Arms Control and Disarmament Agency, 1961 The Arms Control and Disarmament Agency Authorization for Fiscal Year 1978 United States. Congress. House. Committee on International Relations. Subcommittee on International Security and Scientific Affairs, 1977 Reports and Documents United States. Congress, 1964 **The Limits of Policy Change** Michael T. Hayes, 2001 Michael Hayes offers a vigorous defense of incrementalism the theory that the policymaking process typically should involve bargaining delay compromise and therefore incremental change Incrementalism he argues is one result of a checks and balances system in which politicians may disagree over what we want to achieve as a nation or what policies would best achieve shared goals Many political scientists have called for reforms that would facilitate majority rule and more radical policy change by strengthening the presidency at the expense of Congress But Hayes develops policy typologies and analyzes case studies to show that the policy process works best when it conforms to the tenets of incrementalism He contends that because humans are fallible politics should work through social processes to achieve limited ends and to ameliorate rather than completely solve social problems Analyzing the evolution of air pollution policy the failure of President Clinton s health care reform in 1994 and the successful effort at welfare reform in 1995 96 Hayes calls for changes that would make incrementalism work better by encouraging a more balanced struggle among social interests and by requiring political outcomes to conform to the rule of law Written for students and specialists in politics public policy and public administration The Limits of Policy Change examines in detail a central issue in democratic theory **Departments of Commerce, Justice, State, the Judiciary, and related agencies appropriations for fiscal year 1985** United States.
