The Life of Albrecht Dürer of Nürnberg Mary Margaret Heaton, Mrs. Charles Heaton, Albrecht Dürer, 1881 **Albrecht Durer** Jane Campbell Hutchison, 2003-08-29 Hutchison's book is a complete guide on Durer and the research on his work his historical import and his aesthetic legacy Albert Durer William Bell Scott, 1869 Albrecht Dürer and His Legacy Giulia Bartrum, Günter Grass, Joseph Leo Koerner, Ute Kuhlemann, 2002 Albrecht Durer 1471-1528 was in a sense the first truly international artist The collection of his work in the British Museum is one of the best in the world This book shows how his sophisticated development of the techniques of woodcut and engraving introduced the idea of multiple images into fine art and thereby altered the history of printmaking The chronology of his career is traced from his early work in the medieval tradition of Martin Schongauer through the experience he acquired while living in Italy to his major print projects for the Holy Roman Emperor Maximilian I The book also examines Durer's influence at later periods from the obsessive interest in his work by collectors and artists during the late sixteenth century to the virtually iconic status he acquired amid the rise of German nationalism during the nineteenth century The Nobel winning German novelist Gunter Grass himself a printmaker contributes a subjective view of Durer's images from a twentieth century standpoint while other introductory essays by Giulia Bartrum Joseph Koerner and Ute Kuhlemann consider aspects of Durer's legacy through history The illustrations include all Durer's best known prints as well as numerous drawings and watercolours BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Albert Durer (His Life and Works)* Moriz Thausing, 2015-01-04 In this extended version of the Durer Art Life Book Preface as thoroughly versed in all matters connected with Durer and his art acting as the author's friend and so to say his representative has been kind enough to read through the proof sheets of the translation and make some very valuable suggestions and amendments All the illustrations contained in the German edition including the initial letters and tail pieces have been inserted and a few others added Especial care has been taken to render the Index worthy of so important a work In addition to the General Index a special one has been prepared in which under separate headings will be found lists of all Durer's pictures water colours drawings engravings woodcuts writings and miscellaneous productions described or referred to in the course of the following pages No exhaustive and critical account of

the life and works of Albert Durer has hitherto been placed before the English reading public The works of Mr W B Scott and Mrs Heaton the latter of whom has lately published a second edition of her book afford indeed useful and popular summaries of the results attained by German research but do not pretend to examine the career of the great artist from an independent point of view or to add anything to the student s knowledge of the subject Germany as was only natural has always taken the lead in rescuing from oblivion or obscurity all that could throw light on the life and career of one of her greatest sons and in assigning to him his high and well deserved position among the most famous masters of pictorial art Notwithstanding however all that had been done by various students and writers among whom should be especially mentioned Herr A von Eye who published his important work *Leben A Durers* in 1860 it was reserved for Dr Thausing to treat the subject in such a manner as practically to leave little more to be said about it either in respect of fact or theory Endowed with the God given diligence of his hero Dr Thausing whose position of Keeper of the Albertina at Vienna afforded him exceptional opportunities for the task has not only carefully examined the valuable collection Durer s works immediately under his care but also those contained in every known public and private collection comparing and analysing them with profound care and with the acutest critical insight assigning to each its chronological order its value as a work of art and the meaning which its author intended it to express He has further collated every existing original document bearing upon the history of Diirer his family his native place his friends and companions and his immediate coteremporaries
