Alcoholism and Its Treatment in Industry Carl J. Schramm, 1977 USA Monograph on alcoholism in industry contains a literature survey and an evaluation of statistical tables with special reference to occupational health and discusses social implications and treatment programmes References **Prevention, Intervention; and Treatment**, 1982

Royce, 1996 Alcoholism: A Review of its Characteristics, Etiology, Treatments, and Controversies Irving Maltzman, 2012-12-06 Alcoholism A Review of Its Characteristics Etiology Treatment and Controversies provides an accurate picture of the current state of research and treatment effectiveness in the field of alcoholism Using compelling evidence Irving Maltzman describes how the field has been distorted by the behavior therapy approach A distinguished experimental psychologist at the University of California Los Angeles Professor Maltzman has written a comprehensive important work marked by incisive argument Alcoholism is an excellent reference for academics as well as professionals working in addictions treatment *Understanding and Treating Alcoholism* Jill Littrell, 2014-01-02 There seems to be an abundance of factual information regarding alcoholism what causes it who is most susceptible how it affects its victims and how it should be treated However a definitive source of data supporting or refuting the numerous and diverse positions was never available Thus the goal of the author is to provide professionals with a solid understanding as to which factual statements about alcoholism are actually supported with evidence and some of the empirically validated ways to proceed with treatment Major methods of treatment are reviewed and empirically based approaches are compared and contrasted with one another Different and sometimes new focal points are explored such as the disease concept of alcoholism family members of alcoholics personality characteristics and effects of alcoholism exclusive to women Also notable is the nearly unprecedented look into the impact of alcohol on all types of mood and behavior rather than just on aggression a topic long since exhausted A comprehensive review of literature complemented with critiques of research this two volume set is a thorough informative source of reference for anyone who seeks to further their knowledge of this often misunderstood yet unfortunately all too common phenomenon Alcoholism Treatment Rebirth Kenneth Anderson, 2025-03-30 This book covers the alcoholism treatment facilities established between the Repeal of Prohibition in 1933 and 1956 when it is erroneously believed that the American Medical Association declared alcoholism to be a disease This book blows out of the water the myths that AA invented the disease theory that Hazelden invented treatment that everyone flocked to Hazelden to learn how to do treatment and that AA convinced the American Medical Association to declare alcoholism to be a disease This book shows how the scholars at Yale University created a coast to coast science based alcoholism treatment industry in the 1940s and 1950s This book further demonstrates how Hazelden and its close ally the Johnson Institute hijacked this science based

alcoholism treatment industry in the 1960s and 1970s and replaced it with one based on mysticism and faith healing These are the events which have led to the current divorce of addiction treatment from addiction science This book also chronicles the rebirth of pre Prohibition secret aversion treatments in the hands of new entrepreneurs such as HALCO Laboratories and the Samaritan Institutions and shows how Shadel Sanitarium turned these nostrums into legitimate scientific medicine This book also covers the Salvation Army Volunteers of America and other faith based programs Finally this book shows how AA groups set up AA indoctrination programs in general hospitals throughout the country starting in the 1930s Kenneth Anderson is an extremely important voice on addiction penetrating original and deeply wise Johann Hari author of Chasing the Scream **Occupational Alcoholism Programs Bibliography** National Clearinghouse for Alcohol Information,1980
