Arms Trade And Economic Development Theory And Policy In Offsets:

Arms Trade and Economic Development Jurgen Brauer, Paul Dunne, 2004-08-02 With the US invasion of Iraq the issue of arms trading is once again at the forefront of world events Arms importing countries often ask their suppliers to offset the cost by reinvesting some of the money in their country Defence Offsets and the Global Arms Trade Jonata Anicetti, 2024-02-06 This book offers the first comprehensive study of defence offsets and its economic security political and theoretical implications Originating in the second half of the 19th century defence offsets additional economic industrial and technological benefits to states for buying foreign weapons have since been a key feature of the global arms trade and defence industry And yet offsets are an under researched and under theorised phenomenon This book fills this gap in the literature by offering the first general theory of defence offsets as well as the first systematic analysis of the offset phenomenon By building on the insights of scholars of defence economics and drawing from the International Relations liberal paradigm as well as reviving and adapting Robert Putnam s two level game framework the book proposes a liberal rationalist theory of defence offsets It then proves the worth of such a theory through Qualitative Comparative Analysis QCA of fifty four fighter aircraft transfers from 1992 to 2021 inclusive and three in depth case studies addressing offsets negotiated and agreed to as part of fighter aircraft competitions in Brazil India and South Korea This book will be of interest to students of defence studies defence economics security studies and international relations Defence Procurement And Industry Policy Stefan Markowski, Peter Hall, Robert Wylie, 2010 Defence procurement remains a relatively under researched area mostly focusing on the USA This revealing book looks at defence procurement from the point of view of smaller countries such as Israel Australia Poland and Spain Handbook of Defense Economics Todd Sandler, Keith Hartley, 2007-04-12 The second volume of the Handbook of Defense Economics addresses defense needs practices threats and policies in the modern era of globalization This new era concerns the enhanced cross border flows of all kinds e g capital and labor flows revolutionary rhetoric guerrillas and terrorists including the spillovers of benefits and costs associated with public goods and transnational externalities i e uncompensated interdependencies affecting two or more nations These ever increasing flows mean that military armaments and armies are less able to keep out security threats Thus novel defense and security barriers are needed to protect borders that are porous to terrorists pollutants political upheavals and conflicts Even increased trade and financial flows imply novel security challenges and defenses Globalization also underscores the importance of a new set of institutions e g the European Union and global governance networks and agents e g nongovernmental organizations and partnerships This volume addresses the security challenges in this age of globalization where conflicts involve novel tactics new technologies asymmetric warfare different venues and frightening weapons Volume 2 contains topics not covered in volume 1 i e civil wars peacekeeping economic sanctions the econometrics of arms races conversion peace economics and the interface of trade peace and democracy Volume 2 also revisits topics from volume 1

Economic Planning and Industrial Policy in the Globalizing Economy Murat Yülek, 2014-09-04 This book discusses national development planning in the context of a globalized world economy National economic development planning the process of defining strategic economic objectives for a country and designing policies and institutional frameworks to attain them was popular in many countries in the 1960s and 1970s Over time it lost its appeal More recently with globalization accelerating and economic competition increasing it is making a comeback in different countries under different forms National planning in this new era is different than the earlier quantitative planning approaches It employs different tools such as strategic visions and action plans revived forms of physical infrastructure planning industrial policy and cluster policy Built on the research of international scholars with firsthand knowledge of the countries in question this volume presents and evaluates current national planning strategies and policy worldwide It will be of interest to both academicians who study and teach globalization and development as well as policy makers who may use it as a reference as they contemplate their own strategies

The Economics of Defense Industry Thomas-Durell Young, 2023-10-17 This book on the economics of defence industry assesses a series of historical and contemporary case studies that consistently demonstrate the need for governments to recognise and thereafter factor the financial needs of a narrow industrial sector that is capital intensive technologically advanced and that requires a highly skilled labour force Since the end of the cold war Western governments have systematically reduced financial support to their domestic defence industry and have seemingly ignored planning and funding industrial mobilisation In all cases government policy has been to encourage industries to consolidate capacity to become financially viable in a sector that has seen diminished demand The 2022 Russian invasion of Ukraine has caused Western governments to reassess their previous assumptions Efforts to increase industrial capacity have been met with the iron laws of economics whereby businesses need to show return on investments The chapters in this volume posit that efforts to rationalise industrial capacity and innovation to meet short term financial efficiencies inevitably results in limited expensive and long delays in increased production in times of international crisis This book serves as an essential guide for academics researchers and students interested in defence economics industrial economics international relations and industrial policy The chapters in this book were originally published in various issues of *Defense Security Analysis*

The Oxford Handbook of the Economics of Peace and Conflict Michelle R. Garfinkel, Stergios Skaperdas, 2012-04-20 This Handbook brings together contributions from leading scholars who take an economic perspective to study peace and conflict Some chapters are largely empirical exploring the correlates and quantifying the costs of conflict

Others are more theoretical examining the mechanisms that lead to war or are more conducive to peace **Indefensible**

Paul Holden,2017-02-15 Although there is often opposition to individual wars most people continue to believe that the arms industry is necessary in some form to safeguard our security provide jobs and stimulate the economy Not only conservatives but many progressives and liberals support it for these reasons Indefensible puts forward a devastating challenge to this conventional wisdom which has normalised the existence of the most savage weapons of mass destruction ever known It is the essential handbook for those who want to debunk the arguments of the industry and its supporters deploying case studies statistics and irrefutable evidence to demonstrate they are fundamentally flawed both factually and logically Far from protecting us the book shows how the arms trade undermines our security by fanning the flames of war terrorism and global instability In countering these myths the book points to ways in which we can combat the arms trade s malignant influence reclaim our democracies and reshape our economies *Designing Public Procurement Policy in Developing Countries* Murat A. Yülek, Travis K. Taylor, 2011-12-29 This book presents effective strategies for developing countries to leverage their public sector demand for manufactured imports to promote industrialization trade and technology transfer Technology transfer and its absorption is considered one of the most crucial and complicated challenges for developing countries which are characterized by insufficient infrastructure low technological intensity of the domestic capital stock and high levels of manufactured imports Which strategies and policy tools can governments employ to link demand with technology transfer thereby enhancing absorption capacity and development in emerging economies This book is part of a broader project launched by PGlobal Global Advisory and Training Services Ltd in cooperation with Istanbul Commerce University TUCU and the Scientific and Technological Research Council of Turkey T B TAK The contributors to this book are policymakers academicians and experts who are working together to identify problems and develop policy recommendations for public procurement with respect to economic development The book includes theoretical empirical and case study analyses of technology transfer mechanisms public procurement policies and countertrade and offset strategies The lessons learned from these chapters will be of interest to both academics and policymakers concerned with technology transfer industrial policy and economic development *Public Sector Performance, Corruption and State Capture in a Globalized World* Susan Rose-Ackerman, 2024-06-14 This collection examines the difficult task of reforming governments worldwide to meet citizens needs and aspirations It advances constructive efforts to enhance public accountability while recognizing the complex ways in which corruption greed and state capture undermine the legitimacy and performance of government The contributors are political scientists lawyers and economists who bring a cross disciplinary approach to their chosen subjects The first group of chapters deals with public sector performance development and public participation Complementary pieces by a practitioner and a scholar confront the challenges of achieving reform in countries with difficult political environments and extensive poverty and inequality The second group emphasizes the way corruption and state capture limit the accountability and

effectiveness of governments in both developing and wealthy countries The contributions consider the institutional roots of dysfunctional government and their links to the private sector Taken together the volume surveys a wide range of topics with theoretical arguments and empirical findings that provide insights into real world problems and policymaking dilemmas Inspired by Susan Rose Ackerman's fifty year exploration of public policymaking public law and corruption the collection will be an invaluable resource for researchers academics and policy makers working in the areas of Public Law Anticorruption and Political Economy

The Evolving Boundaries of Defence Renaud Bellais, 2014-08-14 This volume analyses key features of recent and ongoing transformations of defence issues from four key perspectives These are defence economics the spatial footprint of defence human resources management by the armed forces and the international landscape of defence

Asia-Pacific Defense and Security Outlook Kogila Balakrishnan, Zsolt Lazar, 2023-06-20 The book focuses on the main security threats defence industry arms trade defence policies and military capabilities related issues in the Asia Pacific region There are only a very few regions in the world which have advanced so fast both economically and technologically as the Asia Pacific in the past few decades Probably this is one of the reasons why several countries in the region have gained confidence sharpened their diplomatic tone increased their defence expenditure invested into military capabilities and questioned both the local and global status quo The region contains emerging powers far reaching ambitions threatening rhetoric rising political tensions and concerns about military conflicts Factors that show that critical issues are at stake the reopening of long forgotten debates are more relevant than ever and masses of uncertainties are yet to be resolved This book will be of much interest to all students and scholars of Asia Pacific Security Asian politics and International Relations in general The chapters in this book were originally published as a special issue of Defense Security Analysis

The Marketing of War in the Age of Neo-Militarism Kostas Gouliamos, Christos Kassimeris, 2013-05-13 The post 9 11 era and the overall impact of international terrorism have generated much debate regarding the role of military apparatus in modern society This book assesses the inherent meaning of the militarization from a critical interdisciplinary perspective Against the background of democracy and capitalism The Marketing of War in the Age of Neo Militarism challenges prevailing accounts of the military industrial complex as it explores significant interrelated themes denoting the accelerating process of militarization of society Designed to address pressing socio political phenomena this book is the first of its genre contesting conventional wisdom about the perceived link between war and the military industrial complex It is unique not merely because of its approach but also for its thorough analysis of deeply affected social institutions and processes such as education popular culture geopolitics military expenditure space and the environment Contributing authors advance the discussion by exposing factual information demonstrating the nature and scope of society's militarization Their analysis is also broadened to encompass key concepts and diverse aspects of the subject matter that provoke a lively debate The book offers compelling arguments that will be indispensable to scholars students professionals and policy and decision makers

with an interest in social and political sciences as well as in other related fields **Do-Gooders at the End of Aid** Antoine de Bengy Puyvallée, Kristian Bjørkdahl, 2021-07-22 This book argues that policymakers capitalize on Scandinavia's humanitarian reputation in world affairs to legitimize their policy and diplomatic interests **Indian Defence Review** Bharat Ed, 2012-06-30 IN THIS VOLUME Pakistan at War with Itself The IAF at 79 The Challenges Ahead Developing Leadership in Arms China's Palace in the Skies Are the Days of the Manned Combat Aircraft Numbered Defending Indian Skies against the PLAAF Aerospace and Defense News Battling the Dragon Indo Afghan Strategic Partnership Preserving the Military Institution from Within 1971 The Finest Hour for Indian Intelligence Agencies Taking Nuclear War Fighting Seriously Coastal Security Paradox Insurgency Counterinsurgency and Peace Critical Technologies and Self Reliance The Road Ahead for India Unfolding US foreign policy attempts to contain China **Military Cost-Benefit Analysis** Francois Melese, Anke Richter, Binyam Solomon, 2015-03-27 This is the first comprehensive book on Military Cost Benefit Analysis and provides novel approaches to structuring cost benefit and affordability analysis amidst an uncertain defense environment and cloudy fiscal prospects Lifting the veil on military Cost Benefit Analysis this volume offers several new practical tools designed to guide defense investments and divestments combined with a selection of real world applications The widespread employment of Cost Benefit Analysis offers a unique opportunity to transform legacy defense forces into efficient effective and accountable 21st century organizations A synthesis of economics statistics and decision theory CBA is currently used in a wide range of defense applications in countries around the world i to shape national security strategy ii to set acquisition policy and iii to inform critical investments in people equipment infrastructure services and supplies As sovereign debt challenges squeeze national budgets and emerging threats disrupt traditional notions of security this volume offers valuable tools to navigate the political landscape meet calls for fiscal accountability and boost the effectiveness of defense investments to help guarantee future peace and stability A valuable resource for scholars practitioners novices and experts this book offers a comprehensive overview of Military Cost Benefit Analysis and will appeal to anyone interested or involved in improving national security and will also be of general interest to those responsible for major government programs projects or policies **Arming Asia** Richard Bitzinger, 2016-12-19 Bitzinger examines the phenomenon of attempted self reliance in arms production within Asia and assesses the extent of success in balancing this independence with the growing requirements of next generation weapons systems He analyzes China India Japan South Korea and Southeast Asia The overarching question in the book is whether self reliance is a strategically viable solution for development and manufacturing of arms Given the ever changing dynamics and increasing demand for sophisticated next generation weaponry will these countries be able to individually sustain their domestic defense industries and constantly update their technologies This is the first book to analyze arms production from a regional perspective The Economic Analysis of Terrorism Tilman Brück, 2007-03-12 Whilst most books look at the political response to terror this unique book takes an economic approach and

includes contributions from Todd Sandler Sanjay Jain Andrew Chen Valpy Fitzgerald and Dennis Mueller Research in the field of terrorism has increased dramatically since 9 11 responding to the sudden need by policy makers journalists and the general public to understand terrorism A unique feature of this field of research is that it expands beyond typical academic categories such as macroeconomics development studies international relations or peace science instead a range of analysts have applied their various skills of different sub disciplines to a common theme since 9 11 providing inter disciplinary insights characterized by a clear focus

The Economics of UN Peacekeeping Nadège Sheehan, 2011-07-25 Peacekeeping is a security concept that is very representative of the current interventionism multilateralism human rights and humanitarian ideas UN peacekeeping plays an important role in international security and includes various activities that go beyond the original roles assigned to UN armed forces e g humanitarian aid election supervision disarmament mine clearance civilian protection and peacebuilding The problem is to define the economic efficiency of these operations and to develop some recommendations in the context of an economic globalization process Although UN peacekeeping has shortcomings it must be considered essential for organizing and defending the world politico economic order UN peacekeeping is a political activity but its production strongly depends on nations economic considerations Governments make political decisions that also take into account the economic gains they expect to obtain from their contribution to any specific mission With low means and inadequate strategies to meet the challenges UN peacekeeping must pay particular attention to resolving the problems of free riding and of prisoner s dilemma in contributions that delay deployments and create significant financial problems Understanding how peacekeeping can be most cost effectively carried out while considering the importance of legitimacy in interventions is essential This book believes that regional organizations can ease the UN s financial responsibility by managing conflicts in their regions But to be most effective they must involve the UN in their interventions This book also emphasizes UN peacekeeping trust funds as the key to better financial effectiveness It strongly recommends that NATO be empowered by the UN with the role of global peace police and proposes the establishment of a UN high ranking team of international specialists in peacekeeping issues This research should be of interest to students and researchers looking at international and political economics as well as international relations defence security and peace studies
