Faster, Higher, Stronger, Comrades! Tim Harte, 2020-07-07. The revival of the Olympic games in 1896 and the subsequent rise of modern athletics prompted a new energetic movement away from more sedentary habits. In Russia, this ethos soon became a key facet of the Bolsheviks' shared vision for the future. In the aftermath of the revolution, glorification of exercise persevered, pointing the way toward a stronger, healthier populace and a vibrant Socialist society. With interdisciplinary analysis of literature, painting, and film, *Faster, Higher, Stronger, Comrades!* traces how physical fitness had an even broader impact on culture and ideology in the Soviet Union than previously realized. From prerevolutionary writers and painters glorifying popular circus wrestlers to Soviet photographers capturing unprecedented athleticism as a means of satisfying their aesthetic ideals, the nation's artists embraced sports in profound, inventive ways. Though athletics were used for doctrinaire purposes, Tim Harte demonstrates that at their core, they remained playful, joyous physical activities capable of stirring imaginations and transforming everyday realities.

Call it North Country John Bartlow Martin, 1986. From Back Cover: This is a newspaperman's history of the Upper Peninsula. Intrigued by the place name Michigamme, Martin and his wife stopped there on their wedding trip in 1940 and became enchanted with the Upper Peninsula. Out of that attraction came more visits, a string of interviews, and a series of tales told by miners, loggers, hunters, and trappers. Originally published in 1944, it is a collection of nineteen lively stories told in convenient chunks for quick reading. Detroit Free Press: The passage of time provides a better test of the quality of a book than litmus paper does of the acidity of a solution. This book was originally written in 1944 by one of our most powerful documentary authors. *Call it North Country* reads like a novel. If you're a history buff, it reads better than a novel. This book could not be written today. The witnesses to the development of upper Michigan would be missing, and twice or thrice told tales would lose much detail and
