Altering States Ethnographies Of Transition In Eastern Europe And The Former Soviet Union:

Altering States Daphne Berdahl, Matti Bunzl, Martha Lampland, 2000 Analyzes the social and cultural aspects of transition Everyday Postsocialism in Eastern Europe Jill Massino, Markus Wien, 2024-09-15 The collapse of state socialism ushered in dramatic political and economic change producing new freedoms and opportunities but also new challenges and disappointments Focusing on laborers professionals youth women sexual minorities foreign students and emigrants *Everyday Postsocialism in Eastern Europe* explores these multifaceted changes and people's varied experiences of them The featured narratives complicate hegemonic representations of transformation revealing ruptures and continuities progress and reversals Highlighting the multi directionality of change over the last thirty years the book reappraises 1989 as an epochal event for all

The Post-communist Condition Aleksandra Galasińska, Dariusz Galasiński, 2010 This volume offers interdisciplinary perspectives on discourses in one national context of post communist transformation Proposing a macro micro approach to discourse analysis and transformation it examines a spectrum of topics including Polish history with its interpreters changes in political bodies and the media policies of the Catholic Church and the Institute of National Remembrance xenophobia and anti-Semitism with the emergence of unemployment and homelessness experiences of new gender relations and migrations In effect drawing upon unique sets of data the book shows how post communist transformation can be understood through analyses of the changing public and private discourses It shows Polish post communism as a fragile and uneasy transformation with people and institutions struggling to make sense of it and of life within it The volume will be of interest to a broad range of social scientists discourse analysts sociologists modern historians and political scientists as well as to the informed lay public

Everyday Islam in Post-Soviet Central Asia Maria Elisabeth Louw, 2007-05-09 Providing a wealth of empirical research on the everyday practise of Islam in post Soviet Central Asia this book gives a detailed account of how Islam is understood and practised among ordinary Muslims in the region focusing in particular on Uzbekistan It shows how individuals negotiate understandings of Islam as an important marker for identity grounding for morality and as a tool for everyday problem solving in the economically harsh socially insecure and politically tense atmosphere of present day Uzbekistan Presenting a detailed case study of the city of Bukhara that focuses upon the local forms of Sufism and saint veneration the book shows how Islam facilitates the pursuit of more modest goals of agency and belonging as opposed to the utopian illusions of fundamentalist Muslim doctrines

Sexuality in Europe Dagmar Herzog, 2011-08-18 This original book brings a fascinating and accessible account of the tumultuous history of sexuality in Europe from the waning of Victorianism to the collapse of Communism and the rise of European Islam Although the twentieth century is often called the century of sex and seen as an era of increasing liberalization Dagmar Herzog instead emphasizes the complexities and contradictions in sexual desires and behaviours the ambivalences surrounding sexual freedom and the difficulties encountered in securing sexual rights Incorporating the most recent scholarship on a broad range of conceptual

problems and national contexts the book investigates the shifting fortunes of marriage and prostitution contraception and abortion queer and straight existence It analyzes sexual violence in war and peace the promotion of sexual satisfaction in fascist and democratic societies the role of eugenics and disability the politicization and commercialization of sex and processes of secularization and religious renewal

Democracy Building and Civil Society in Post-Soviet Armenia

Armine Ishkanian, 2008-03-26 This book considers the challenges of building democracy in post Soviet Armenia and the role of civil society in that process It argues that contrary to the expectations of Western aid donors who promoted civil society assuming that democratisation would follow automatically democratic regimes have failed to materialise

Postcommunism from Within Jan Kubik, Amy Linch, 2013-08-26 While the decline of communism in the late twentieth century brought democracy political freedom and better economic prospects for many people it also produced massive social dislocation and engendered social problems that were far less pronounced under the old regimes The fall of state socialism led to enormously complex political economic social and cultural transformations and while political liberalization was a lofty goal it was neither uniform in its effects nor unqualified in its benefits *Postcommunism from Within* foregrounds the diversity of the historical experiences and current realities of people in the postcommunist region in examining how they are responding to these monumental changes at home The original essays in this volume lay out a bold new approach to research on the postcommunist region and to democratization studies more broadly that focuses on the social and cultural microprocesses behind political and economic transformation Thematic essays by eminent scholars of postcommunism from across the social sciences are supported by case studies to demonstrate the limitations of current democratization paradigms and suggest ways of building categories of research that more closely capture the role of vernacular knowledge in demanding creating and adapting to institutional change A novel approach to understanding one of the greatest political and social transformations in recent history *Postcommunism from Within* explores not just how citizens respond to political and economic restructuring engineered at the top but also how people enact their own visions of life politics and justice by responding to daily challenges

The Routledge Handbook of Sexuality in East Central Europe Agnieszka

Kościańska, Anita Kurimay, Kateřina Lišková, Hadley Z. Renkin, 2025-04-10 This handbook provides an overview of scholarly research on sexuality in East Central Europe for both students and academics focusing on the Czech Republic Hungary Poland and Slovakia from the late nineteenth century to the present The collection is organized into eight sections covering major areas of research including non normative sexualities family marriage and kinship race ethnicity and nationalism birth health and reproduction religion sex work and mobility violence and sex education The chapters highlight the breadth and depth of current scholarship on the region past and present The contributions present cutting edge research treating each of the East Central European countries on its own terms and contextualizing sexual meanings practices and dynamics in relation to the specific ways they have been shaped experienced represented and contested in the lives of people across

these territories In doing so the book underscores the differences in the region s trajectories of sexuality and sexual politics from those of not only the West but also Russia USSR and former Yugoslavia across the long twentieth century Written by a multidisciplinary team of international experts The Routledge Handbook of Sexuality in East Central Europe is an ideal resource for scholars of European history gender studies anthropology and sociology

Buddhists, Shamans, and Soviets Justine B. Quijada,2019 Buddhists Shamans and Soviets examines indigenous post Soviet religious revival in the Republic of Buryatia through the lens of Bakhtin s chronotope Comparing histories from Buddhist shamanic and civic rituals Quijada offers a new lens for analyzing ritual and an innovative approach to the ethnographic study of how people know their past

Capitalism and Democracy in Central and Eastern Europe Grzegorz Ekiert,Stephen E. Hanson,2003-09-15 This volume presents a shared effort to apply a general historical institutionalist approach to the problem of assessing institutional change in the wake of communism s collapse in Europe It brings together a number of leading senior and junior scholars with outstanding reputations as specialists in postcommunism and comparative politics to address central theoretical and empirical issues involved in the study of postcommunism The authors address such questions as how historical legacies of the communist regime be defined how their impact can be measured in methodologically rigorous ways and how the effects of temporal and spatial context can be taken into account in empirical research on the region Taken as a whole the volume makes an important contribution to the growing literature by utilizing the comparative historical method to study key problems of world politics

Making the New Post-Soviet Person Jarrett Zigon,2010 The post Soviet years have widely been interpreted as a period of intense moral questioning debate and struggle Despite this claim few studies have revealed how this moral experience has been lived and articulated by Russians themselves This book provides an intimate portrait of how five Muscovites have experienced the post Soviet years as a period of intense refashioning of their moral personhood and how this process can only be understood at the intersection of their unique personal experiences a shared Russian Soviet history and increasingly influential global discourses and practices The result is a new approach to understanding everyday moral experience and the processes by which new moral persons are cultivated

Democratization and Gender in Contemporary Russia Suvi Salmenniemi,2008-05-20 This book examines civic activism democratization and gender in contemporary Russian society It explores the role of state institutions in the development of democratic civic life showing how under the increasingly authoritarian Putin regime and its policy of managed democracy independent civic activism is both thriving yet simultaneously constrained

Social Inequalities and Discontent in Yugoslav Socialism Rory Archer,Igor Duda,Paul Stubbs,2016-03-31 Socialist countries like Yugoslavia garnered legitimacy through appealing to social equality Yet social stratification was characteristic of Yugoslav society and increased over the course of the state s existence By the 1980s the country was divided on socio economic as well as national lines Through case studies from a range of social milieux contributors to this volume seek to bring class back in to Yugoslav historiography exploring how theorisations of

social class informed the politics and policies of social mobility and conversely how societal or grassroots understandings of class have influenced politics and policy Rather than focusing on regional differentiation between Yugoslav republics and provinces the emphasis is placed on social differentiation and discontent within particular communities The contributing authors of these historical studies come from diverse disciplinary backgrounds linking scholarship from the socialist era to contemporary research based on accessing newly available primary sources Voices of a wide spectrum of informants are included in the volume from factory workers and subsistence farmers to fictional television characters and pop folk music superstars

The Ethnographic Self as Resource Peter Jeffrey Collins, Anselma Gallinat, 2010 An excellent collection of anthropological autobiographical essays focusing on the positionality and resource of the self in ethnography The essays are engaging and well written and remind me of some of those classic anthropological ethnographic collections interesting in their own right to read but also serving as a good teaching resource Amanda Coffey Cardiff University

Masquerade and Postsocialism Gerald W. Creed, 2011-01-24 Jacket Gendered Scenarios of Revolution Rosario Montoya, 2012-12-01 In 1979 toward the end of the Cold War era Nicaragua's Sandinista movement emerged on the world stage claiming to represent a new form of socialism Gendered Scenarios of Revolution is a historical ethnography of Sandinista state formation from the perspective of El Tule a peasant village that was itself thrust onto a national and international stage as a model Sandinista community This book follows the villagers story as they joined the Sandinista movement performed revolution before a world audience and grappled with the lessons of this experience in the neoliberal aftermath Employing an approach that combines political economy and cultural analysis Montoya argues that the Sandinistas collapsed gender contradictions into class ones and that as the Contra War exacerbated political and economic crises in the country the Sandinistas increasingly ruled by mandate as vanguard party instead of creating the participatory democracy that they professed to work toward In El Tule this meant that even though the Sandinistas created new roles and possibilities for women and men over time they upheld pre revolutionary patriarchal social structures Yet in showing how the revolution created opportunities for Tuleos to assert their agency and advance their interests even against the Sandinistas own interests this book offers a reinterpretation of the revolution's supposed failure Examining this community's experience in the Sandinista and post Sandinista periods offers perspective on both processes of revolutionary transformation and their legacies in the neoliberal era Gendered Scenarios of Revolution will engage graduate and undergraduate students and scholars in anthropology sociology history and women's and gender studies and appeal to anyone interested in modern revolution and its aftermath

The Global Encyclopaedia of Informality, Volume 2 Alena Ledeneva, 2018-01-17 Alena Ledeneva invites you on a voyage of discovery to explore society's open secrets unwritten rules and know how practices Broadly defined as ways of getting things done these invisible yet powerful informal practices tend to escape articulation in official discourse They include emotion driven exchanges of gifts or favours and tributes for services interest driven know how from informal welfare to

informal employment and entrepreneurship identity driven practices of solidarity and power driven forms of co optation and control The paradox or not of the invisibility of these informal practices is their ubiquity Expertly practised by insiders but often hidden from outsiders informal practices are as this book shows deeply rooted all over the world yet underestimated in policy Entries from the five continents presented in this volume are samples of the truly global and ever growing collection made possible by a remarkable collaboration of over 200 scholars across disciplines and area studies By mapping the grey zones blurred boundaries types of ambivalence and contexts of complexity this book creates the first Global Map of Informality The accompanying database www.informality.com is searchable by region keyword or type of practice so do explore what works how where and why Praise for Global Encyclopaedia of Informality The Global Informality Project unveils new ways of understanding how the state functions and ways in which civil servants and citizens adapt themselves to different local contexts by highlighting the diversity of the relationships between state and society The project is of great interest to policymakers who want to imagine solutions that are beneficial for all but sufficiently pragmatic to ensure a seamless implementation particularly in the field of cross border trade in developing countries Kunio Mikuriya Secretary General of the World Customs Organisation Brussels An extremely interesting and stimulating collection of papers Ledeneva's challenging ideas first applied in the context of Russia's economy of shortage came to full blossom and are here contextualized by practices from other countries and contemporary systems Many original and relevant practices were recognized empirically in socialist countries but this book shows their generality János Kornai Allie S Freed Professor of Economics Emeritus at Harvard and Professor Emeritus at Corvinus University of Budapest Alena Ledeneva's Global Encyclopedia of Informality is a unique contribution providing a global atlas of informal practices through the contributions of over 200 scholars across the world It is far more rewarding for the reader to discover how commonalities of informal behavior become apparent through this rich texture like a complex and hidden pattern behind local colors than to presume top down universal benchmarks of good versus bad behavior This book is a plea against reductionist approaches of mathematics in social science in general and corruption studies in particular and makes a great read as well as an indispensable guide to understand the cultural richness of the world Alina Mungiu Pippidi Professor of Democracy Studies Hertie School of Governance Berlin Transformative scholarship in method object and consequence Ledeneva and her networked expertise not only enable us to view the informal comparatively but challenge conventionally legible accounts of membership markets domination and resistance with these rich accounts from five continents This project offers nothing less than a social scientific revolution if the broader scholarly community has the imagination to follow through And by globalizing these informal knowledges typically hidden from view the volumes contributors will extend the imaginations of those business consultants movement mobilizers and peace makers who can appreciate the value of translation from other world regions in their own work Michael D Kennedy Professor of Sociology and International and Public Affairs Brown

University and author of *Globalizing Knowledge* Don't mistake these weighty volumes for anything directory like or anonymous This wonderful collection of short essays penned by many of the single best experts in their fields puts the reader squarely in the kinds of conversations culled only after years of friendship trust and with the keen eye of the practiced observer Perhaps most importantly the remarkably wide range of offerings lets us de-parochialise corruption and detach it from the usual hyper-local and cultural explanations The reader in the end is the one invited to consider the many and striking commonalities Bruce Grant Professor at New York University and Chair of the US National Council for East European and Eurasian Research **Women's Health in Post-Soviet Russia** Michele Rivkin-Fish, 2005-08-04 Russia's

maternal health crisis and postsocialist transition examined through ethnographic observation in clinics and hospitals Where the World Ended Daphne Berdahl, 1999-04-10 Focusing on the reunification of Germany this text asks what happens when a political and economic system collapses overnight It concentrates especially on how these changes have affected certain border zones of daily life including social organization gender and religion **Berlin, Alexanderplatz** Gisa Weszkalnys, 2010-05-01 A benchmark study in the changing field of urban anthropology Berlin Alexanderplatz is an ethnographic examination of the rapid transformation of the unified Berlin Through a captivating account of the controversy around this symbolic public square in East Berlin the book raises acute questions about expertise citizenship government and belonging Based on ethnographic fieldwork in the city administration bureaus developers' offices citizen groups and in Alexanderplatz itself the author advances a richly innovative analysis of the multiplicity of place She reveals how Alexanderplatz is assembled through the encounters between planners citizen activists social workers artists and ordinary Berliners in processes of popular participation and personal narratives in plans timetables documents and files and in the distribution of pipes tram tracks and street lights Alexanderplatz emerges as a socialist spatial exemplar a future under construction an object of grievance and a vision of robust public space This book is both a critical contribution to the anthropology of contemporary modernity and a radical intervention in current cross-disciplinary debates on the city
