Big Friendship Aminatou Sow,Ann Friedman,2021-07-06 A close friendship is one of the most influential and important relationships a human life can contain Anyone will tell you that But for all the rosy sentiments surrounding friendship most people don t talk much about what it really takes to stay close for the long haul Now two friends Aminatou Sow and Ann Friedman tell the story of their equally messy and life affirming Big Friendship in this honest and hilarious book that chronicles their first decade in one another s lives As the hosts of the hit podcast Call Your Girlfriend they ve become known for frank and intimate conversations In this book they bring that energy to their own friendship its joys and its pitfalls Aminatou and Ann define Big Friendship as a strong significant bond that transcends life phases geographical locations and emotional shifts And they should know the two have had moments of charmed bliss and deep frustration of profound connection and gut wrenching alienation They have weathered life threatening health scares getting fired from their dream jobs and one unfortunate Thanksgiving dinner eaten in a car in a parking lot in Rancho Cucamonga Through interviews with friends and experts they have come to understand that their struggles are not unique And that the most important part of a Big Friendship is making the decision to invest in one another again and again An inspiring and entertaining testament to the power of society s most underappreciated relationship Big Friendship will invite you to think about how your own bonds are formed challenged and preserved It is a call to value your friendships in all of their complexity Actively choose them And sometimes fight for them
