**Albania and the Albanians** M. Edith Durham, 2004-12-24 M Edith Durham is best known for her classic travel books about the Balkans However she was also a passionate articulate and well informed commentator on Balkan politics and the machinations of the Great Powers This book brings together articles and letters written by Durham which have been out of the public domain since their original publication in journals magazines and newspapers Written in Edith Durham's inimitable style the book delves beneath the surface of events and offers a compelling portrait of the continuing struggle for Albanian independence Although the materials in the book were written over sixty years ago they presage current events in the Balkans with an uncanny resonance The book will afford readers a remarkable insight into the historical origins of contemporary events in the Balkans I B Tauris in association with the Centre for Albanian Studies      **The Truth on Albania and the Albanians** Pashko Vasa, 1999      **The Truth on Albania and the Albanians** Pashko Vasa, Edward St. John Fairman, 1999      *The Albanians* Miranda Vickers, 2011-01-28 This is the first full account of a country that following decades of isolation has undergone unprecedented changes to its political system the collapse of communism the progression to multi party elections and the upheaval that followed the March 1997 uprising Miranda Vickers traces the history of the Albanian people from the Ottoman period to the formation of the Albanian Communist Party She considers the charismatic leadership of Enver Hoxha Albania's relationship with Tito and the alliance with the Soviet Union and then China and the long period of isolation Newly revised for this paperback edition *The Albanians* considers the gradual process of reform and the fragility of the Albanian experiment with democracy and includes a dramatic account of the days leading up to Sali Berisha's resignation of the presidency It has now been updated to cover the fight for independence in Kosovo and the progress of Albania's application to join the EU      *Albania and the Albanians, by Bertrand Bareilles, M. Bourchier, J S. Barnes, 1910      **The Search for Greater Albania** Paulin Kola, 2003 In this topical text Paulin Kola challenges the accepted notion that there is widespread support for a Greater Albania among the Albanian speaking peoples of the Balkans and argues that Albanians do not wish to join a single politically recognized entity He explains how the Albanians are marked by ideological religious and other divisions many of which were exacerbated by their differing reactions to nationalism as experienced in Tito's Yugoslavia and Hoxha's Albania      *Albania and the*

Albanians Derek R. Hall,1994 9 2 2 Oil and gas      Albania and the Albanians in the Annual Reports of the British and Foreign Bible Society, 1805-1955 David Hosaflook,2017      Albania and the Albanians in the Annual Reports of the British and Foreign Bible Society, 1805-1955 David Hosaflook,2017-11-14

The British and Foreign Bible Society was established in 1804 at the onset of an era of unprecedented Protestant missionary expansion across the globe Because the foundational pillar of Protestantism is Sola Scriptura the Bible alone is the final authority for faith and practice the first objective of Protestant missions was making the Bible available globally The Bible Society had a limited focus it would publish the text of the Scriptures alone without any accompanying notes or comments but an unlimited vision it aimed to publish Bibles in every language possible It was a massive privately funded nondenominational Christian organization that asked one essential question when contemplating whether or not to engage with a particular nation Do the people there have Bibles in their mother tongue that they can read for themselves In its first one hundred years the British and Foreign Bible Society translated printed or distributed Scriptures in an astounding 412 of the world s languages an average of four new languages per year Remarkably the Albanian language became a focus of the BFBS as early as 1816 just twelve years after the BFBS was established Albanian was approximately the twentieth project the BFBS undertook When the BFBS entered Albanian history there was no Albanian Bible or New Testament available to the people This is almost incredible when considering the many centuries of Roman Catholic and Eastern Orthodox Christian influence in Albanian territories The publication of an Albanian New Testament in 1827 was a triumph for the Albanian people and became a standard text for foreign linguists studying Albanian putting the language on the world s linguistic map Between 1827 and 1908 alone the British and Foreign Bible Society printed approximately 55 000 copies of the Albanian Scriptures in both Gheg and Tosk in twenty seven unique editions The society translated and published all the books of the New Testament and several books from the Old Testament Perhaps more significantly they took the initiative to distribute the books among the Albanian people amidst extremely harsh circumstances and the opposition of religious and political leaders Each year the BFBS printed a detailed annual report about its work all over the world The information in the reports was intended to be a condensed summary of the Society s work as reported by its workers The Albanians were first mentioned in the 1817 report and were mentioned in nearly every successive report until 1955 This resource is a compilation of material extracted from the annual reports about Albania and the Albanians but it also contains information about other nations insofar as such information assists readers to understand the context and progress of the Albanian work in the context of the Ottoman Balkans Because the BFBS began its work for the Albanian Bible at the beginning of the nineteenth century and continued working intensely until the communist era its reports are useful as a running historical commentary and chronology of Albanian conditions predating the Albanian National Awakening and extending well beyond Albania s emergence as an independent nation As demonstrated by the lengthy index in the back of this book the extracts herein contain information about a wide breadth of topics and will serve historians and

linguists as a fascinating reference work This book s primary value however is to readers who wish to understand the long and adventurous story of how the Albanians received and started reading the Bible in their own dialect and how something so simple became so significant to Albania s national cause A Dictionary of Albanian Religion, Mythology and Folk Culture Robert Elsie,2001 This dictionary makes available for the first time a broad range of knowledge unknown or little known to the western world and indeed much information that is now lost to present day Albanians As such it serves as a basic work of reference for readers and scholars specialising in the societies of the Balkans th study of religious and anthropology **The Albanians** Edwin E. Jacques,2012-03-21 Historically described as mysterious and xenophobic Albania and its people are little known to most westerners But they are near the center of age old explosive Balkan conflicts With the employment of Albanian French Italian and many other documentary sources the roots of Albanian civilization the struggle of the Albanians to maintain their cultural and linguistic integrity the impact of foreign influence on the country and its recent move toward democracy are all detailed here **Modern Albania** Fred C. Abrahams,2016-03 In the early 1990s Albania arguably Europe s most closed and repressive state began a startling transition out of forty years of self imposed Communist isolation Albanians who were not allowed to practice religion travel abroad wear jeans or read decadent Western literature began to devour the outside world They opened caf s companies and newspapers Previously banned rock music blared in the streets Modern Albania offers a vivid history of the Albanian Communist regime s fall and the trials and tribulations that led the country to become the state it is today The book provides an in depth look at the Communists last Politburo meetings and the first student revolts the fall of the Stalinist regime the outflows of refugees the crash of the massive pyramid loan schemes the war in neighboring Kosovo and Albania s relationship with the United States Fred Abrahams weaves together personal experience from more than twenty years of work in Albania interviews with key Albanians and foreigners who played a role in the country s politics since 1990 including former Politburo members opposition leaders intelligence agents diplomats and founders of the Kosovo Liberation Army and a close examination of hundreds of previously secret government records from Albania and the United States A rich narratively driven account Modern Albania gives readers a front row seat to the dramatic events of the last battle of Cold War Europe Albania Neil Olsen,2000 This outstanding series provides concise and lively introductions to countries such as Albania and the major development issues they face Packed full of factual information photographs and maps the guides also focus on ordinary people and the impact that historical economic and environmental issues have on their lives **Albania and the Albanians in the Annual Reports of the American Board of Commissioners for Foreign Missions, 1820-1924** David Hosaflook,2017-08-20 The American Board of Commissioners for Foreign Missions was America s first great Protestant missionary society and played a significant role in establishing the Albanian Evangelical Protestant Movement in the late 1800s a movement with both a religious and educational emphasis Each year the ABCFM held an annual meeting at a prominent city in America to discuss their progress all over the world

After the meeting they printed a detailed annual report with selected information The Albanians are first mentioned in these reports in passing in 1827 Again they are mentioned in 1852 and again in 1859 From 1872 1924 they are mentioned in nearly every successive report This resource is a compilation of portions from the ABCFM s annual reports concerning its work with Albanians The American missionaries efforts unfolded in the context of great political and social changes in the Ottoman Empire and the Balkans therefore this work also contains information about other nations insofar as such information assists readers to understand the evolution of missionary work among the Albanians As missionaries established their presence in a particular location and began working with a particular nationality they simultaneously set their sights on new locations and learned about peoples still uninformed about the Gospel They continually made tours to regions beyond their current locations and issued appeals for more funding and more laborers Their role model was the Apostle Paul who had heard a Macedonian call cf New Testament Acts 16 9 10 and who continually moved on to new areas such as Illyricum where the Gospel was not yet being preached Romans 15 19 20 With such a mindset it was only a matter of time before the American Board would discover the Albanian people begin writing about them and develop strategies to evangelize them In 1847 missionary statesman Elias Riggs mentioned the Albanians and lamented that Albanian Christians did not have their own liturgical language and were attending church services in ancient Greek This very circumstance he wrote has tended to rouse a feeling of nationality and a desire to cultivate their own language The nation feels the want of a language for the expression of religious ideas of which they can comprehend at least something The Albanian Protestant movement through its work in producing Albanian Bibles Albanian language development Albanian schools and Albanian preachers was perceived as an Albanianizing force that helped Albanians withstand attempts to see its territories fragmented and assimilated Initially the ABCFM s interest in the Albanian people developed indirectly under the auspices of its mission stations nearest to Albanian populated territories In 1873 the ABCFM sent American missionary families to Monastir Bitola and made contact with a young Albanian Gerasim Kyrias The missionaries mentored Kyrias and educated him in their schools in Monastir and Samokov Bulgaria The ABCFM also educated his brother George in Samokov and his sisters Sevasti and Paraskevi in Constantinople The Kyrias siblings were not only pioneers of the early Albanian Protestant movement but also pioneers of Albanian education especially female education In 1890 Gerasim was ordained as Albania s first Protestant preacher In 1891 Gerasim and Sevasti went to Kortcha and founded one of the first Albanian schools for girls That same year Gerasim founded the first Albanian Evangelical Church A year later an Evangelical Brotherhood was formed having as its sole object the development of the Albanian language and the extension of the knowledge of the Gospel This chronological overview is an important starting point for those seeking to understand the evolution of the American Board in the Ottoman Balkans and its contributions to Albania s language and culture

**A Concise History of Albania** Bernd J. Fischer, Oliver Jens Schmitt, 2022-09-29 A Concise History of Albania charts the history of Albania and its people within their Balkan and

European contexts It shows the country's journey from its ancient past still shrouded in mystery and controversy through its difficult transition from a particularly brutal form of communism to an evolving form of democracy and a market economy Bernd Fischer and Oliver Schmitt challenge some of the traditional narratives concerning the origins of the Albanians and the relations between Albanians and their Balkan neighbours This authoritative and up to date single volume history analyses the political social economic and cultural developments which led to the creation of the Albanian state and the modern nation as well as Albania's more recent experience with authoritarianism war and communism It greatly contributes to our understanding of the challenges facing contemporary Albanians as well as the issues confronting the region as a whole as it attempts to grapple with one of the last remaining significant ethnic issues in the Balkans Legacy and Change Robert Pichler, 2014 Since the demise of Communism Albanians have been extremely exposed to the forces of the liberal market economy and the turbulence of globalization No other country in this region of Europe has experienced such tremendous social and economic transformations The contributions in this book tackle important areas of change in Albania from both contemporary and historical perspectives The book focuses on the political legal and administrative dimensions on various effects of migration on changing family and kinship relations and on the transformation of gender positions Series Studies on South East Europe Vol 15 Subject Sociology European Studies Albania Studies Politics **Albanian Identities** Stephanie Schwandner-Sievers, Bernd Jürgen Fischer, 2002 The contributors to this study critically deconstruct Albanian myths and offer insights into Albanian history and politics They conclude with contemporary Albanian critiques of the origins and functions of Albanian politics and ideologies
