Classic American Popular Song David Jenness, Donald Velsey, 2014-02-04 *Classic American Popular Song The Second Half Century 1950 2000* addresses the question What happened to American popular song after 1950 There are numerous books available on the so called Golden Age of popular song but none that follow the development of popular song styles in the second half of the 20th century While 1950 is seen as the end of an era the tap of popular song creation hardly ran dry after that date Many of the classic songwriters continued to work through the following decades Porter was active until 1958 Rodgers until the later 1970s Arlen until 1976 Some of the greatest lyricists of the classic era continued to do outstanding and successful work Johnny Mercer and Dorothy Fields for example continued to produce lyrics through the early 70s These works could be explained as simply the Golden Age s last stand a refusal of major figures to give in to a new reality But then how can we explain the outstanding careers of Frank Loesser Cy Coleman Jerry Herman Jerry Bock and Sheldon Harnick Fred Kander and John Ebb Jule Styne Alan Jay Lerner and Frederick Loewe and several other major figures Where did Stephen Sondheim come from For anyone interested in the development of American popular song and its survival this book will make fascinating reading *The American Popular Ballad of the Golden Era, 1924-1950* Allen Forte, 1995 In this pathbreaking book Allen Forte uses modern analytical procedures to explore the large repertoire of beautiful love songs written during the heyday of American musical theater the Big Bands and Tin Pan Alley Covering the work of such songwriters as Jerome Kern Irving Berlin Cole Porter George Gershwin Richard Rodgers and Harold Arlen he seeks to illuminate this extraordinary music indigenous to America by revealing its deeper organizational characteristics In so doing he aims to establish it as a unique corpus of music that deserves more intensive study and appreciation by scholars and connoisseurs in the broader fields of American popular music and jazz Expressing much of the traditional tonality associated with European music in the eighteenth and nineteenth centuries the love songs of the Golden Age are shown to draw on a rich variety of elements popular harmony idiomatic lyric writing and Afro American dance rhythms His analyses of such songs as Embraceable You or Yesterdays in particular exemplify his ability to convey the sublime unpretentious simplicity of this great music *American Popular Song* Alec Wilder, 2022 Composer Alec Wilder s *American Popular The Great Innovators 1900 1950* is widely recognized as the definitive book on American popular song In this volume which achieved immediate praise and recognition upon its publication Wilder discusses some 800 songs from the American Songbook offering a composer s insight accessible music analysis as well as his strong personal biases Nearly fifty years later this classic study has received a much needed revision While leaving Wilder s colorful prose and brazen opinions intact language style and musical nomenclature have been updated to reflect current usage The musical examples mostly remain but piano score has been replaced with lead sheet notation melody chords and lyrics Rhythmic notation has also been adjusted to follow present day norms Additionally a final chapter has been added which includes more than fifty songs that were not in

the original seeking to achieve greater representation for women and African American composers as well as including several of Wilder's own songs

Follies, Orchestrations by Jonathan Tunick, Part 1 Stephen Sondheim, Jonathan Tunick, Jon Alan Conrad, This edition presents Jonathan Tunick's orchestrations of Stephen Sondheim's musical Follies in full score Follies is set in 1971 the year of its creation at a reunion of the fictional Weismann Follies on the eve of their theater's destruction This scenario gives Sondheim who wrote both music and lyrics the opportunity to create what amounts to two interlocking scores One explores the thoughts and interactions of the guests the music often revealing the lies behind their words The other recalling the Follies performances of decades earlier allows Sondheim to evoke the words and music of Irving Berlin Cole Porter and many other popular songwriters from the interwar period The show culminates in a series of fantasy production numbers that unite past and present displaying each of the four principals in his or her own folly using materials evocative of the past to suggest the pain behind popular entertainment and the dangers of nostalgia Publishing the music in full score a rarity for musicals allows a full appreciation of both its detail and Jonathan Tunick's orchestrations This edition is published by permission of Round Hill Carlin previously Carlin America Inc

The

American Song Book Philip Furia, Laurie Patterson, 2016 The American Song Book Volume I The Tin Pan Alley Era is the first in a projected five volume series of books that will reprint original sheet music including covers of songs that constitute the enduring standards of Irving Berlin Jerome Kern the Gershwins and other lyricists and composers of what has been called the Golden Age of American popular music These songs have done what popular songs are not supposed to do stayed popular They have been reinterpreted year after year generation after generation by jazz artists such as Charlie Parker and Art Tatum Ella Fitzgerald and Louis Armstrong In the 1950s Frank Sinatra began recording albums of these standards and was soon followed by such singers as Tony Bennet Doris Day Willie Nelson and Linda Ronstadt In more recent years these songs have been reinterpreted by Rod Stewart Harry Connick Jr Carly Simon Lady GaGa K D Laing Paul McCartney and most recently Bob Dylan As such these songs constitute the closest thing America has to a repertory of enduring classical music In addition to reprinting the sheet music for these classic songs authors Philip Furia and Laurie Patterson place these songs in historical context with essays about the sheet music publishing industry known as Tin Pan Alley the emergence of American musical comedy on Broadway and the talkie revolution that made possible the Hollywood musical The authors also provide biographical sketches of songwriters performers and impresarios such as Florenz Ziegfeld In addition they analyze the lyrical and musical artistry of each song and relate anecdotes sometimes amusing sometimes poignant about how the songs were created The American Songbook is a book that can be read for enjoyment on its own or be propped on the piano to be played and sung

Same Old Song John Paul Meyers, 2024-03-26 Popular music and its listeners are strongly associated with newness and youth Young people can stay up late dancing to the latest hits and use cutting edge technology for listening to and sharing fresh music Many young people incorporate their devotion to new artists and styles into their own developing personalities However if popular music is a genre meant for the youthful what are listeners to make of the widespread sampling of music from decades old R B tracks sold out anniversary tours by aging musicians retrospective box sets of vintage recordings museum exhibits and performances by current pop stars invoking music and images of the past In Same Old Song The Enduring Past in Popular Music John Paul Meyers argues that these phenomena are part of what he calls historical consciousness in popular music These deep relationships with the past are an important but underexamined aspect of how musicians and listeners engage with this key cultural form In chapters ranging across the landscape of twentieth and twenty first century music Meyers finds indications of historical consciousness at work in multiple genres Rock music canonizes its history in tribute performances and museums Jazz and pop musicians cover tunes from the Great American Songbook Hip hop and contemporary R B singers invoke Black popular music from the 1960s and 1970s Examining the work of influential artists like Ella Fitzgerald Bob Dylan Miles Davis Kanye West Prince D Angelo and Janelle Mon e Meyers argues that contemporary artists homage to the past is key for understanding how music lovers make meaning of popular music in the present

The ^ASongs of Hollywood Philip Furia, Laurie Patterson, 2010-04-07 The Songs of Hollywood tells the

story of how songs have been presented in film not just in musicals but in dramatic films as well from the earliest talkies down to the present While most songs have been done as performances by characters portraying singers who thus have a realistic excuse to sing because they are rehearsing or performing for a Broadway show another convention for presenting songs as integral spontaneous expression of what a character feels at a particular dramatic moment gradually emerged in the early 1930s and flourished through the 1950s The Poets of Tin Pan Alley Philip Furia, Laurie J. Patterson, 2022 From the turn of the century to the 1960s the songwriters of Tin Pan Alley were synonymous with American popular music Irving Berlin Cole Porter George and Ira Gershwin Rodgers and Hart even today these giants remain household names their musicals regularly revived their methods and styles analyzed and imitated and their songs the bedrock of jazz and cabaret In this new edition of The Poets of Tin Pan Alley authors Philip Furia and Laurie Patterson offer a unique perspective on these great songwriters showing how their poetic lyrics were as important as their brilliant music in shaping a golden age of American popular song Furia and Patterson continue the tradition of great perception and understanding established in the first edition as they explore the deft rhymes inventive imagery and witty solutions these songwriters used to breathe new life into rigidly established genres They devote full chapters to such greats as Irving Berlin Lorenz Hart Ira Gershwin Cole Porter Oscar Hammerstein II Howard Dietz E Y Harburg Dorothy Fields Leo Robin and Johnny Mercer They also offer a comprehensive survey of other lyricists who wrote for the sheet music industry Broadway Hollywood and Harlem nightclub revues This was the era that produced The New Yorker Don Marquis Dorothy Parker and E B White and the book places Tin Pan Alley lyrics firmly in this fascinating historical context In these pages the lyrics emerge as an important element of American modernism as the lyricists like the great modernist poets took the American vernacular and made it sing

George Manahan Music Director American Composers Orchestra David Schiff points us forward observing that Ellington's music asks us to see with our ears and hear with our eyes Writing as a composer and scholar he has a gift for making complex ideas strikingly clear His insights move across a huge terrain of twentieth century culture as he builds bridges in his musical and cultural analysis where many have not seen a connection Yet each musical work each artist is given his or her equal due In this sense he has met the spiritual and cultural challenge of Ellington's life work Marty Ehrlich Composer Instrumentalist Associate Professor of Improvisation and Contemporary Music Hampshire College

Ira Gershwin Philip Furia, 1997-07-24 To the perennial question which comes first the music or the words Ira Gershwin always responded the contract The jest reveals both Ira's consummate professionalism and the self-effacing wit with which he ducked the spotlight whenever possible Yet the ingeniously inventive melodies George Gershwin composed for such classic songs as Someone to Watch Over Me Embraceable You Fascinating Rhythm It Ain't Necessarily So and Love is Here to Stay live on in no small part because of the equally unforgettable lyrics of Ira Gershwin lines crafted with a precision that earned him the sobriquet The Jeweller among his Broadway peers In *Ira Gershwin The Art of the Lyricist* the older and less flamboyant of the Gershwin brothers at last steps out of the shadows to claim his due as one of American songwriting's most important and enduring innovators Philip Furia traces the development of Ira Gershwin's lyrical art from his early love of light verse and Gilbert and Sullivan through his apprentice work in Tin Pan Alley to his emergence as a prominent writer for the Broadway musical theater in the 1920s Furia illuminates his work in satirical operettas such as *Of Thee I Sing* and *Strike Up the Band* the smart little revues of the 1930s and his contributions to the opera *Porgy and Bess* After describing the Gershwin brothers' brief but brilliant work in Hollywood before George's sudden death work that produced such classics as *They Can't Take That Away From Me* and *Let's Call the Whole Thing Off* Furia follows Ira's career through such triumphs as *Lady in the Dark* with Kurt Weill *Cover Girl* with Jerome Kern and *A Star is Born* with Harold Arlen Along the way Furia provides much insight into the art of the lyricist and he captures the magic of a golden era when not only the Gershwins but Irving Berlin Cole Porter Jerome Kern Oscar Hammerstein II Gertrude Lawrence Fred Astaire and other luminaries made the lights of Broadway and the Hollywood screen shine brighter than ever before From his first major success the now classic *The Man I Love* 1924 to his last great hit *The Man That Got Away* 1954 Ira Gershwin wrote the words to some of America's most loved standards In *Ira Gershwin The Art of the Lyricist* Philip Furia illuminates the craft behind this remarkable achievement to reveal how Gershwin took the everyday speech of ordinary Americans and made it sing
