Tim Kendall, 2024-09-25 The Second World War is now recognized as a watershed for British poetry. The changes that arose were masked for some time by the enormous power and shock of the conflict itself and by the restrictions on poetry publishing consequent on paper rationing and the general business of wartime. This anthology seeks to showcase not only the harrowingly beautiful poetry born from the conflict but also the radical changes to style and form that came from the epoch and altered the face of British poetry. Featuring generous selections of famous poets including Dylan Thomas, T S Eliot and W H Auden alongside works by civilians and soldiers, the collection offers a symphony of different voices all connected in their shared experience of the Second World War. Tim Kendall's introduction charts the history of the war poets' reception, explaining their relationship with their First World War predecessors and some of the reasons why they have never managed to reach such a wide audience. The work of each poet is prefaced with a biographical account which allows poems to be read in their historical context and every poem is annotated with date of composition, publication history and a gloss of words and allusions.

The Oxford Companion to Modern Poetry in English Jeremy Noel-Tod, Ian Hamilton, 2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot, Dylan Thomas and Carol Ann Duffy. Authoritative and accessible, it is a must have for students of English and creative writing as well as for anyone with an interest in poetry.

The Oxford Handbook of British and Irish War Poetry Tim Kendall, 2007-02-22 The Handbook ranges widely and in depth across 20th century war poetry, incorporating detailed discussions of some of the key poets of the period. It is an essential resource for scholars of particular poets and for those interested in wider debates. Contributors include some of the most important international poetry critics of our time.
