Catherine Benton

Arrow Of Desire:

Arrows of Desire William Gaunt, 1956 **To Watch Theatre** Rachel Fensham, 2009 This book is about watching theatre and how to utilise a corporeal semiotics to read genres of contemporary theatre It suggests that three key concepts interact genre the formal term that structures theatricality including the textual grammar of a dramatic work its performance style theatrical frame and mode of rhetorical address corporeality an assemblage of the troubling physical work of the actors the figurative forms in the text and the ambivalent bodies of the spectators and performance the presenting of theatre as symbolic action in the social world In order to develop new models of embodied spectatorship these essays examine canonical productions of Medea King Lear Miss Julie Genesi The Museum of Sleep directed by Deborah Warner Barrie Kosky Anne Bogart and Romeo Castellucci With close attention to bodies and texts in performance the book argues that to watch theatre is an intimate yet political attunement to processes of human transfiguration It concludes by offering a reinvigorated perspective on tragedy and tragic experience in the theatre **Reading Theatre** Anne Ubersfeld, 1999-01-01 Ubersfeld show how formal analysis can enrich the work of theatre practitioners and offers a reading of the symbolic structures of stage space and time as well as opening up multiple possibilities for interpreting a play's line of action God of Desire Catherine Benton, 2006-06-01 Presents Kamadeva the Hindu god of desire in tales art and ritual Also covers Kamadeva's appearance in Buddhist lore *Sri Gopi Gita* Paramahansa Vishwananda, 2024-02-17 This book is based on the heartfelt commentary of the Sri Gopi Gita that Paramahansa Sri Swami Vishwananda gave during His seven day course The Essence of Shreemad Bhagavatam Those specific verses and His commentary are lovingly assembled in this book so that one might enjoy the Sri Gopi Gita in its fullness and on its own As Paramahansa Vishwananda puts it The Sri Gopi Gita is the heart of the Shreemad Bhagavatam There is no Shreemad Bhagavatam without the Gopi Gita which is the song of the gopis where they express the longing for their Beloved The gopis were filled with intense love but at the same time their hearts were breaking because they could not see Krishna And so in their agony they started singing in praise of their Beloved Lord Krishna **Hell** Timothy Morton, 2024-06-07 Hell on earth is real The toxic fusion of big oil Evangelical Christianity and white supremacy has ignited a worldwide inferno more phantasmagoric than anything William Blake could dream up and more cataclysmic than we can fathom Escaping global warming hell this revelatory book shows requires a radical mystical marriage of Christianity and biology that awakens a future beyond white male savagery Timothy Morton argues that there is an unexpected yet profound relationship between religion and ecology that can guide a planet scale response to the climate crisis Spiritual and mystical feelings have a deep resonance with ecological thinking and together they provide the resources environmentalism desperately needs in this time of climate emergency Morton finds solutions in a radical revaluation of Christianity furnishing ecological politics with a language of mercy and forgiveness that draws from Christian traditions without bringing along their baggage They call for a global environmental movement that fuses ecology and mysticism and puts race and gender front and

center This nonviolent resistance can stage an all out assault on the ultimate Satanic mill the concept of master and slave manifesting today in white supremacy patriarchy and environmental destruction Passionate erudite and playful Hell takes readers on a full color journey into the contemporary underworld and offers a surprising vision of salvation The Rishukyō Amoghavajra,1991 *The Essence of Shreemad Bhagavatam* Paramahansa Sri Swami Vishwananda,2017-03-30 Over the course of seven days Paramahansa Sri Swami Vishwananda captivated an eager audience with his commentary on the Shreemad Bhagavatam extracting the essence of its message and deepening the understanding and experience of everyone present This book is the result of that event About the Shreemad Bhagavatam Despite being compiled long ago by Sage Veda Vyasa the Shreemad Bhagavatam s message is very relevant today for it describes the powerful connection to the Divine presence that resides within the heart of every human being Its verses prove that whenever humanity is most in need the Divine manifests Itself on Earth to answer the call of the sincere devotees and to re establish balance right action and the life affirming power of Divine Love Paramahansa Vishwananda s commentary gives an enlightening spiritual context to these stories of men and women kings and beggars avatars and demons and seamlessly connects them to the deeper issues and questions that concern all of us today life purpose responsibility honesty jealousy pride ego stewardship of the Earth and much more **The Game of Politics: Pursuit of Power over People, Game Manual** , Buddhist Goddesses of India

Miranda Shaw,2015-08-25 The Indian Buddhist world abounds with goddesses voluptuous tree spirits maternal nurturers potent healers and protectors transcendent wisdom figures cosmic mothers of liberation and dancing female Buddhas Despite their importance in Buddhist thought and practice these female deities have received relatively little scholarly attention and no comprehensive study of the female pantheon has been available Buddhist Goddesses of India is the essential and definitive guide to divinities that as Miranda Shaw writes operate from transcendent planes of bliss and awareness for as long as their presence may benefit living beings Beautifully illustrated the book chronicles the histories legends and artistic portrayals of nineteen goddesses and several related human figures and texts Drawing on a sweeping range of material from devotional poetry and meditation manuals to rituals and artistic images Shaw reveals the character powers and practice traditions of the female divinities Interpretations of intriguing traits such as body color stance hairstyle clothing jewelry hand gestures and handheld objects lend deep insight into the symbolism and roles of each goddess In addition to being a comprehensive reference this book traces the fascinating history of these goddesses as they evolved through the early Mahayana and Tantric movements in India and found a place in the pantheons of Tibet and Nepal Publisher s website

What Do Pictures Want? W. J. T. Mitchell, 2013-12-23 Why do we have such extraordinarily powerful responses toward the images and pictures we see in everyday life Why do we behave as if pictures were alive possessing the power to influence us to demand things from us to persuade us seduce us or even lead us astray According to W J T Mitchell we need to reckon with images not just as inert objects that convey meaning but as animated beings with desires needs appetites demands and drives of their own What Do Pictures Want explores this idea and highlights Mitchell s innovative and profoundly influential thinking on picture theory and the lives and loves of images Ranging across the visual arts literature and mass media Mitchell applies characteristically brilliant and wry analyses to Byzantine icons and cyberpunk films racial stereotypes and public monuments ancient idols and modern clones offensive images and found objects American photography and aboriginal painting Opening new vistas in iconology and the emergent field of visual culture he also considers the importance of Dolly the Sheep who as a clone fulfills the ancient dream of creating a living image and the destruction of the World Trade Center on 9 11 which among other things signifies a new and virulent form of iconoclasm What Do Pictures Want offers an immensely rich and suggestive account of the interplay between the visible and the readable A work by one of our leading theorists of visual representation it will be a touchstone for art historians literary critics anthropologists and philosophers alike A treasury of episodes generally overlooked by art history and visual studies that turn on images that walk by themselves and exert their own power over the living Norman Bryson Artforum

Lacan Reframed Steven Z. Levine, 2011-07-26 Are your students baffled by Baudrillard Dazed by Deleuze Confused by Kristeva Other beginners guides can feel as impenetrable as the original texts to students who think in images Contemporary Thinkers Reframed instead uses the language of the arts to explore the usefulness in practice of complex ideas Short contemporary and accessible these lively books utilise actual examples of artworks films television shows works of architecture fashion and even computer games to explain and explore the work of the most commonly taught thinkers Conceived specifically for the visually minded the series will prove invaluable to students right across the visual arts Single handedly responsible for the influential and ominous notion of the gaze quoted by everybody yet fully understood by few Lacan s work can be difficult to grasp Going back to basics this introduction guides the reader through Lacan s key concepts by looking at art from the Mona Lisa through to Bridget Riley s paintings and by looking afresh at key works discussed by Lacan himself from Holbein s famous The Ambassadors to Velazquez s Las Meninas Making sense of Lacan s sometimes convoluted style this highly readable introduction to one of the most frequently quoted thinkers also explores the reasons why human beings make and look at art
