Weitz, 2010-10-29 What began as a neighborhood party during the summer of 1942 led to the largest mass murder trial in California's history After young Jose Diaz was found murdered near Los Angeles Sleepy Lagoon reservoir 600 Mexican

Americans were rounded up by the police 24 were indicted and 17 were convicted But thanks to the efforts of crusading lawyers Hollywood celebrities and Mexican Americans throughout the nation all 17 convictions were thrown out in an appellate decision that cited lack of evidence coerced testimony deprivation of the right to counsel and judicial misconduct Mark Weitz chronicles the Sleepy Lagoon case *People v Zammora* from the streets of the L A s Mexican American neighborhoods to the criminal courts through the appeals process and to the ultimate release of the convicted In the process Weitz opens a window on the uneasy world of Hispanic Anglo relations which exacerbated by an influx of Mexican immigrants had simmered beneath the surface in California for a century and reached the boiling point by 1942 By demonstrating how an environment of hostility and fear had fostered a breakdown in the legal protections that should have been afforded to the Sleepy Lagoon defendants Weitz also illuminates a vital episode in the evolution of defendants rights including the right to counsel and a fair and impartial trial As the case unfolded the prosecution and local media drew ominous comparisons between the supposed dangers posed by the Mexican American defendants and the threat allegedly posed by thousands of Japanese Americans whose sympathies had been called into question after Pearl Harbor Weitz shows how Zammora demonstrates what it is like to literally be tried in the court of public opinion where the opinion has been shaped before the trial even begins Now as Americans once again feel threatened by outsiders whether Islamic jihadists or illegal immigrants Zammora provides a mirror showing us how we acted then compared to how we respond now While much of what occurred in 1942 L A was unique to its time and place Weitz s compelling narrative shows that many of the social political and culture issues that dominated America then are still with us today *Who is Killing the Great Capes of Heropa?* Andrez Bergen,2013-09-27 Heropa A vast homogenized city patrolled by heroes and populated by adoring masses A pulp fiction fortress of solitude for crime fighting team the Equalizers led by new recruit Southern Cross a lifetime away from the rain drenched dystopic metropolis of Melbourne Who then is killing the great Capes of Heropa In this paired homage to detective noir from the 1940s and the 60s Marvel age of trail blazing comic books Andrez Bergen gloriously redefines the mild mannered superhero novel Hearings United States. *Odysseys Home* Mapping African Canadian Literature is a pioneering study of African Canadian literary creativity laying the groundwork for future scholarly work in the field Based on extensive excavations of archives and texts this challenging passage through twelve essays presents a history of the literature and examines its debt to and synthesis with oral cultures George Elliott Clarke identifies African Canadian literature's distinguishing characteristics argues for its relevance to both African Diasporic Black and Canadian Studies and critiques several of its key creators and texts Scholarly and sophisticated the survey cites and interprets the works of several major African Canadian writers including Andr Alexis Dionne Brand Austin Clarke Claire Harris and M Nourbese Philip In so doing Clarke demonstrates that African Canadian writers and critics explore the tensions that exist between notions of universalism and black nationalism liberalism and conservatism These tensions are revealed in the literature in what Clarke argues to be paradoxically uniquely Canadian and proudly apart from a mainstream national identity Clarke has unearthed vital but previously unconsidered authors and charted the relationship between African Canadian literature and that of Africa African America and the Caribbean In addition to the essays Clarke has assembled a seminal and expansive bibliography of texts literature and criticism from both English and French Canada This important resource will inevitably challenge and change future academic consideration of African Canadian literature and its place in the international literary map of the African Diaspora
