### **Novels of William Boyd** Dr. Rajesh Shashikant

Latane, 2015-02-25 have great pleasure in writing this foreword to Dr Latane s book on the Novels of William Boyd The book is a significant contribution to Boyd criticism It has discussed the early the middle and the last phase of Boyd s novels In doing if the author has defined the totality of Boyd s vision Indeed every novel is a part of this totality and the totality is more than a mere sum of the novels The reciprocal relationship between the part and the whole is the crux of novel criticism and the book has given due justice to this aspect Another important feature of the book is the analysis of the postmodernist element in Boyd s novels This critical framework can be used to analysis the postmodernist element in the contemporary Indian novel in English Even going further it can be used to analyse the Postmodernist element in the contemporary Marathi novel A thesis is really acknowledged when it become a source material for the future researchers and comparatives Mr Latane s book has that potential I heartily wish a good reception to the book Dr Prakash Deshpande Kejkar Former Professor of English Shivaji University Kolhapur

The Amazing Armadillo Larry L. Smith, Robin W. Doughty, 2012-12-04 Chatty humorous and sometimes almost hysterically funny Everything perhaps even more that you might have wanted to know about armadillos The Quarterly Review of Biology Perhaps no creature has so fired the imagination of a populace as the armadillo that most ungainly awkward and timid little animal What is it that sets this quizzical little creature apart from the rest of the animal kingdom Larry L Smith and Robin W Doughty ably answer this question in The Amazing Armadillo Geography of a Folk Critter This informative book traces the spread of the nine banded armadillo from its first notice in South Texas late in the 1840s to its current range east to Florida and north to Missouri The authors look at the armadillo s natural history and habitat as well as the role of humans in promoting its spread projecting that the animal is increasing in both range and number continuing its ecological success in areas where habitat and climate

are favorable The book also contributes to a long standing research theme in geography the relationship between humans and wildlife It explores the armadillo s value to the medical community in current research in Hansen s Disease leprosy as well as commercial uses and abuses of the armadillo in recent times Of particular note is the author s engaging look at the armadillo as a symbol of popular culture the efforts now underway to make it a totem animal symbolizing the easy going lifestyles of some Sunbelt cities and the spread of the craze for armadilliana to other urban centers **The 50 + Best**
