Roosevelt Harry S. Truman Winston Churchill Josef Stalin Charles de Gaulle and Chiang Kai-shek At those meetings Hap recorded the comments of the various participants His 12 diaries contain his own thoughts which range from being lost over the Himalayas to comforting the wounded as they were airlifted from the Normandy beaches He experienced an air raid in London and viewed the carnage in recently liberated Manila Arnold recorded his honest impressions from private meetings with King George VI in Buckingham Palace to eating from mess kits with his combat crews in the North African desert all while perceptively commenting on the many issues involved and assessing the people the culture and the surroundings This volume offers the best assessment we have of Hap as he survived four wartime heart attacks and continued to work tirelessly for proper recognition of airpower It will also continue my emphasis while Chief of Staff of the US Air Force on encouraging professional reading through making historical accounts available to personnel of the finest air force in the world a success achieved in large part because of Hap Arnold Ronald R.
