The Weiser Concise Guide to Aleister Crowley Richard Kaczynski, 2009-04-01 Shrouded in mystery and misunderstanding Aleister Crowley is one of the 20th century's most revered occult figures With The Weiser Concise Guide to Aleister Crowley readers are given a careful comprehensive overview of Crowley's life from

poet to practicing magician as well as his life's work including the basic principles and rituals of his magical practices Set aside your preconceptions and dismiss the rumors Crowley was certainly a complex controversial and colorful man but the truth is far more interesting than the legend The Weiser Concise Guide to Yoga for Magick Nancy Wasserman,2025-09-12 Yoga today connotes many images and ideas from holy men on a high mountaintop to throngs of young women toting designer mats Yoga meaning union is actually a many layered discipline designed to help an individual attain health serenity focus and ultimately union with the Divine Aleister Crowley was one of the first Europeans to practice yoga and believed the practice was essential to spiritual growth stating that Magick is a Pyramid built layer by layer The work of the Body of Light with the technique of Yoga is the foundation of the whole This succinct and uniquely helpful book explores the frequently overlooked importance of bringing a healthy body and a clear thinking mind to the practice of ceremonial magick or Wicca While many books on magick discuss the importance of ritual almost none point to the physical spiritual and moral quality necessary to make those rituals effective Spiritual power demands physical health and the contemporary western practitioner can learn much from the ancient tradition of yoga *Occult Experiments in the Home* Duncan Barford,2010-05-31 Using occultism to understand the paranormal sounds like diluting water or burying earth but in this thoughtful and unusual book Duncan Barford draws on a deep familiarity with modern magick to provide a valuable toolbox of concepts for exploring the relationship between consciousness and the paranormal Writing in an accessible and humorous style Barford examines intriguing first hand accounts of poltergeists telepathy communication with the dead religious phenomena and astral projection The essence of his unique exploration is that the paranormal does not happen only to special people and on rare occasions In fact to experience the paranormal we need simply turn our attention to the nature of our consciousness itself The Secrets of Masonic Washington James Wasserman,2008-11-26 Esoteric symbols abound in Washington D C This illustrated guidebook provides a walking tour of the Masonic sites and symbols of the national capital and will be welcomed by students of esoteric symbolism as well as fans of Dan Brown's novels and the National Treasure movies *The Templars and the Assassins* James Wasserman,2001-04-01 An examination of the interactions of the Christian Knights Templar and their Muslim counterparts the Assassins and of the profound changes in Western society that resulted Restores the reputation of the secret Muslim order of the Assassins disparaged as the world's first terrorist group Dispels many myths about the Knights Templar and provides the most incisive portrait of them to date A thousand years ago Christian battled Muslim for possession of a strip of land upon which both their religions were founded These Crusades changed the course of Western history but less known is the fact that they also were the meeting ground for two legendary secret societies The Knights Templar and their Muslim counterparts the Assassins In *The Templars and the Assassins* The Militia of Heaven occult scholar and secret society member James Wasserman provides compelling evidence that the interaction of the Knights Templar and the Assassins in the Holy Land transformed the Templars from the Pope's private

army into a true occult society from which they would sow the seeds of the Renaissance and the Western Mystery Tradition Both orders were destroyed as heretical some seven hundred years ago but Templar survivors are believed to have carried the secret teachings of the East into an occult underground from which sprang both Rosicrucianism and Masonry Assassin survivors known as Nizari Ismailis flourish to this day under the spiritual leadership of the Aga Khan Wasserman strips the myths from both groups and penetrates to the heart of their enlightened beliefs and rigorous practices delivering the most probing picture yet of these holy warriors
