Prophet, Elizabeth Clare Prophet, 1980-04      **Ancient Goddess Wisdom** Rae Chandran, 2024-11-05 We welcome you on this sacred journey of rediscovering the female goddesses with their feminine essences and wisdom Just as the goddesses played a role during ancient times they still play a role now Unfortunately over time their role has been diminished and as a result they have lost their prominence The terms goddess feminine power and shakti have been known for centuries They are mentioned in ancient scriptures all over the world in all civilizations Sometimes the female population was considered equal to the male population and shared practically every responsibility Sometimes the male population dominated and sometimes the female population dominated in the tribe kingdom or society All people carry the traits of the male and female energies but mostly we express the traits of our gender That does not mean that the other traits are not present It only means that generally in the male body male energy is dormant and vice versa Now that the consciousness of planet Earth is evolving it is time that both these energies are balanced Feminine energy is also an aspect of the Creator energy Like gods each goddess has a prominent quality as a master in a specific field and all gods and goddesses collectively support humanity to evolve to higher frequencies Rae was inspired to channel these goddesses and their guidance is provided in this book for the benefit of the people You can use simple modalities to connect with the goddesses to awaken specific qualities in you This will help you to evolve to a higher consciousness The goddesses
