Modern American Poetry Harold Bloom, 2005. The essays collected in this volume survey the major works of modern American poetry from magnificent epics like Hart Crane's *The Bridge* and Wallace Stevens's *Auroras of Autumn* to such central lyrics as Eliot's *The Love Song of J. Alfred Prufrock* and Marianne Moore's *Poetry*; the complexity of modern American poetry has demanded appreciation and analysis of an especially high order, and the list of critics included here makes up a veritable all-star team of close readers from Kenneth Burke to Helen Vendler, from Richard Poirier to David Bromwich.

Richard Wright Kenneth Kinnamon, 2014-11-04. African American writer Richard Wright (1908-1960) was celebrated during the early 1940s for his searing autobiography *Black Boy* and fiction *Native Son*. By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris. But his writings changed American culture forever, and today they are mainstays of literature and composition classes. He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers. This volume presents a comprehensive annotated bibliography of those essays, books, and articles from 1983 through 2003, arranged alphabetically by author. Within years, there are some 8320 entries ranging from unpublished dissertations to book-length studies of African American literature and literary criticism. Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982. This is the exhaustive reference for serious students of Richard Wright and his critics.

[The Greenwood Encyclopedia of African American Literature: I-N](#) Hans A. Ostrom, J. David Macey, 2005. Designed to meet the needs of high school students, undergraduates, and general readers, this encyclopedia is the most comprehensive reference available on African American literature from its origins to the present. Other works include many brief entries or offer extended biographical sketches of a limited selection of writers. This encyclopedia surpasses existing references by offering full and current coverage of a vast range of authors and topics. While most of the entries are on individual authors, the encyclopedia gathers together information about the genres and geographical and cultural environments in which these writers have worked, and the social, political, and aesthetic movements in which they have participated. Thus, the encyclopedia gives special attention to the historical and cultural forces that have shaped African American writing.

Richards, 2025-06-27 Inquiry into African American literature in recent decades has neglected to probe the intellectual structure of the tradition s aesthetics and its underlying ideology In *The Ideological Origins of African American Literature* Phillip M Richards begins this reconstructive work illuminating the dialectical backstory of black prose and poetry in America Richards argues that the social and political forces that influenced white literature were uniquely reacted to absorbed and often times rejected by African American literary figures from the eighteenth century Puritan notions of a God centered history to the onset of Romanticism and Modernism in the nineteenth and twentieth centuries Building his case for ideological continuity Richards surveys a profoundly creative period of 125 years launched by an African American reaction against a racist mid eighteenth century American culture This epoch in African American literature saw a fusion of Puritan Protestant culture into a religious and secular worldview drawing in the poetry of Phillis Wheatley antebellum slave narratives Richard Allen and the periodicals of the ambitious African Methodist Episcopalian movement all of which would form the underlying foundation of a Black Victorian culture A rising black middle class Richards argues would later be secularized by an eroding religious tradition under the pressures of nineteenth century modernity the trauma of Jim Crow and the emerging northern ghetto Richards further traces the emergence of Romanticism which appeared with white American authors such as Emerson Thoreau and Whitman but would not take shape in African American literature until the likes of W E B Du Bois and Langston Hughes took stock of Anglo European culture at the end of the nineteenth century *The Ideological Origins of African American Literature* illustrates a pattern of black writing that eschews the hegemonic white culture of the day for an evolving black culture that would define an American literary landscape **Du Bois and His Rivals** Raymond Wolters, 2002 W E B Du Bois was the preeminent black scholar of his era

He was also a principal founder and for twenty eight years an executive officer of the nation's most effective civil rights organization the National Association for the Advancement of Colored People NAACP Even though Du Bois was best known for his lifelong stance against racial oppression he represented much more He condemned the racism of the white world but also criticized African Americans for mistakes of their own He opposed segregation but had reservations about integration Today he would be known as a pluralist In *Du Bois and His Rivals* Raymond Wolters provides a distinctive biography of this great pioneer of the American civil rights movement Readers are able to follow the outline of Du Bois's life but the book's main emphasis is on discrete scenes in his life especially the controversies that pitted Du Bois against his principal black rivals He challenged Booker T Washington because he could not abide Washington's conciliatory approach toward powerful whites At the same time Du Bois's pluralism led him to oppose the leading separatists and integrationists of his day He berated Marcus Garvey for giving up on America and urging blacks to pursue a separate destiny He also rejected Walter White's insistence that integration was the best way to promote the advancement of black people Du Bois felt that American blacks should be full fledged Americans with all the rights of other American citizens However he believed that they should also preserve and develop enough racial distinctiveness to enable them to maintain and foster a sense of racial identity community and pride *Du Bois and His Rivals* shows that Du Bois stood for much more than protest against racial oppression He was also committed to pluralism and his pluralism emphasized the importance of traditional standards and of internal cooperation within the black community Anyone interested in the civil rights movement black history or the history of the United States during the early twentieth century will find this book valuable
