Related Problems I. Rootman, National Institute on Alcohol Abuse and Alcoholism (U.S.), 1984 **Alcohol Research & Health** ,2002 *Community Prevention of Alcohol Problems* Marja Holmila, 1997-08-18 This book is an action research study of a community at work The community prevention project set the system in motion revealing its character and internal dynamics This process and its context are analyzed from a sociological point of view It is shown that the type of community prevention that really works and creates sustainable changes is neither value neutral nor given from above it adheres to reason rituals and emotions alike and requires subjective involvement of the people in the community *Alcohol and the Community* Harold D. Holder, 1998-03-05 This book first published in 1998 offers an ecological perspective of the community as an alternative approach to the prevention of alcohol related problems **Alcohol Abuse Among Women** United States. Congress. Senate. Committee on Labor and Public Welfare. Subcommittee on Alcoholism and Narcotics, 1976 **Report on Alcohol and Drug Abuse** United States. American Indian Policy Review Commission. Task Force Eleven, 1976

Preventing Problems Related to Alcohol Availability ,1999 **Research Awards Index** ,1979 From Science to Action? 100 Years Later - Alcohol Policies Revisited Richard Müller, Harald Klingemann, 2007-05-08 Alcohol has been central to social religious and personal use throughout the history Alcohol drinking goes back almost as far as the human race does A hundred years therefore may be seen as only a flash The past century however has witnessed a fundamental change in dealing with alcohol problems Hence to give an overview of a hundred years of alcohol policies is a rather ambitious task and the contributions to this book shed only some light on the way in which alcohol policy issues have changed in this period This authoritative volume is relevant to both scientists and policy makers providing a state of the art in alcohol policy from different perspectives covering both science research treatment and prevention practice and linking these areas

Research Grants Index National Institutes of Health (U.S.). Division of Research Grants, 1975 **Special Report to the U.S. Congress on Alcohol and Health from the Secretary of Health and Human Services** ,1997 *Special Report to the U.S. Congress on Alcohol & Health* ,1990 **Handbook of Drug Abuse Prevention** Zili Sloboda, William J. Bukoski, 2007-08-06 There are a number of reasons why this book is important First there is no one source that summarizes what we know about the prevention of substance abuse from the research field so the book serves as a repository of accumulated knowledge on prevention theory intervention design and development and prevention research methodology Second as an evolving field prevention science has only begun to assert itself in both the arenas of practice and policy The formation of the Society for Prevention Research in 1991 was the first recognition that a science of prevention existed and required a separate forum to present the rapidly growing content of the field for discussion and review Finally there is a need to establish a baseline a reference point against which progress in the field of prevention science can be assessed This book serves all of these purposes The idea for this book grew from the observation in the early 1990s that after decades of attempts to develop effective interventions to prevent drug use among children and adolescents in the United States that we

were finally having success particularly in addressing the initiation of use These successes are the result of research that has provided a better understanding of the factors and processes associated with the onset of substance use Alcohol and Health Louis W. Sullivan,1997 The Special Reports to the U S Congress on Alcohol and Health describe current alcohol related research findings that let us know that we are making progress and that help us to develop a vision for the future Covers alcohol abuse and alcoholism epidemiology genetics and environment neuroscience medical consequences fetal alcohol syndrome and other effects of alcohol on pregnancy outcome adverse social consequences diagnosis and assessment of alcohol use disorders prevention early and minimal intervention and treatment Extensive charts and tables Catalog of Federal Domestic Assistance ,1971 Identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs
