discovers long lost cities maps unfamiliar
rivers and finds himself in many life threatening situations He makes a perilous trek through the Taklamakan desert in China
where his party runs dangerously low on water He climbs treacherous mountains and evades ruthless bandits He infiltrates
Lhasa the Tibetan city restricted from Westerners by penalty of death And while he lives to tell the tale his journey is not
without sacrifice Originally published in 1926 Hedin s story of real life adventure was a worldwide bestseller It delighted
audiences then and continues to do so A fascinating period piece as well as a nail biting read *The Guardian* Arka Tagh
William Holgate, 1994 The story of an expedition into one of the last unexplored regions of the earth Isolated by the
Taklamakan Desert to the North and the Tibetan wastes to the south the region has remained largely ignored since the
desperate forays of a handful of Victorian explorers *The monsoon lands of Asia* Robert Rees Rawson, 2017 According to
the author a geographic region must satisfy the following conditions however striking the diversity of the physical setting and
the languages religions and general appearance of the people there must be some aspect of culture for example the social
outlook or the organization of the economy which pervades the area in such a way as to justify the recognition and study of
that area as one entity and there must be substantial cultural differences between it and adjacent areas Monsoon Asia from
Pakistan to Japan is more than a land area and an assemblage of countries it is a distinctive geographical region Its
population which includes nearly half the people in the world is mainly rural its economy mainly agricultural and its peoples
share a heritage of material poverty But change is apparent everywhere in the area This book is a compact and lucid
introduction to the dynamic as well as the unchanging characteristics of the region After an introductory section which
defines the limits of Monsoon Asia there follow chapters on structure and relief climate vegetation and soils A discussion of
the historical geography of the region leads into studies of its agriculture and industry The concluding two thirds of the book
survey the characteristics of the constituent countries India Pakistan Ceylon China Japan Korea and South East Asia proper
Burma Malaya Thailand Indonesia the Philippines etc Special attention is paid throughout to the political and social setting of
current political problems The book contains 17 plates 48 maps and diagrams a selected bibliography and an index Provided

by publisher **Encyclopædia Britannica** Walter Yust,1960 **Adventures in Tibet** Dr. Sven Hedin,2024-02-07 The halo of romance and the magic of the unknown which have for so long drawn the adventurous as by a magnet to the mysterious land of Tibet have now been in great part dissipated Dr Hedin was among the last travelers who penetrated into the Land of Snow trusting to their own resources alone When the traveler of today enters Tibet it will be under the protecting aegis of the modern civilization but no reflection of the romantic will envelop him as he treads in all security the last hermit kingdom of the world the revered Holy Land of Lamaism and the Sacred Books This book has however nothing whatever to do with politics It is simply the narrative of Hedin s journeys in that lofty region where the wild yak and the kulan browse amid the hailstorms and the driving sleets of summer And if it teaches no other lesson it will perhaps serve to remind the reader of the difference that exists between the life of activity spent among the powers of Nature and the sedentary and stationary life of the great city **Journal of the Royal Asiatic Society of Great Britain and Ireland** ,1899 **Journal of the Royal Asiatic Society of Great Britain & Ireland** Royal Asiatic Society of Great Britain and Ireland,1899 Has appendices
