Reconstruction Era Kelly King Howes, Lawrence W. Baker, 2005 This book covers the political and social aspects of Reconstruction including carpetbaggers and scalawags amnesty for white Southerners Black Codes attempts to restore the old order in the South and much more **The Reconstruction Years** Walter Coffey, 2014-01-31 From the ashes of the most terrible war in American history began the agonizing process of restoring the Union that became known as Reconstruction Like the War Between the States itself Reconstruction lasted longer and produced more tragedy than ever anticipated This work explores the era s important events in a year by year digest These events reflect the unintended and tragic consequences of excessive government intervention in the liberties of the people They also illustrate how such intervention has helped transform America from a constitutional republic to the centralized empire that it is today Key events that shaped both Reconstruction and subsequent American history include The subjugation of former Confederates through the military and corrupt state governments followed by the subjugation of former slaves through Jim Crow laws The new alliance between business and government which introduced the crony capitalist economic system that flourishes today The rise of organized labor women s suffrage and other special interest groups seeking recognition The political intrigues and unprecedented scandals that undermined the people s trust in government The westward expansion that encroached on the land of Native Americans and virtually annihilated their way of life The complex Reconstruction era laid the groundwork that would establish America as a world power by the beginning of the 20th century The fundamental and permanent changes that both the Civil War and Reconstruction brought to America are explored as well as how such changes have posed a threat to individual freedom ever since As a resource guide to a vital yet often misunderstood era in American history this is essential reading [The Texas Almanac, 1857-1873](#) ,1967 One of the most complete reference books ever compiled **Railroads, Reconstruction, and the Gospel of Prosperity** Mark Wahlgren Summers, 2014-07-14 This book describes the southern Republicans post Civil War railroad aid program the central element of the Gospel of Prosperity designed to reestablish a vigorous economy in the devastated South Conceding that race and Unionism were basic issues Mark W Summers explores a neglected facet of the postwar era the attempt to build a new South and a biracial Republican majority through railroad aid Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **American Reference Books Annual** Bohdan S. science and engineering **Cubans in the Confederacy** Phillip Thomas Tucker, 2002-05-10 The role of Cubans in the American Civil War is seldom appreciated This work is the first to provide a close look at the often distinguished services they performed Although Cubans are recorded in the rosters of both Union and Confederate forces Cuban ties with the Confederacy were particularly strong partly because Cuban patriots fighting for liberation from Spain tended to identify with the Southern cause as a revolutionary struggle This work will focus on the biographies of three Cubans who served the Confederate army in the War Between the States Darryl E Brock offers a detailed portrait of Jos Agust n Quintero who served as the South s most effective diplomat Michel Wendell Stevens writes on Ambrosio Jos Gonzales who rose to the rank of colonel and served some of the Confederacy s best known generals Finally Richard Hall provides an intimate sketch of Loreta Janeta Velazquez a soldier and spy for the Confederacy who infiltrated as a double agent the operations of Northern spymaster Lafayette C Baker **Reconstruction Era Reference Library Cumulative Index** Lawrence W. Zelnik, 2025-01-07 How humor helped white men cast the United States as a nation in which only they were entitled to citizenship A joke is never just a joke not even in the eighteenth century In American Laughter American Fury Eran A Zelnik offers a cultural history of early America that shows how humor among white men served to define and construct not only whiteness and masculinity but also American political culture and democracy more generally Zelnik traces the emerging bonds of affinity that white male settlers in North America cultivated through their shared transformative experience of mirth This humor a category that includes not only jokes but also play riot revelry and mimicry shaped the democratic and anti elitist sensibilities of Americans It also defined the borders of who could participate in politics notably excluding those who were not white men While this anti authoritarian humor transformed the early United States into a country that abhorred elitism and class hierarchies ultimately the story is one of democratization gone awry this same humor allowed white men to draw the borders of the new nation exclusively around themselves Zelnik analyzes several distinct forms of humor to make his case tall tales Indian play Black dialect riot and revelry revolutionary protests and blackface minstrelsy This provocative study seeks to understand the vexing contradictory interplay among humor democracy and violence at the heart of American history and culture that
