First Year, Worst Year Barbara A. Wilson, Michael John Wilson, 2005-08-05 When clinical psychologist Barbara Wilson was faced with the devastating loss of her adult daughter Sarah her professional skills were sorely tested How she her husband Mick and their family came to terms with their loss is detailed in *First Year Worst Year* a moving memoir of survival during and after bereavement Filled with photos of the Wilson family and their journey retracing the last moments of their daughter who perished in a rafting accident in Peru this book is a testament to the resilience of the human heart even after it has been broken

Rethinking Psychopathology Ivana S. Marková, Eric Chen, 2020-06-11 This book presents an original approach to the study of psychiatry that is based on a justified epistemological position which demands that both the natural and the human social sciences are necessary in developing our understanding Psychiatry as a medical specialism was constructed in the nineteenth century through the interplay of both the natural sciences and the human social sciences This interplay has created a hybrid discipline that spans biological and socio cultural historical domains which has raised challenges for its understanding and research This book focuses on one of the principal challenges how can we explore mental symptoms and mental disorders as complexes of neurobiology on the one hand and meaning on the other The chapters in this book dedicated to Germ n E Berrios founder of the Cambridge school of psychopathology tackles distinctive aspects of psychopathology or related areas By means of a combination of approaches chapters seek to unfold another element in our understanding of this field as well as raise new directions for its further study *Rethinking Psychopathology* is a valuable resource for clinical psychologists and psychotherapists psychological researchers historians of psychology cultural psychologists critical psychologists social scientists philosophers of psychology and philosophers of science

Cosmopolitanism in Mexican Visual Culture María Fernández, 2014-01-06 Since the colonial era Mexican art has emerged from an ongoing process of negotiation between the local and the global which frequently involves invention synthesis and transformation of diverse discursive and artistic traditions In this pathfinding book María Fernández uses the concept of cosmopolitanism to explore this important aspect of Mexican art in which visual culture and power relations unite the local and the global the national and the international the universal and the particular She argues that in Mexico as in other colonized regions colonization constructed power dynamics and forms of violence that persisted in the independent nation state Accordingly Fernández presents not only the visual qualities of objects but also the discourses ideas desires and practices that are fundamental to the very existence of visual objects Fernández organizes episodes in the history of Mexican art and architecture ranging from the seventeenth century to the end of the twentieth century around the consistent but unacknowledged historical theme of cosmopolitanism allowing readers to discern relationships among various historical periods and works that are new and yet simultaneously dependent on their predecessors She uses case studies of art and architecture produced in response to government commissions to demonstrate that established visual forms and meanings in

Mexican art reflect and inform desires expectations memories and ways of being in the world in short that visual culture and cosmopolitanism are fundamental to processes of subjectification and identity
