Alan Shepard:

Light this Candle Neal Thompson, 2004 Ian Shepard was the brashest cockiest and most flamboyant of America's original Mercury Seven but he was also regarded as the best Intense colorful and dramatic the man who hit a golf ball on the moon he was among the most private of America's public figures and until his death in 1998 he guarded the story of his life zealously **Light This Candle** based on Neal Thompson's exclusive access to private papers and interviews with Shepard's family and closest friends including John Glenn Wally Schirra and Gordon Cooper offers a riveting action packed account of Shepard's life Among the first men to fly off aircraft carriers he was one of the most fearless test pilots He endured long separations from his devoted wife and three daughters to fly dangerous missions working his way up the ranks despite clashes with authority over his brazen flying maneuvers and penchant for risky pranks Hugely competitive he beat out John Glenn for the first Mercury spaceflight and then overcame a rare illness to return to space again on Apollo 14 He took every challenge head on and seemed to win every time Long overdue **Light This Candle** is a candid and inspiring account of a bold American life
