Alastair Illustrated Of Decadence:

Grotesque and Performance in the Art of Aubrey Beardsley Evanghelia Stead, 2024-10-11 If I am not grotesque I am nothing This insightful study illuminates previously unexplored aspects of Aubrey Beardsley's relationship to the grotesque and his use of media particularly his manipulation of the periodical press For the first time and with keen intelligence Evanghelia Stead fully reveals the aesthetic importance of Beardsley's Bon Mots vignettes as well as the relationship between Darwinism his innovative foetus motif and Decadence itself Beautifully illustrated throughout the book calls on histories of culture and aesthetics to show how the artist reworked traditional imagery and manipulated it beyond recognition revealing for instance the influence of cathedral grotesques on Beardsley's own grotesque performances Stead also demonstrates his major impact on Italian French American and German creative minds through the periodical press Rich in original thought and detailed comparative analysis this book is an invigorating and enlightening read for scholars of Aubrey Beardsley as well as for anyone interested in nineteenth century visual culture art history art criticism print culture illustration grotesque iconography and cultural history The Oxford Handbook of Decadence Jane Desmarais, David Weir, 2022 The Oxford Handbook of Decadence provides the most thorough examination of decadence to date by exploring the ramifications of this culture in different times and places from ancient Rome to contemporary America Thirty five wide ranging chapters address decadence not only in literature but also in film fashion architecture and more as well as in such fields as theology science psychoanalysis philosophy and politics The Illustrated Gift Book, 1880-1930 Michael Felmingham, 1989 The history of book illustration is the story of a mechanical process releasing a great flowering of talent a revolution in which photomechanical methods of reproduction provided a medium for a new school of illustrators This book examines the methods and looks at the illustrators as well as their books describing their markets training techniques remuneration and professional and social lives It includes a chronologically arranged checklist of the illustrated books of over seventy artists ranging from Aubrey Beardsley Edmund Dulac Arthur Rackham Howard Pyle to the little known John Batten Vernon Hill Reginald Birch and Willy Pogany It also includes contributions made to the genre by female artists as Mabel Lucie Attwell Gwynedd Hudson Margaret Tarrant Millicent Sowerby Mary Wheelhouse and many others **Art Journal**, 1960 *Edinburgh Companion to Fin de Siecle Literature, Culture and the Arts* Josephine M. Guy, 2017-10-23 The late nineteenth century fin de siècle has proved an enduringly fascinating moment in literary and cultural history It is associated with the emergence of intriguing figures such as the new woman and uranian with contradictory impulses of decadence and decay on the one hand and of experiment and renewal on the other as well as with unprecedented intercultural exchange especially between Britain and France The 22 newly commissioned essays collected here re-examine some of the key concepts taken to define the fin de siècle while also introducing hitherto overlooked cultural phenomena into the frame such as the importance of humanitarianism The impact of recent research in material culture is explored particularly how the history of the book and

the history of performance culture is changing our understanding of this period A wide range of cultural activities is discussed from participation in avant garde theatre to interior decoration and from the writing of poetry to political and religious activism Together the essays provide new scholarly insights into British fin de si cle and enrich our understanding of this complex period while paying particular attention to the importance of regionalism Cassell's Encyclopedia of Queer Myth, Symbol, and Spirit Randy P. Conner, David Hatfield Sparks, Mariya Sparks, 1997 Did you know that in medieval French folklore a person might change sex by passing under a rainbow Or that same sex unions have been celebrated by peoples of the ancient Mediterranean Africa China and Indigenous America Or that Sappho da Vinci Emily Dickinson Nijinsky Benjamin Britten Mishima Adrienne Rich Audre Lorde Keith Haring Boy George and Derek Jarman number among those who have explored the spiritual dimension of gender and sexuality in their works While the terms many of us employ today to identify ourselves queer lesbian gay bisexual transgendered differ markedly from those of peoples of other times and places we are nevertheless the bearers of a rich spiritual history that has been ignored or suppressed a history encoded in sacred texts as well as in works of art music dance and other media Drawing upon religion mythology folklore anthropology history and the arts the Encyclopedia is a cornucopia of queer spirituality containing over 1 500 alphabetically arranged entries from Aakulujuusi to Zeus **The British National Bibliography** Arthur James Wells, 2000 *Designers International Index: A-K* Janette Jagger, 1991 **A Cultural History of Late Meiji Japan** Alistair Swale, 2023-11-30 Scholarship on Japan's development from the late nineteenth century to the early twentieth century has perhaps quite understandably been dominated by attention given to Japan's emergence as a world power through a succession of military conflicts and the burgeoning of a modern literary canon This book argues that the emergence of empire and high culture needs to be more thoroughly integrated with an awareness of popular culture in urban life a culture that at times exhibited a less than whole hearted enthusiasm for the trappings of civilization a culture that was in a sense decadent It integrates coverage of popular culture across diverse media and platforms accentuating the emergence of new modern forms that evolved from the inter relation between textual visual and performative traditions such as k dan and giday The commentary is seasoned with reference to contemporary narratives aiming to capture more on the street perceptions of momentous events such as war and natural disasters as well as the more arcane or curious media sensations of the moment These included expos s of scandalous conduct in high places new fads in popular entertainments and riveting stories of human interest whether it be crime or tragedies of modern urban living **Umbrella**, 1980 **Musics and Feminisms** Cate Poynton, Sally Macarthur, 1999 **Decadent Catholicism and the Making of Modernism** Martin Lockerd, 2020-07-23 Tracing the movement of literary decadence from the writers of the fin de si cle Oscar Wilde Aubrey Beardsley Ernest Dowson and Lionel Johnson to the modernist writers of the following generation this book charts the legacy of decadent Catholicism in the fiction and poetry of British and Irish modernists Linking the later writers with their literary predecessors Martin Lockerd

examines the shifts in representation of Catholic decadence in the works of W B Yeats through Ezra Pound to T S Eliot the adoption and transformation of anti Catholicism in Irish writers George Moore and James Joyce the Catholic literary revival as portrayed in Evelyn Waugh's *Brideshead Revisited* and the attraction to decadent Catholicism still felt by postmodernist writers D B C Pierre and Alan Hollinghurst Drawing on new archival research this study revisits some of the central works of modernist literature and undermines existing myths of modernist newness and secularism to supplant them with a record of spiritual turmoil metaphysical uncertainty and a project of cultural subversion that paradoxically relied upon the institutional bulwark of European Christianity Lockerd explores the aesthetic sexual and political implications of the relationship between decadent art and Catholicism as it found a new voice in the works of iconoclastic modernist writers *ABHB Annual Bibliography of the History of the Printed Book and Libraries* H. Vervliet, 1984-07-31 This twelfth volume of *ABHB Annual Bibliography of the History of the Printed Book and Libraries* contains 3333 records selected from some 2000 periodicals the list of which follows this introduction They have been compiled by the National Committees of the following countries Italy Australia Austria Luxembourg Belgium The Netherlands Poland Bulgaria Canada Portugal Denmark Rumania Finland South Africa France Spain German Democratic Republic Switzerland German Federal Republic USA Great Britain USSR Hungary Yugoslavia Ireland Republic of Spain and Latin America have partially been covered through the good offices of an American colleague Benevolent readers are requested to signal the names of bibliographers and historians from countries not mentioned above who would be willing to co operate to this scheme of international bibliographic collaboration The editor will greatly appreciate any communication on this matter Subject As has been said in the introduction to the previous volumes this bibliography aims at recording all books and articles of scholarly value which relate to the history of the printed book to the history of the arts crafts techniques and equipment and of the economic social and cultural environment involved in its production distribution conservation and description Of course the ideal of a complete coverage is nearly impossible to attain However it is the policy of this publication to include missing items as much as possible in the forthcoming volumes The same applies to countries newly added to the bibliography *Camp* Philip Core, 1984 *Camp* style in behaviour clothing artistic output or emotions has never been properly explored or defined Jean Cocteau as camp a figure as Paris has ever produced said in *Vanity Fair* in 1922 I am a lie that tells the truth This paradox is the basis of Philip Core's personal definitions of camp seen from the inside His savagely witty depictions of more than two centuries of camp find it embodied in personalities and places objects and artefacts He has written a who's who and a what's what of camp a deceptively descriptive and factual lexicon allowing the reader to build up a kaleidoscopic picture of camp through the ages It is complemented with 150 photographs and a vivacious foreword by England's foremost authority on surrealism eccentric behaviour and hats jazz singer George Melly From publisher description *The Romantic Movement* David V. Erdman, 1982

Thomas Lowinsky Monica Bohm-Duchen, 1990 **Empire and the Animal Body** John Miller, 2014-10-01 *Empire and*

the Animal Body Violence Identity and Ecology in Victorian Adventure Fiction develops recent work in animal studies eco criticism and postcolonial studies to reassess the significance of exotic animals in Victorian adventure literature Depictions of violence against animals were integral to the ideology of adventure literature in the late nineteenth and early twentieth centuries However the evolutionary hierarchies on which such texts relied were complicated by developing environmental sensitivities and reimaginations of human selfhood in relation to animal others As these texts hankered after increasingly imperilled areas of wilderness the border between human and animal appeared tense ambivalent and problematic

Oscar Wilde and Classical Antiquity Kathleen Riley, Alastair Blanshard, Iarla Manny, 2018 Few authors of the Victorian period were as immersed in classical learning as Oscar Wilde Although famous now and during his lifetime as a wit aesthete and master epigrammist Wilde distinguished himself early on as a talented classical scholar studying at Trinity College Dublin and Oxford and winning academic prizes and distinctions at both institutions His undergraduate notebooks as well as his essays and articles on ancient topics reveal a mind engrossed in problems in classical scholarship and fascinated by the relationship between ancient and modern thought His first publications were English translations of classical texts and even after he had left Parnassus for Piccadilly antiquity continued to provide him with a critical vocabulary in which he could express himself and his aestheticism an intellectual framework for understanding the world around him and a compelling set of narratives to fire his artist's imagination His debt to Greece and Rome is evident throughout his writings from the sparkling wit of society plays like *The Importance of Being Earnest* to the extraordinary meditation on suffering that is *De Profundis* written during his incarceration in Reading Gaol *Oscar Wilde and Classical Antiquity* brings together scholars from across the disciplines of classics ancient history English literature theatre and performance studies and the history of ideas to explore the varied and profound impact that Graeco Roman antiquity had on Wilde's life and work This wide ranging collection covers all the major genres of his literary output it includes new perspectives on his most celebrated and canonical texts and close analyses of unpublished material revealing as never before the enduring breadth and depth of his love affair with the classics

Europe and Asia beyond East and West Gerard Delanty, 2006-10-03 This major new book tackles key questions on Europe in the context of shifting parameters of East and West The contributors sociologists anthropologists philosophers and historians show from a variety of different perspectives that the conventional equation of Europe with the West must be questioned Featuring four thematically organized chapters the book looks at a post Western world Asia in Europe encounters in history between Europe and Asia otherness in Europe and Asia Exploring new expressions of European self understanding in a way that challenges recent ideological notions of the clash of civilizations this outstanding work draws on recent scholarship that shows how Europe and Asia were mutually linked in history and in contemporary perspective It argues that as a result of current developments and the changing geopolitical context both Europe and Asia have much in common and that it is possible to speak of cosmopolitan links rather than clashes This book will be of great

value to students and researchers in the fields of sociology European politics and history and cultural theory
