Art And Craftiness:

Art as Performance, Story as Criticism Craig S. Womack, 2009 Pick up a work of typical literary criticism and you know what to expect prose that is dry pedantic well meaning but tedious slow going and essentially humorless But why should that be so Why can't more literary criticism have a political edge and be engaging and fast paced Why can't it include drama personal narrative and even humor Why can't criticism become an artistic performance rather than just a discussion of art Art as Performance Story as Criticism is Craig Womack's answer to these questions Inventive and often outrageous the book turns traditional literary criticism on its head rejecting distanced purely theoretical argumentation for intimate engagement with literary works Focusing on Native American literature Womack mixes forms and styles He is unafraid to combine meticulous research and carefully considered historical perspectives with personal reactions and reflections The book opens with a short story The Song of Roe N ld in which a Native filmmaker loses control of his movie project in part because of his homoerotic attraction to its star The following chapters or musings include original dramas while others more closely resemble traditional literary criticism such as essays discussing the lesser known plays of Lynn Riggs and the stories of Durango Mendoza Still other chapters defy easy categorization such as the piece Caught in the Current Clinging to a Twig in which Womack interweaves historical analysis of the state of the Creek Nation in 1908 with a vivid recreation of the last day on earth of Creek poet Alexander Posey Throughout the book the author offers his take on such controversial issues as the Cherokee freedmen issue and the ban on gay marriage In being different Womack seeks to breathe new life into literary analysis and introduce criticism to a wider audience Radical groundbreaking and refreshing Art as Performance Story as Criticism reinvents literary criticism for the twenty first century

Contemporary Art and Classical Myth Jennie Hirsh, 2017-07-05 Contemporary art is deeply engaged with the subject of classical myth Yet within the literature on contemporary art little has been said about this provocative relationship Composed of fourteen original essays Contemporary Art and Classical Myth addresses this scholarly gap exploring and in large part establishing the multifaceted intersection of contemporary art and classical myth Moving beyond the notion of art as illustration the essays assembled here adopt a range of methodological frameworks from iconography to deconstruction and do so across an impressive range of artists and objects Francis Al s Ghada Amer Wim Delvoye Luciano Fabro Joanna Frueh Felix Gonzales Torres Duane Hanson Yayoi Kusama Roy Lichtenstein Kara Walker and an iconic photograph by Richard Drew subsequently entitled The Falling Man Arranged so as to highlight both thematic and structural affinities these essays manifest various aspects of the link between contemporary art and classical myth while offering novel insights into the artists and myths under consideration Some essays concentrate on single works as they relate to specific myths while others take a broader approach calling on myth as a means of grappling with dominant trends in contemporary art

Values and Music Education Estelle R. Jorgensen,2021-11-09 What values should form the foundation of music education And once we decide on those values how do we ensure we are acting on them In *Values and Music Education* esteemed author Estelle R Jorgensen explores how values apply to the practice of music education We may declare values but they can be hard to see in action Jorgensen examines nine quartets of related values and offers readers a roadmap for thinking constructively and critically about the values they hold In doing so she takes a broad view of both music and education while drawing on a wide sweep of multidisciplinary literature Not only does Jorgensen demonstrate an analytical and dialectical

philosophical approach to examining values but she also seeks to show how theoretical and practical issues are interconnected An important addition to the field of music education Values and Music Education highlights values that have been forgotten or marginalized underscores those that seem perennial and illustrates how values can be double edged swords , *The Royal Dictionary, French and English, and English and French ...* Abel Boyer,1729 *Dictionnaire Royal François-anglois Et Anglois-françois, Tiré Des Meilleurs Auteurs Qui Ont Écrit Dans Ces Deux Langues; Par Mr. A.
