ARMAGEDDON's SONG 'CROSSING THE RUBICON' ANDY FARMAN,2015-02-10 The European war is a long way from the fighting that is consuming the Pacific The ANZACs and the US 5TH Mechanised Division are too few in number to defend Australia's coastline Fear of China's nuclear arsenal has left the allies with limited friends and there is trouble at home in the West Now that war in Europe has reached its bloody end and the men came home to less than gratitude from the politicians In the Pacific all eyes are on the Spratly Islands as the Allies combat the Chinese 3rd and 6th Armies The aftermath in Europe may have left the US and the ANZACs standing alone or has it Soldiers have more honour than politicians at the end of the day A reckoning is coming

ARMAGEDDON's SONG 3 'FIGHT THROUGH' ANDY FARMAN,2015-02-12 The world is at war from the steamy jungles of South America to the high ice of mountain glaciers This is the third of a five part tale of global war and the people under arms on both sides of the conflict NATO won the Battle of the Atlantic at terrible cost and not only in men women and material but to the planet also In Europe the NATO army is close to exhaustion grimly holding its ground along the Elbe and Saale rivers buying time for the US and Canadian 4 Corps to arrive but their grit and determination are frustrating an enemy becoming ever more desperate and a finger hovers over a button marked Nuclear Release

Queen's Quarterly ,1898 **The Stuff of Science Fiction** Gary Westfahl,2022-10-07 While students and general readers typically cannot relate to esoteric definitions of science fiction they readily understand

the genre as a literature that characteristically deals with subjects such as new inventions space robot and aliens This book looks at science fiction in precisely this manner with twenty one chapters that each deal with a subject that is repeatedly addressed in science fiction of recent centuries Based on a packet of original essays that the author assembled for his classes the book could serve as a supplemental textbook in science fiction classes but also contains material of interest to science fiction scholars and others devoted to the genre In some cases chapters offer thorough surveys of numerous works involving certain subjects such as imagined vehicles journeys beneath the Earth and undersea adventures discovering intriguing patterns in the ways that various writers developed their ideas When comprehensive coverage of ubiquitous topics such as robots aliens and the planet Mars is impossible chapters focus on major themes referencing selected texts A conclusion discusses other science fiction subjects that were omitted for various reasons and a bibliography lists additional resources for the study of science fiction in general and the topics of each chapter ARMAGEDDON's SONG 2 'ADVANCE TO CONTACT'

Andy Farman,2015-02-08 Volume 2 of a 4 part series that goes further than even Tom Clancy s classic in a tale of truly global world war Washington DC Taipei NATO s North Cape naval picket and two carrier combat groups have been destroyed by nuclear weapons NATO is on the back foot and her potential allies are thinning out as China shows no hesitation in levelling entire cities Major Bedonavich and Svetlana Vorsoff are our spies with a conscience and now they are in from the cold but someone will go to any lengths to exact revenge Perhaps baiting the Bear in his lair is their only hope of survival The NATO army in Europe with the battered but defiant Coldstream Guards and US 82nd are holding the line Vital supplies are enroute from America but the determination of those in the convoys and escorts is matched by those charged with sinking them NATO needs to level the playing field and then tilt it in their favour **Armageddon's Children** Terry Brooks,2010-11-04 50 MILLION TERRY BROOKS COPIES SOLD AROUND THE WORLD THE SHANNARA CHRONICLES IS NOW A MAJOR TV SERIES Terry s place is at the head of the fantasy world Philip Pullman Fifty years from now our world is unrecognisable Pollution and warfare have poisoned the skies the water and the soil Pockets of society still exist living in highly fortified strongholds while those outside the walls roam the landscape either predator or prey But even these isolated compounds are not safe armies of demons and once men assault their defences and inevitably one by one they succumb Civilisation has fallen and anarchy is the only law Logan Tom and Angel Perez are the last two Knights to stand against the forces of chaos These two extraordinary people have the ability to resist the dark tide and to them will fall twin tasks to find and protect a very old and a very new magic They are humanity s last hope Although the odds are stacked against them Logan and Angel have the power to halt the destruction of the Old World It will be up to others to usher in the New Praise for Terry Brooks A master of the craft required reading Brent Weeks I can t even begin to count how many of Terry Brooks s books I ve read and re read over the years Patrick Rothfuss author of The Name of the Wind I would not be writing epic fantasy today if not for Shannara Peter V Brett author of The Painted Man If you haven t read Terry Brooks you haven t read fantasy Christopher Paolini

author of Eragon The Genesis of Shannara trilogy ARMAGEDDON S CHILDREN THE ELVES OF CINTRA THE GYPSY MORPH ARMAGEDDON'S SONG 6 ' SHAW - LT: USMC ' Andy Farman,2016-04-13 The first of two prequels featuring Henry Shaw USMC Terry Jones CIA and Peter Dawnosh Royal Marine Commandos In the WW3 series Henry was Chairman of the Joint Chiefs Terry was Director of the CIA and Peter Dawnosh was Prime Minister of Great Britain but in 1963 they are in a place that few American s had ever heard of Vietnam The country is under attack from the communist North but within its borders it is a cauldron of dissent due to corruption and religious persecution With surplus equipment and a shoe string budget US advisors are attempting to train and equip the South Vietnamese armed forces to defend themselves in order that the USA can withdraw Small unit actions firefights on jungle trails and The Alamo re enacted on a lonely hilltop far from home These are combined with a tale of political corruption and the murky world of espionage in 1960s SE Asia **The Harbinger Theory** Robert Diab,2015 The Harbinger Theory demonstrates that extreme measures have been consistently embraced in politics scholarship and public opinion not in terms of a general fear of the greater threat that terrorism now poses but a more specific belief that 9 11 was the harbinger of a new order of terror giving rise to the likelihood of an attack on the same scale as 9 11 or greater in the near future involving thousands of casualties and possibly weapons of mass destruction It explains how the harbinger theory shapes debates about rights and security by virtue of rhetorical strategies on the part of political leaders and security experts and in works of popular culture in which the theory is often invoked as a self evident truth without the need for supporting evidence or authority **The Armageddon Strain** Sharon K.
