contact that human beings have with each other and with the cosmos Demonstrates that the increasing frequency and intensity of these experiences is evidence of a widespread spiritual resurgence Includes contributions by Alex Grey Stanislav Grof Stanley Krippner Swami Kriyananda Edgar Mitchell and others Knowing or feeling that we are all connected to each other and to the cosmos by more than our eyes and ears is not a new notion but one as old as humanity Traditional indigenous societies were fully aware of nonmaterial connections and incorporated them into their daily life The modern world however continues to dismiss and even deny these intangible links taking as real only that which is physically manifest or proved scientifically Consequently our mainstream culture is spiritually impoverished and the world we live in has become disenchanted In *The Akashic Experience* 20 leading authorities in fields such as psychiatry physics philosophy anthropology natural healing near death experience and spirituality offer firsthand accounts of interactions with a cosmic memory field that can transmit information to people without having to go through the senses Their experiences with the Akashic field are now validated and supported by evidence from cutting edge sciences that shows that there is a cosmic memory field that contains all information past present and future The increasing frequency and intensity of these Akashic experiences are an integral part of a large scale spiritual resurgence and evolution of human consciousness that is under way today [Akashic Records and Past Lives](#) Sergio Rijo, 2023-04-26 Discover the power of your past lives and unlock the secrets of the Akashic Records with this comprehensive guide *Akashic Records and Past Lives* offers a step by step approach to accessing the Akashic Records and exploring your past lives With clear guidance and practical tools this book provides readers with the tools they need to understand how their past lives can impact their present and future Through exploring their past lives readers will gain a deeper understanding of their soul's journey and the lessons they are meant to learn in this lifetime The book also offers guidance on how to integrate past life exploration into a spiritual practice including meditation and energy work *Akashic Records and Past Lives* is a must read for anyone seeking spiritual growth and personal transformation Whether you are new to the Akashic Records or have been exploring past lives for years this book provides valuable insights and practical tools for continued exploration This book will inspire and empower readers to unlock their full potential and live their best lives **Science and the Reenchantment of the Cosmos** Ervin Laszlo, 2006-01-12 Presents a revolutionary new theory that bridges the divide between science and spirituality Discloses the ramifications of non localized consciousness and how the physical world and spiritual experience are two aspects of the same reality Includes contributions from Jane Goodall Ed Mitchell Stanislav Grof Ralph Abraham and Christian de Quinzy among others What scientists are now finding at the outermost frontiers of every field is overturning all the basic premises concerning the nature of matter and reality The universe is not a world of separate things and events but is a cosmos that is connected coherent and bears a profound resemblance to the visions held in the earliest spiritual traditions in which the physical world and spiritual experience were both aspects of the same reality and man and the universe were one The findings that justify this new vision of the underlying

logic of the universe come from almost all of the empirical sciences physics cosmology the life sciences and consciousness research They explain how interactions lead to interconnections that produce instantaneous and multifaceted coherence what happens to one part also happens to the other parts and hence to the system as a whole The sense of sacred oneness experienced by our ancestors that was displaced by the unyielding material presumptions of modern science can be restored and humanity can once again feel at home in the universe

Energy Psychology Michael Mayer, Ph.D.,2011-06-14 Energy Psychology presents a comprehensive approach to healing that combines leading edge Western bodymind psychological methods with a broad system of ancient sacred traditions Incorporating Dr Mayer s integral approach called Bodymind Healing Psychotherapy Energy Psychology draws on Chinese medicine approaches including Qigong and acupressure self touch kabalistic processes methods drawn from ancient traditions of meditation and postural initiation and psycho mythological storytelling techniques Drawing on thirty years of training in Tai Chi and Qigong Dr Michael Mayer shows how integrating the essences of these traditions and methods can restore vitality and give the average person self healing tools for physical and mental health Unlike the quick fix books on energy restoration this book uses timetested age old practices from sacred traditions in combination with well established clinical approaches Dr Mayer teaches readers bodymind healing methods to treat anxiety chronic pain addictions hypertension insomnia trauma and other prevalent conditions Written in a clear intelligible style Energy Psychology includes real life case studies that highlight the effectiveness of his techniques
