Ars Nova The Renaissance 1300 1540

Dom Anselm Hughes

Ars Nova The Renaissance 1300 1540:

Ars Nova and the Renaissance, 1300-1540 Anselm Hughes, Gerald Abraham, 1960 This book is an entirely new work and replaces the Oxford History of Music which first appeared over fifty years ago It has been planned as a complete survey of music from the earliest times down to the present day including not only the achievements of the Western world but also the contributions made by Eastern civilizations and primitive societies The subject matter in Volume Three stretches from the introduction of the Ars Nova at the beginning of the fourteenth century to the full flood of renaissance music in the mid sixteenth century For the first time there emerge named composers with an undisputed corpus of surviving works Machaut Landini Dunstable Dufay Ockeghem Josquin and many others of lesser fame Polyphony grows steadily more mature and organic and keyboard music begins to appear in recognizably distinct forms Many of the works composed during this period are still regularly performed and apart from its value to specialists the volume should provide interesting and illuminating reading for all who take pleasure in the music of an age remarkable not only for promise but also for achievement **Ars Nova and the Renaissance, 1300-1540** Gerald Abraham, 1960 **Ars Nova and the Renaissance** Dom Anselm Hughes, 1962 **Vol. 3** New Oxford History of Music, 1960 Ars Nova and the Renaissance, 1300-1540. [By Various Authors.] Edited by Dom A. Hughes and G. Abraham. [With Musical Examples and a Bibliography.]. Anselm Hughes, 1960

New Oxford History of Music: Ars Nova and the Renaissance, 1300-1540, 1954 *Early English Composers and the Credo* Wendy J Porter, 2022-03-23 This book develops an innovative approach for understanding the relationship between music and words in the works of five major composers of the English Renaissance John Taverner Christopher Tye John Sheppard Thomas Tallis and William Byrd Focusing on these composers settings of the Latin Credo the author shows how musical and linguistic emphasis can be used to understand the composers theological interpretations of the text By combining markedness theory with style analysis this study demonstrates that the composers used their musical skills to not only create beautiful music but also raise certain elements of the text to the foreground of perception and relegate others to supporting roles inviting listeners to experience the familiar words of the liturgy in unique ways Providing new insights into the changing musical and religious world of the sixteenth century this book is relevant to anyone researching music or religion in early modern England while offering a flexible and widely adaptable tool for the analysis of musical textual relationships **The New Oxford History of Music** G. Abraham, 1960 **Shaping the Nation** Gerald Harriss, 2005 The Black Death the Peasants Revolt the Hundred Years War the War of the Roses A succession of dramatic social and political events reshaped England in the period 1360 to 1461 In his lucid and penetrating account of this formative period Gerald Harriss illuminates a richly varied society as chronicled in The Canterbury Tales and examines its developing sense of national identity Catalog of Copyright Entries Library of Congress. Copyright Office, 1953 Chaucer's Dream Poetry Helen Phillips, Nick Havely, 2016-02-04 Dream literature is regarded as one of the most important genres in medieval

literature and is widely studied This text provides a succinct and clear introduction to the five central poems that comprise Chaucer's Dream Poetry and shows his role as a leading adapter of European Literary tradition into English Literature The poems discussed are The Book of the Duchess The Legend of Good Women The Legend of Dido The Parliament of Fowls and The House of Fame Each have an introduction setting the poem within the context of Dream Poetry and Chaucer's own work Appendices of proper names pronunciation and criticism are also given This volume is unique in presenting the poems together in an editorial and critical framework The quality of annotation is unrivalled and will make this text a major addition to the literature suitable for those interested in the genre literary or more general history of the period **Heavenly Harmonies** Mary Devlin, 2011-09 A history of the development of harmony in the Middle Ages including the music composers theorists and music theory musicians and relevant historical figures as well as studies of folk music medieval chant and polyphony from the days of Gregorian chant to the florid polyphony of the early Renaissance **Choral Music** Avery T. Sharp, James Michael Floyd, 2011 This is an annotated bibliography to books recordings videos and websites on choral music This book will serve as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared since publication of the previous edition **French Music in the Early Sixteenth Century. Studies in the Music Collection of a Copyist of Lyons (Manuscript in Copenhagen)** Peter Woetmann Christoffersen, 1990

Counterpoint and Compositional Process in the Time of Dufay Kevin N. Moll, 2014-04-08 During the 1950s and 1960s Austro German scholars made decisive advances in developing concepts to account for harmonic processes in late medieval music Despite the considerable potential these ideas hold for analysis and criticism of early music they have hitherto exerted little influence outside their countries of origin In order to render this valuable literature more immediately accessible to English speaking students and scholars this book presents translations of twelve seminal articles that originally appeared during the years 1948-1967 along with a comprehensive introductory chapter detailing the evolution of competing theories and terminology **Four Middle English Mystery Cycles** Martin Stevens, 2014-07-14 Martin Stevens examines the four extant complete cycles of Middle English mystery plays in light of the most recent research on the manuscripts sources and records relating to the medieval drama The first comprehensive treatment of all four of the cycles the book emphasizes the study of the surviving manuscripts as texts distinct from their performance history Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Songs, Scribes, and Society** Jane Alden, 2010 Songs Scribes and Society explores the cultural and musical importance of five 15th century Chansonniers personalized portable and lavishly decorated

songbooks from the Loire Valley of France Author Jane Alden treats the Chansonniers as physical artifacts to reveal their cultural context and its relationship to their commission creation and use The English Mystery Plays Rosemary Woolf,1972 This important new study of the English mystery plays has a twofold purpose It is concerned to investigate the antecedents of the four extant cycles and to demonstrate the dramatic value of the plays themselves The opening and concluding chapters place the plays in their historical context by discussing on the one hand the emergence and achievements of genuine religious drama as opposed to liturgical drama in the twelfth century and on the other the changes in taste that threw the plays into disrepute in the sixteenth century The main part of the book analyzes the plays in detail considering the iconographic and theological traditions that guided the dramatists in their treatment of biblical subject matter and also looking at the Continental drama of the time to find out what other dramatic possibilities were open to writers in the Middle Ages From publisher's description

Songs and Musicians in the Fifteenth Century David Fallows,2024-10-28 The essays in this volume are concerned with song repertoires and performance practice in 15th century Europe The first group of studies arises from the author's long term fascination with the widely dispersed traces of English song and in particular with the most successful song by any English composer O rosa bella This leads to a set of enquiries into the distribution and international currents of the song repertory in Italy and Spain The essays in the final section taken together represent an extended discussion of the problems of performance both of voice and instrument what they performed and how

The Rise of European Music, 1380-1500 Reinhard Strohm,2005-02-17 This is a detailed and comprehensive survey of music in the late middle ages and early Renaissance By limiting its scope to the 120 years which witnessed perhaps the most dramatic expansion of our musical heritage the book responds in the 1990s to the tremendous increase in specialised research and public awareness of that period Three of the four main Parts I II IV describe the development of polyphony and its cultural contexts in many European countries from the successors of Machaut d 1377 to the achievements of Josquin des Prez and his contemporaries working in Renaissance Italy around 1500 Part III by contrast illustrates the musical life of the institutions and musical practices outside the realm of composed polyphony that were traditional and common all over Europe The book proposes fresh views in each chapter discussing dozens of musical examples adducing well known and hitherto unknown documents and referring to and evaluating the most recent scholarship in the field

Ars Nova The Renaissance 1300 1540 Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has be more evident than ever. They have the ability to inspire, provoke, and ignite change.
